Our Service Record

QMAHA High School has cause to be exceedingly proud of its Service record. The call to arms was answered by over eight hundred alumni, nine faculty members, and twenty-one students. In the Service Flag, eleven stars are crossed with the silver bar for those who have returned to school, and eighteen stars are changed to gold, for those who gave their lives. It is with a great deal of respect and reverence that Central High School now folds and lays away its Service Flag, the honored record of its part in the Great War. ☞ ☞ ☞ ☞

OF all the graduates of Central High School and of the boys who left us to join the service, we will especially remember these four, who after months of active service returned to their work at Central High School. ☺ ☺ ☺

ROBERT KUTAK

ROBERT KUTAK entered the service in May, 1917. He was sent to El Paso where he was assigned to Company E, 16th Regiment of Infantry. After one month's service with the Island Guard Border Patrol Camp there, he entrained for Hoboken and embarked on the transport "Havana", arriving in France late in June. He was with the troops which paraded in Paris on the Fourth of July. After training for four months at Gondrecourt, Meuse, he made his first trip to the trenches. The lines were raided two days later and it was in this attack that Gresham, Enright, and Hay, the first American soldiers to give their lives to their country, were killed. Kutak was a member of the grave-digging detail and of the firing squad. His next trip to the trenches was made to the Toul "Sector" in January. In April he was transferred to Picardy. Soon after the taking of Cantigny he was wounded and sent to a French Hospital. He received wounds in seven places: the little finger of his left hand was amputated, his right arm was broken, and he received two wounds on his right hip, one on his right leg, and one across the abdomen. On his return to the States he passed thru Base Hospitals 27, 8, 69, and 65. He sailed from Brest in November, landed at Newport News, and was assigned to General Hospital No. 2 at Baltimore. In December he received his discharge.

CLYDE CASE

CLYDE CASE enlisted in the Navy in May, 1917. He trained for three months at the Great Lakes Naval training Station and for four months at the Harvard Radio School. In March, 1918, he embarked and on arriving overseas was assigned to the U. S. Naval Barracks at Queenstown, Ireland, where he remained until August. He was discharged from the Naval Hospital at Norfolk, Virginia, in October.

War Work

NOW that the war is over we have time to reflect on how thoroughly patriotic Omaha High School was during the year. Not once did she lag, although often-times great sacrifices had to be made. In fact, we may well be proud of our record. Teachers and pupils labored together untiringly for the great cause. How could our Allies help but win the war when they heard how Omaha High School was backing them?

Let us take up the work accomplished in surgical dressings. During the last year alone, 20,500 dressings were made. Classes formed voluntarily made this total so large. Daily, girls were busy under the direction of Miss Browne or women sent from the Red Cross Headquarters. Much credit is due Miss Browne for her faithful work and successful management.

The greatest drive during the war was the Victory Drive for the United War Work Fund in November, 1918. The following figures speak for themselves in showing our high standard:

Subscribed by Girls.....	\$3,921.65
Subscribed by Boys.....	3,276.58
Subscribed by Teachers and Janitors..	1,089.50
Total - - - - -	<u>\$8,287.73</u>

In the next month, December, came the Junior Red Cross Drive. Again O. H. S. came through with flying colors. We had a hundred per cent record.

Subscribed.....	\$436.05
-----------------	----------

In April of 1919 the Camp Fire Girls of High School remembered our promise of the year before to support five French War Orphans. In line with their law, "Be trustworthy," they saw that our promise must not be broken. As a consequence they arranged a program in which our own war heroes took part. Robert Kutak, Clyde Case, Louis Rockwell and Carle Dimond gave good talks. Lieutenant Allan Tukey was also kind enough to tell of his experiences. The Camp Fire Girls sang and gave an inspiring Council Fire. The free will offering was taken then, and once again on the following day. The result was highly gratifying.

First Day.....	\$135.62
Second Day.....	146.54
Total - - - - -	<u>\$282.16</u>

Last, we must mention the good work of the High School Band, which marched in every parade.

Class of 1919

T WAS the late fall of 1918. Old Judge Funkhouser, with the aid of his cane, hobbled down the platform and seated himself on a bench in front of the air station to watch for the four o'clock plane, as was his daily custom. Beside him sat an old man whose countenance appeared vaguely familiar. The Judge peered around into the stranger's face, then with amazement written all over his white whiskers, he exploded:

"Don Pillsbury, as I live!"

The old man turned slowly around, saying sedately, "The right Reverend Pillsbury Ph. D., P. D. Q., sir" but when he saw the beaming face of the Judge, he clapped him on the shoulder, and shouted,

"Russ!"

And then they settled down to talk about High School and the good old class of '19, both talking at once.

"Have you seen any of the old class lately?" inquired Pillsbury.

"Well, now," began the old Judge, scratching his bald pate thoughtfully, "I saw Virg Northwall the other day. He has a farm down here some miles, and gave me a lift on his potato wagon. We got to talking about that show—the Road Show we gave that last year. It sure was the best one ever given at O. H. S. Gee up, Napoleon, it looks like rain."

"Yes," broke in Donald, chuckling, "I was in it. Had to dust off chairs or something. Remember the bayonet drill first thing in the show? Given by some of the Cadet Battalion. Some military system we had there at school. General Moore was lieutenant colonel then, wasn't he, and a fine one he made, too."

"But say, Don, we had some real military men in that class of ours. Remember Robert Kutak and all those other Great War Veterans who came back to graduate with us? We sure were mighty proud to have them in the class. The girls did their part toward winning the war too. Remember how pretty they looked in those Red Cross suits, or whatever you call them, sewing away on bandages?"

"And listen, Russ, our class lived up to its standards in all those war drives—Red Cross, Liberty Loans, United War Drive, and all the others which Jo Marple used to manage so well. Took us Seniors to put 'em across."

"Say, by the way, Judge, I met Ralph Kharas the other day on my way through New York. He's editor of the biggest paper there now, you know. Got his start on that line in little old O. H. S., didn't he, editing our Register. Some paper we had that year. Best one ever! Everybody said so."

"Jean Kennedy was assistant editor, wasn't she, Don? Mighty fine girl. Never will forget that Girls' Number she edited with my little picture in the back as mascot."

"Ralph used to be a good debater too. Our class gave star debaters to the team all through High School."

"Yes, sure, but we used to have a good deal to do with winning debates, ourselves, by our hefty applause. Say boy, remember, how we used to yell at football and basketball games? That's another line in which our class shone."

"My dear Russell, do you recollect how Hammy used to wield the mallet at Senior class meetings? I can see him now, standing there on the platform in 215 madly trying to bring to order a peppy, rambunctious bunch of Seniors. And then Miss Towne would get up and make some announcements in her sweet way. Can't you just see her? We surely had splendid class teachers to steer the class safely through the Senior play and commencement time. That Senior play was a bully one! Happy made a fine hero, but the leading lady! Jean Burns was some actress!"

"She was that, Donald. And even though we did graduate on Friday the thirteenth, it certainly has turned out lucky for everyone of us as far as I know. We all——"

The buzz of the approaching airplane interrupted him. The Reverend seized his hat and baggage and hopped into the immense plane as it dropped gracefully to the ground. But just as it was rising, and pointing its nose toward the sky the old man leaned out and, waving his hat vigorously, shouted back to his feeble friend,

"Three cheers for Omaha High School and the class of '19!"

E. A. '19.

AN it be possible that you don't recognize yon group of High School students? Why they're the leaders of the school, our Junior class officers, the representatives of the class of '20. We Juniors are full of pep. For three years we have been doing things in a quiet, appropriate, undergraduate way. Now at the brink of the fourth year we stand ready and prepared to assume the full leadership and guidance of the things of which in our former years we were content to be mere cogs. Let us now take a brief resume of our past, which perhaps will augur our future.

A glance at the school honor roll reveals it very similar to the Junior class roster. One Junior, Edwin Robertson, secured five A's, thereby setting as high a scholastic plane for our Omaha High School as any class would wish. Beatrice Cosmey, Mildred Dunham, Marie Eichorst, Helen Fowler, Edith Hodges, Virginia Leussler, Ruth Sunderland, Jack Bittinger, William Finney, Rheinhold Hennig, Cecil Simmons and Wendall Wilson also received all A's. In mental ability the Junior class is certainly above the average. And yet the Junior class is not merely brainy. Our mental ability is just one of the components that goes to make a successful class.

The mere mention of football recalls to our memory the work of Captain Logan, Moser, Ayres, Turner, Campbell and Harper. With a team built around these veterans our football future gives rare promise and visions of a Missouri Valley championship once more. Again, with the opening of the basketball season, the Juniors showed their ability. No one will deny that in Logan and Swoboda, our first team had players of exceptional ability. Our Junior class team developed some mighty good material for next year. With the revival of baseball, the Juniors again composed the nucleus of the team. Gathering impetus in athletics as the season rolled on, who but the Juniors won the inter-class track meet. Swoboda maintained the name of the Junior class by winning individual honors. With Swoboda, Downs, Logan, Moser and Holmquist living up to their reputation next year that they are making now, the Juniors eagerly await the next Missouri Valley track meet.

Having set such a fine record in athletics and scholarship it was natural that Juniors constituted over one-half the debate team. With White, McKie and Grimes expounding their doctrines under the able coaching of Lt. Himstead (a Junior class teacher, by the way) and with "Pa" Woolery (the other Junior class teacher) as the official debate chairman, we expect only success in debate next year.

The success of next year's dramatics is assured. "Abbu San of Old Japan" given by the Student Club revealed Virginia Davis, Helen Bolshaw, Dorothy Johnson, Orpha Travis, Margaret Falconer, and Lydia Flesher as actresses of no mean ability. The Glee Club's play "Uncle Sam's Boys in Camp" displayed conclusively the talent of Edward Hall and Frederic Carey. The Road Show evidenced the ability of Holmquist, Vinsonhaler and Campbell as artists of the stage.

A glimpse of our military organization reveals more capable Juniors in the roles of non-commissioned officers. Their poise, personality, pep, and knowledge clearly proves that our battalion is improving. To these men the success of our Road Show program was due, for it was these Juniors who obtained the ads.

Judging from their record in school activities, one might think that the Juniors are too busy for social times. The Junior prom certainly disproves that. In every event of this kind you will find the Juniors composing a prominent part.

And we must not forget our Junior girls—the Seniors can't. In addition to their many endearing qualities they are real American girls, full of fun, pep and brain, always out for a good time, yet managing to excel in their lessons too.

Watch us. We're not boasting. In our third year in O. H. S. we have developed a finer, deeper, and truer school spirit, we have the talent and enthusiasm, and with these qualities we are going to carry on the glorious tradition of the past and increase the prestige of our old O. H. S.

The Class of 1921

Theorem:—If the Sophomore class has a good outlook, write it up.

Given:—The Sophomore class.

To Prove:—The Class of 1921—a bright and intelligent class.

Proof:—THE ROAD SHOW:—

(Girls' ticket selling committee under Alice Turney came in sixth place) + (boys' committee under Crawford Follmer came in fourth) + (Marcia Follmer sold the most tickets) + (Stuart Edgerly, the original jizzer)—school pep.

CADETS:—

Twenty Sophomore boys hold the office of corporal in our invincible army—the source of a snappy bunch of officers.

STUDENT COUNCIL:—

(Constance Perley) + (Gladys Lowry) + (Stuart Edgerly) + (Crawford Follmer)—our class represented in the council by examples of ourselves, smart and intelligent.

SCHOLARSHIP:—

The number of A's approaching ∞ (this sign means infinity for those who have forgotten geometry. Sophomores never forget) as its limit—our natural brightness.

ATHLETICS:—

(The girls' basketball team has not shown up to the best of its ability, because of the want of practice this year, but it has a fine chance of championship next year) + (boys' track team with Doane, the champion runner, Pratt, Swenson, Carmichael, and Earl Perkins, the captain) + (the boys' basketball team upheld by Frank Doane and Ralph Laverty)—a prize winning set of athletes.

ADDING:—

(Pushers of the road show) + (cadet corporals) + (student council members) + (number of A's) + (participants in athletics) = (school pep) + (source of a snappy bunch of officers) + (our smart and intelligent representatives) + (our natural brightness) + (a wonderful bunch of athletes) (if equals be added to equals, the results are equal).

Substituting the whole for the sum of its parts:—

(Pushers of the road show) + (cadet corporals) + (student council members) + (number of A's) + (participants in athletics)—the bright, intelligent, wonderful class of 1921.

Class of 1922

WE ARE the Freshmen. Short months ago we were the esteemed eighth graders. Then we dreamed vaguely of High School, but now we are here. To us is given the Torch of Honor to carry through our coming years. If we do not hold it high, our Honor, as well as the Honor of O. H. S., is lost. But we shall hold it high. Our prospects for accomplishing this great deed are very promising.

In athletics we have Voris Moser and James Ingwersen, who will probably be football stars. Voris Moser evidently has a determined ambition to follow in the footsteps of his illustrious brothers. James Ingwersen, by the way, was one of the chairmen on the Freshmen ticket selling committee for the Road Show. Polly Robbins was the other chairman, and together they made a very favorable showing for the Freshmen. Although the basket ball team of the Class of 1922 did not win this year, there seems to be some good material that only needs developing. Cortes Kelley especially seems to be good. The first team evidently thought so, for they adopted him as mascot. There are a lot of good trackmen among the Freshmen, but most of them don't care to go out the first year, according to the captain, Carl Dimond.

The Class of 1922 is distinguishing itself on the studious side of High School too. Of the seven students making 5 A's, two, Mildred Cohn and Sam Samuelson, are Freshmen. Many others, too numerous to mention here, are getting 4½, 4, 3½, and 3 A's.

We can not talk of our military ability yet, but with this new organization of the Regiment, we ought to be able to work far ahead of the point at which the military affairs now stand.

Freshmen rush in where Seniors, Juniors, and Sophomores fear to tread. Have you ever seen a Freshman making his way through a crowd? That's the way we're going to make our way through or over all obstacles. You may think that every Freshman attending this school has a different object in view, but if you had the supernatural power to look below the surface, you would see that they are all working for one object, the Honor and Improvement, if possible, of old O. H. S.

In Memoriam

WE LOOK back over the past year with mixed feelings. There is a righteous pride in our accomplishments, a joy in remembering the good times which have slipped by so swiftly, and a bit of regret in thinking of the things that are over. And also, as we look back, comes a deep sorrow because of those who have left us. We cannot, for their sakes, wish them back; but we cannot fail to mourn their loss.

Miss Mary Alice Landis succumbed to pneumonia on December 20, 1918. She had been connected with our High School for many years as a teacher of German and of French. Little need be said of her charming personality and sincere friendship—those whose privilege it was to know her remember them all too keenly.

Miss Ina Sackett, the second to leave us, died of influenza at Fort Moultrie, where she was doing clerical work for the government. Although the government called her before she had taught at High School for any length of time, those associated with her in any way, either as fellow teachers or as pupils, had learned to admire her greatly, and to love her still more.

THE COMMISSIONED OFFICERS

The Battalion

THE Military Department, although it has passed through a difficult stage in its career, has gloriously upheld the honorable traditions and high standards set by former Regiments. Although hampered by the "flu" vacation and by a late spring, and reduced to a condition of uncertainty, it has shown itself more than ever to be the mainstay of school life. The changing of the regiment to a battalion has strengthened its prestige beyond measure, besides giving the organization drill advantages of purely technical nature. Lieutenant Himstead, our Commandant, was responsible for the swift and efficient change. Lieutenant Himstead is an officer of exceptional merit and ability, under whom it has been a pleasure to work, and who by his personal influence and enforcement of rigid discipline has developed a Cadet unit equal to or better than any in previous years.

The Cadet Officers' Club, by its influence, helped to build up the excellent morale of the commissioned officers and consequently the cadets in the ranks. To the club is due the unusual interest in school affairs and athletics shown by the student body and by the military personnel. The club has been one of the factors in the development of the spirit of co-operation and interest among the officers.

The non-commissioned officers, through their hearty co-operation and willingness, greatly simplified the problems of instruction, and helped greatly in progress.

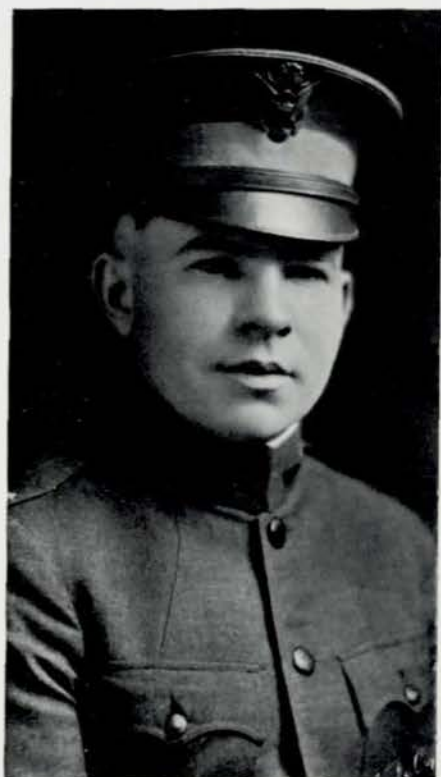

The present commissioned officers received the Cadet unit with its years of traditions, and succeeded in advancing its development with rapid strides. High schools in cities much larger than Omaha have tried cadet systems and failed. The battalion has proved itself a moulding influence of school life in Central High School. It now ranks equal to any cadet organization in any public high school in the United States.

The officers of 1918-1919 turn over to their successors a Battalion upon which is pressed the stamp of their diligent effort. They have seen the quickening results and the shaping influence of their endeavors and are convinced that with support and a proper attitude the rewards of the future will be unlimited. They will be backing, in spirit, every battalion to the utmost. May the battalion of 1919-1920 profit by the mistakes of previous years, may the faults be corrected, and may it keep the high standards on an upward trend, ever rising.

Commissioned Officers' Club—1919

THE Cadet Officers' Club was formed for the purpose of boosting the school and any school activities that needed backing. The members of this year's club have faithfully carried out the purpose for which the club was founded and in spite of many obstacles the club has had a successful year. The Influenza epidemic and the great World War did a great deal toward "putting the rollers" under the school spirit, but the Officers' Club stuck together and fought an uphill fight to preserve Central's spirit. The fact that they succeeded in doing so was shown in this year's C. O. C. Road Show. The Show was bigger and better than ever and the attendance was far better than was expected. It was a good clean production and almost professional in form. The members, past and present, have not only fought to keep up the spirit of Central, but also have fought to uphold the spirit of Democracy. No less than four of the present members of the club offered their services to our government in its time of need and although none of these got "across", they showed that the officers were still made of the stuff which has made Central famous. A large percentage of the former officers of the school were in the various branches of the service and they made good to a man. Their early training was gained here and that boosting spirit, which boosted Democracy "over the top", originated in the good old C. O. C.

COACH HAROLD MULLIGAN

Mulligan, a stellar coach, a real booster, and a prince of a fellow! Though his path was beset with difficulties, "Mully" successfully overcame them all and developed teams which, although they did not win any of the championship events, played hard to the last whistle and upheld Central's unimpeachable reputation for clean, fast sportsmanship. The school appreciates his efforts and knows that in the person of the coach it has a man in whose heart Central High holds the first place.

FACULTY DIRECTOR A. J. WEDEKING

During the two and a half years in which Mr. Wedeking was at Central High, he showed himself to be an excellent organizer, a real executive, and a splendid all around fellow. He put the Student Association on a firm financial footing and developed a wonderful spirit of co-operation and enthusiasm among the members. The school indeed regretted to see Mr. Wedeking leave, but it wishes him success and prosperity in his new position.

MR. ANDREW NELSON

The school was indeed lucky to have a man like Mr. Nelson step in just as Mr. Wedeking left. After having done his bit for Uncle Sam, Mr. Nelson returned to Central High School, and by his work in charge of Athletic finances guided the Student Association through one of its most prosperous years.

STUDENT ATHLETIC MANAGER MARION ADAMS

The position of Student Athletic Manager is one which requires a man who has tact and executive ability, who is well liked by the fellows on the teams, and who is not afraid of real hard work. We feel that in the person of "Beef" Adams the school had the man who was best fitted for the job and that he is to be complimented for the splendid manner in which he performed his duties. Good work!

THE FOOTBALL TEAM

The Football Season

HE pre-season dope had it all outlined for Central to win another Valley championship, but the "flu," coupled with enlistments and the inability of some of the athletes to make their grades, caused the Purple and White squad to fall far short of the fans' expectations. We must put this year on record as an "off-season," but we must also note that the team played good ball and compelled its opponents to fight for all the laurels taken from our grid warriors. We lost our home state title, but we wandered down to St. Joseph long enough to cop the bunting in Missouri.

The squad looked like the *TEAM*, when it took the field in the first game of the season. Our first opponent was the School for the Deaf; and the Dummies lasted but twenty minutes, when they were forced to retreat to the billets. One week later saw Mulligan's aggregation pitted against the fast, shifty, light South High team; and the Purple and White crippled by the loss of two men and handicapped by having a green man at the helm. The first quarter was about an even match, the second Omaha outplayed the Packers, the third quarter South got away on a fluke for a touchdown, and in the fourth quarter Omaha outplayed the Southsiders and planted the oval over the chalk mark, but owing to a fumble lost the touchdown. Peters broke through the South line and nailed a Southside backfield man for a safety. South Hi failed to kick goal and the game ended South Hi 6, Omaha 2. Both teams played good ball and Campbell, playing his first game at quarter for Central, showed that he had the nerve and head of a great football general.

The Council Bluffs, Norfolk, North Des Moines, and Sioux City games were called off because of the flu. Sioux Falls also called off their game for the second of November, and it was arranged that the North Des Moines game should be played on that date. Again the team was considerably disorganized, but Shanahan was declared eligible once more and filled Noble's place at full for the Des Moines game.

When the green and blue squad from North Des Moines came on deck at Rourke Park, they surely resembled our 1917 wonders for power and size; and they certainly played true to appearances, winning by a 40 to 0 margin. As a preliminary to the big battle, the Central High Reserves handed the Commerce first team a spanking to the tune of 47 to 0.

North scored early in the first quarter and from that time on had things her own way. Omaha was never nearer than thirty yards to the Iowa goal line. During the third quarter Omaha played a stellar game, but the Des Moines team had the edge on them and Central had to be contented with holding Des Moines at bay. Our fellows put up a game fight, but were simply outclassed and lost to the Iowa Champs.

Although our fellows outplayed their opponents in three quarters of the four, our Purple and White squad was forced to suffer defeat at the hands of the Lincoln Warriors by the score of 6 to 0. The only score came after six minutes of play, when Lewellen completed a fluke pass from Lyons.

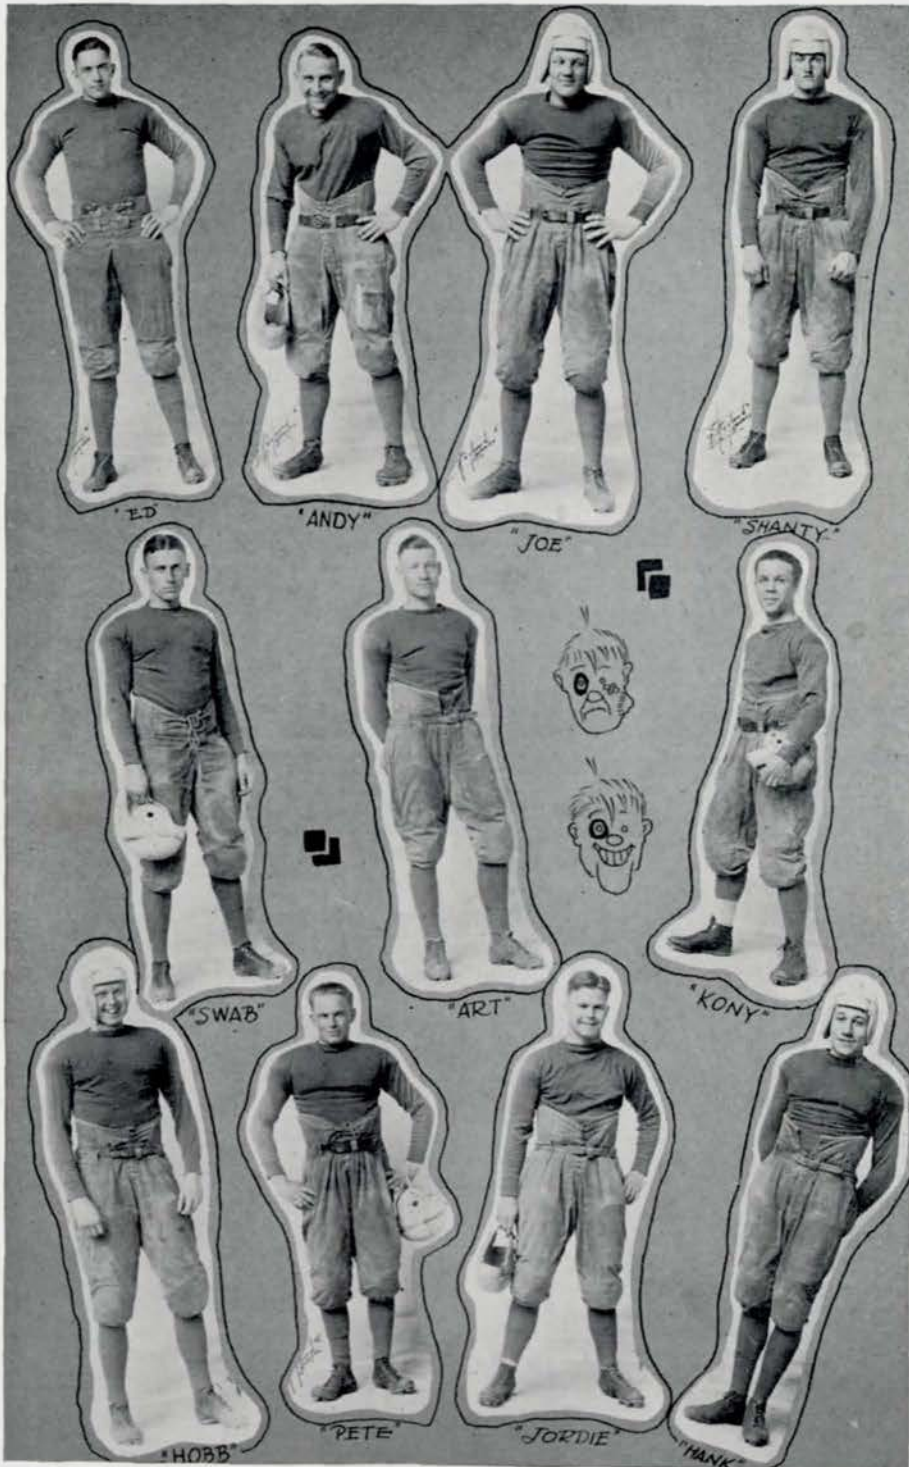

The field was muddy and slowed up Mulligan's speedy backfield. After the first score, the hard line hitting of Harper and Shanahan and the speed of Swoboda kept the ball in Lincoln's territory most of the time. Omaha made her downs repeatedly and the whistle was all that saved the Antelopes' goal, when the first half ended. Omaha opened the second half with a set determination to win. They kept the ball within the shade of the Black and Red goal, but could not score. The jinx seemed to be on the four yard line and Omaha didn't have quite the punch to put it across. Campbell, Swoboda and Konecky brought the flu home from Lincoln.

Beatrice, with her regulars, romped away from Omaha, with a string of second team men, to the tune of 33 to 0. Maxwell, subbing at quarter, played a good game, considering his experience. He tried to win via the air route but failed, Beatrice intercepting several passes which resulted in good gains and victory.

Omaha staged a real comeback down at St. Joe on Turkey Day; and not only made its first touchdown of the season, but won its first game and the championship of Missouri. Harper made a fine run on the return and the Purple and White started off like a championship machine. Time and again Shanahan, Harper and Campbell broke through the St. Joe defense for large gains. On the line, Capt. Logan, Anderson, Turner, and Peters played exceptionally well. In the second quarter, Shanahan outdistanced the whole St. Joe team and crossed the marker for the first touchdown of the season. The ball fell short of a goal. In the fourth quarter Omaha added two more points by a touchback. Score: Omaha 8, St. Joe. 0.

Although the season on the whole was not a success, we ended up with a win and upheld the reputation of Central High for clean, fair sportsmanship.

THE FIGHTING ELEVEN

The Team

EARL "RAM-ROD" SCHAEFER

His nickname was typical of Schaefer, and when he was called back the opposition always concentrated on the point most likely to be attacked, 'cause he surely could tear a miserable hole in a line. He helped win the Flag last season and he did his best this. Schaefer has hit the line for Purple and White for the last time.

HERMAN "SWOB" SWOBODA

Herm's feet and head earned his letter for him. He was like lightning and his head worked like magic when he was hugging a pigskin. He will be a valuable man for Mully next year.

CHRIS CROWELL

Chris was a rough man in grid togs and many an apparently good enemy play has been badly mussed up at a crucial moment by him. Wherever Crowell goes next year, they will get a first rate lineman.

WILLIAM CAMPBELL

Campbell was the find of the season. He worked great in some hard up-hill games and showed that he has the makings of a wonderful quarterback. He will be back next year calling the sigs for Mulligan's ball toters.

ARNO HARPER

Harper will be at the helm of Central's 1919 champion aspirants and he is the right man for the place because he has the grit and leadership in him. He was always good for a few yards and he has made many an opposing man feel weak kneed and unnecessary.

JOE POLLARD

Joe has the power of a mule and he surely can use it. Where it takes weight, strength and head, Joe is right on the job and he is capable of mussing up any line.

LYNN AYERS

Ayers was a new man on the team this year but showed up well and should be a valuable grid man in the future.

"HOBB" TURNER

Hobb played a good game through the season and had all the pep and thunder that his fiery red hair would indicate.

JORDON PETERS

Jordy, more familiarly known as "Holt," held down a regular berth at end. He was not a world beater in offensive play, but it took a good man to pass his end and there were very few who pulled the trick during the season.

EDWIN MOSER

Ed was a member of the championship 1918 aggregation and he showed championship style this year. He looks as innocent and peaceful as a kitten, but oh how he can tiger them up. He is a strong man at center and is a great pivot for any championship team to be built around. He is very graceful, and his feet naturally get in the way and spike the members of both teams.

PAUL KONECKY

Konecky at end has saved many a touchdown and his speed has stopped many a flying cleat. He is small, husky, and built right next to the ground and is a hard man to down. Always full of pep and no matter how great the odds are against him, he never fails to seize an opportunity to gain the least bit.

ARTHUR LOGAN

Logan was captain of the 1918 team and proved himself to be a wonderful leader and example for his men. Although there were a great many obstacles in the way, Logan steered his men to the end of a good season and brought them out on top of a grand victory to finish the heavy grind. Logan leaves this year, and will surely make a name in athletic records wherever he goes.

PAUL SHANAHAN

Shanny came over from Commerce and surely proved himself a valuable addition to our football squad. He was a wonderful man at fullback and always displayed that "never die" spirit of the Irish. After being apparently pinned, he never failed to laugh and make one more leap of at least one to three yards. He will be back next year to make things hump at full.

HARLEY "SWEDE" ANDERSON

Harley as a guard was impassable—hard as rocks. They may have got thru but it wasn't thru Swede.

THE BASKETBALL TEAM

The Basket Ball Season

IN paper, we had one of the strongest basketball teams in this locality, but it failed to play consistent ball and as a consequence it did not nail any flags or first honors. The team spryed up and played A number one ball in the crucial games of the season, but let down a notch before the finals at Lincoln and were put out of the running by the present champions, Shelton. The student body went out and supported the team to the utmost. The State Tournament was well attended by a large Omaha delegation and our standbys attending the Uni, turned out to greet the Purple and White once again.

The best series of the season was that played with the Packer squad from South Side. After playing to a tie in one of the fastest games ever played on South Side floor, both teams failed to score in the first extra period but the Packers tossed two goals in the second extra five minutes winning, 23-19. When the Southsiders came up here they were confident of a second win, and the game again went to an extra five minute period, but this time Mully's crew came out ahead by one point.

St. Joe early in the season nicked our fellows for a win, in a game that was all St. Joe's after the first five minutes. The Purple and White came up against a hard team when they met Commerce, but superior team work and Konecky brought Central the bacon. Commerce had a speedy bunch of basket tossers this year, and deserves lots of credit for beating Lincoln in the State Tournament.

Omaha twice showed up the Sioux City five, winning from the Indians both in Sioux City and on the home floor. Fort Dodge, winners of the Iowa tournament, lost to our team early in the season in a hard game on the Omaha floor.

The Lincoln five wandered up to the Creighton gym long enough to take a fall from our men, winning easily. It looked then as if Central had little chance at the tournament, but the Omaha five showed up better than was expected, and stayed in the running longer than Lincoln, losing only to the state champions.

After the tournament the boys redeemed themselves by journeying to Missouri and taking the Joe boys into camp in a hard fought game. Score, 25-23.

Throughout the season Captain Logan displayed a zip and tear that would make any first class aggregation step out raring to win, although Ezra was bothered most of the season, and especially at the tournament, by a bad knee.

Swoboda always made a good account for himself in every contest, and it was his speed and ability to break up plays that saved our basket upon many crucial occasions. He will be back next year and should be an all state man. Clements played consistent ball throughout the season and could always be relied upon to cover a great deal of floor and to break up plays and start the ball rolling our way. Burnham was a shark on baskets at short range, but he played in streaks. When he had an off night he was absolutely off, but when he was good—well look at the St. Joe score at St. Joe. Paul Konecky played a great game and his speed here, as in football, kept the opposition in complete bewilderment as to where the streak of lightning would strike next. He had many a big husky guard worried and he was the mainstay of the squad for looping in free throws. Mangold was a first string sub and he played first class ball whenever he was given the opportunity. Next year he should be a great cageman. Leo Konecky played a good game at the tournament and earned his rations by helping to keep the team on top as long as they did stick.

THE SOPHOMORES—RUNNERS-UP

THE FRESHMEN

Class Basketball

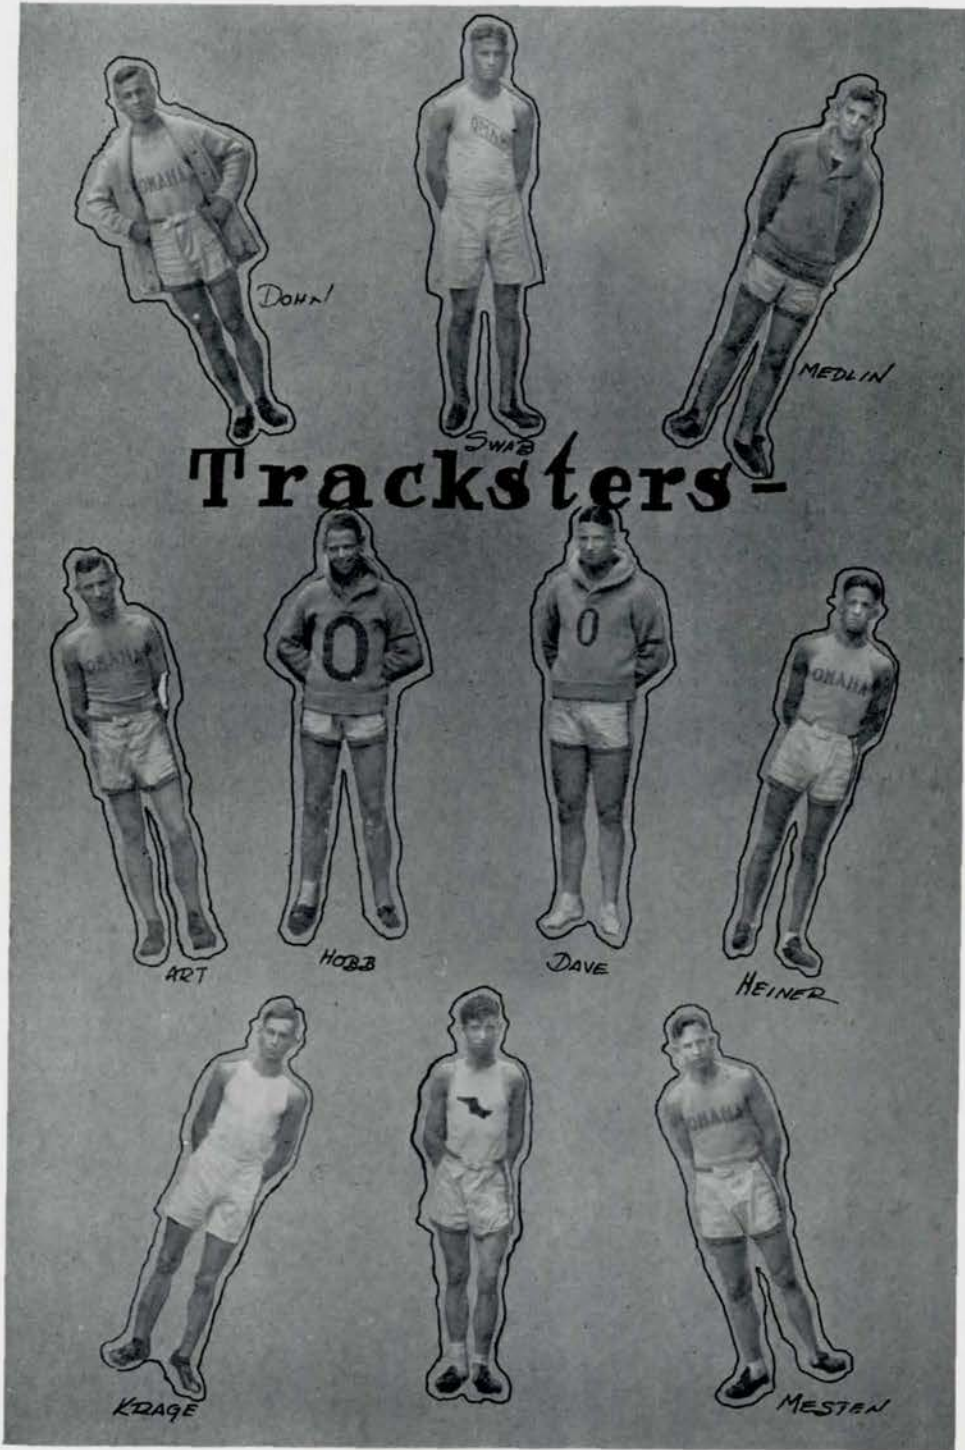

AFTER losing every class game for three years, the Senior team stepped out this year and won the class championship. The first round resulted in a three-cornered tie. In the finals the Seniors were pitted against the Sophomores. A hard fought game resulted in a tie, but in the five minute play-off the Seniors slipped it over the Sophs.

The Sophs were the surprise of the tournament and played a fine quality of ball in every game. Both Freshmen and Juniors played a good game and deserve credit for the showing they made.

The success of the Seniors was largely due to the star playing of Jack White, who captained his men, and to Paul Konecky, who coached the Senior team.

The Interclass Track Meet

BEFORE a crowd of less than two thousand, the Juniors, lead by Captain Swoboda, won the Annual Interclass Track Meet held on the Douglas County fair grounds May 9th. With the Seniors and Freshmen out of the running, the two middle classes battled for honors, the Juniors emerging victorious, 56 to 46½. The Seniors managed to pick up 21½ stray points, while the Freshmen held the sack with 12 points in it. Swoboda won individual honors, with 19 points to his credit. Because of injuries Noble was unable to take a very active part in the meet and the Seniors were deprived of their strong man and winner last year. Noble managed to bring himself together long enough to win the shot put and discus throw, making 10 points. Meston captured the broad jump and placed third in the high jump for the first year men.

Shanahan of the Freshman team took second honors with 11 points, with Dohn and Moser close behind with 10 apiece. Shanahan took the quarter-mile in easy fashion, and took second in the half-mile.

Gathering all but last place in the 220-yard dash and all but third place in the quarter-mile run, the second year men early threatened the lead of the Juniors whose strength lay in the field events. The pole vault furnished the principal thrill of the meet. Downs and Swoboda, Juniors, tied in this event after both had cleared nine feet three inches and had failed at the nine foot six inch mark. Krage of the Seniors showed good form in this event.

THE TRACK TEAM

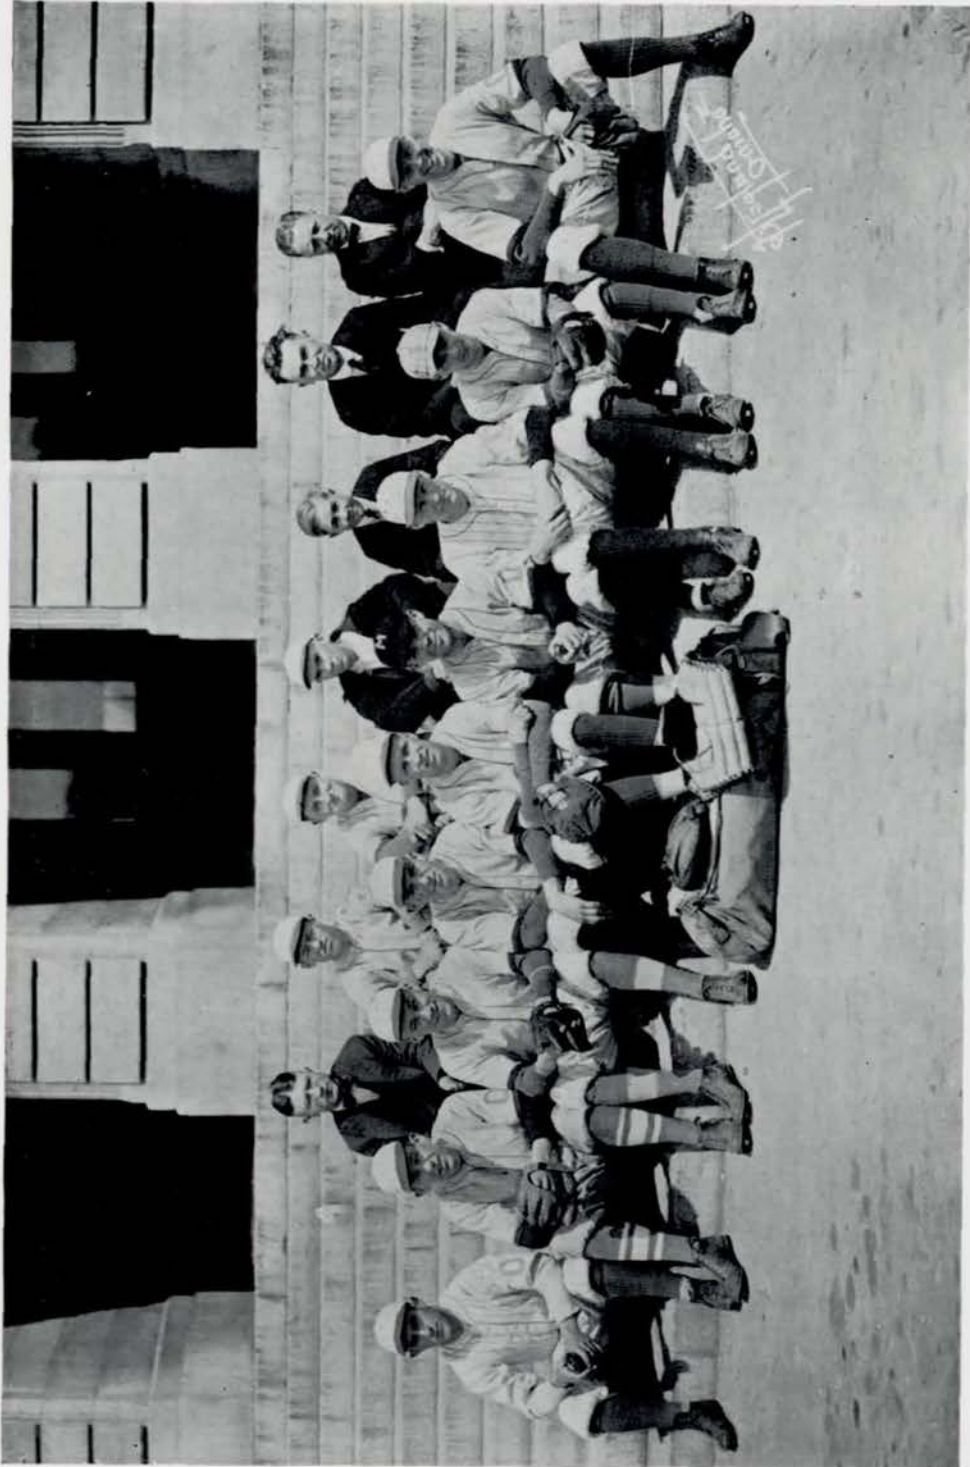

The State Track Meet

IN the Annual State Track Meet held at Lincoln May 17, the Central High track team with nine men landed in fourth place. Lincoln took first with 31 2-3 points, Cambridge followed with 20½ points, York third with 18 points, and Omaha followed with 16½ points.

With Dave Noble unable to perform in the 100-yard dash and in the high jump, as expected Central was handicapped. Hard luck struck us in the hurdles, in which Swoboda and Dohn both tripped. Dohn was an easy first when he hit the dust, but was unable to finish among the point gatherers after recovering. Hob Turner was the show of the day with his original form of high jumping. The longlegged Irishman made all his jumps with an ease that set the fans laughing. After taking the event he tried to demolish the state record but fell short. Noble placed second in this event, tying with Guthridge of Grand Island. Meston won first in the broad jump, and Noble placed third in the shot put. Swoboda took third in the half mile.

THE BASEBALL TEAM

The Baseball Season

FOR the first time in several years Omaha Central High has turned out a first class baseball team. When Coach Hill sent out his call, men of fame in other branches of sport and many new men turned out, making the team one full of the pep and fight which characterizes a topnotch aggregation. At the beginning of the State season, they took the start-off gun in great style and wandered down to Fairbury and handed that town's champion aspirants a neat lacing in a close and well played game. Fairbury had a strong team and a good battery which was backed up by spectacular playing, but the Purple and White squad managed to push four men across the pan while the farmers slipped three men across the home platter. The next stop on their first road trip was Beatrice, where Paul Konecky and his crew stopped over long enough to avenge the defeat dealt to our football team; they beat the men in Mulligan's town to the tune of six to four. In both these games McGrath pitched first class ball and allowed an average of three hits per game. The outfield and infield both played a stellar game and backed up the battery when hits meant runs.

Omaha Central opened up the City High school league by trimming Creighton, and it looked as though our men were headed for a championship. Next came South Hi which was thought to be the strongest contender against Central for first place, but Central handed them a licking of eleven to one. In this game, which was one of the best played this season, McGrath pitched air tight ball and let the Packers down with but three hits. The lone tally came over in the ninth inning. Our men must have felt their position for they managed to drop the next game to Commerce by a six to one score. Konecky allowed McGrath a rest and the Commercial bunch pounded Mangold and L. Konecky all over the lot. This put Commerce in the lead in the league. We then encountered South Hi for the second time, with McGrath on the sick list with a bad cut on his salary wing. The result was that McGrath pitched straight ball and the Packers sneaked away with a seven to six victory. The ninth inning was a thriller with three men on, Logan at the pan, and two men down; but the best Logan had to offer was a neat fly to the infield which was gobbled up before he got his spikes in the ground.

The team played good ball in all its games, but the student body surely displayed miserable school spirit and each game was attended by only a handful of rooters.

Although the team did not nip the championship, it did play first class ball and deserves the credit for being the first real classy bunch of ball tossers Central has turned out in several years.

SENIOR GIRLS' BASKETBALL TEAM

Girls' Athletics

THE Senior Basketball Team of this year has now had the championship twice. Last year they beat the Seniors and this year they beat both the Sophmores and the Juniors. This is the first year that the Sophmores have had a team. The Senior lineup was:

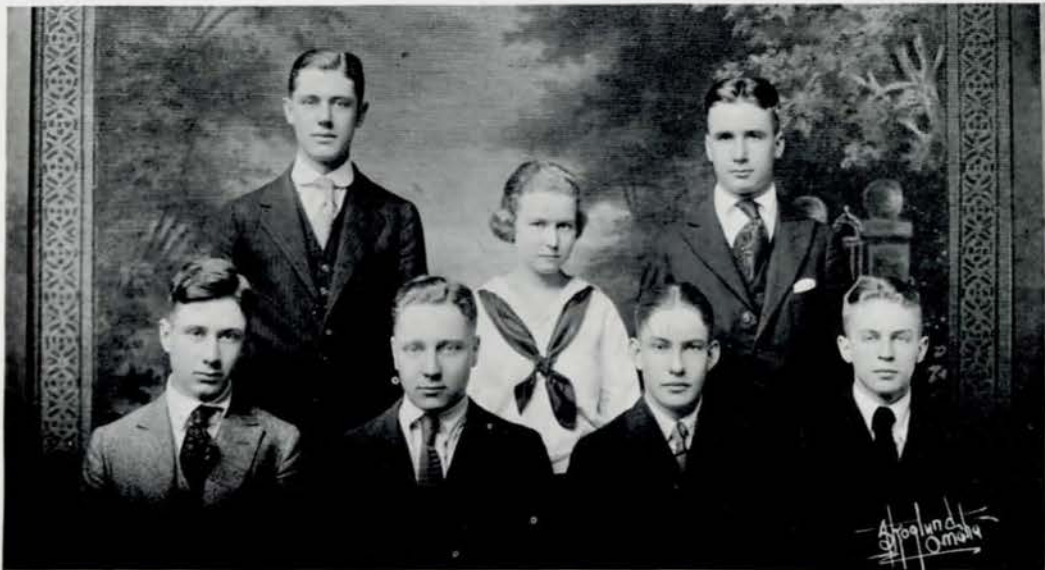

Lillian Kavan.....	Left Forward
Dorothy Uehling.....	Right Forward
Blanche Curtis.....	Side Center
Pajarita Atkinson.....	Center
Emily Mulfinger.....	Right Guard
Charlotte Huntley.....	Left Guard
Ruth Hatteroth.....	Substitute
Laura Redgewick.....	Substitute

The Volley Ball teams have been turned into baseball teams. There were four volley ball teams—the Purple, White, Red, and Blue; the Purple team being the champion of the tournament which was held in March. Betty Seward was captain of the winning volley ball team.

The Tennis Tournament is now being played. Eleanor Hamilton has twice been winner of the tournaments and if she again succeeds she will be able to keep the silver cup which is awarded to the winner of each tournament. The school courts are again in good condition.

This year the Gym Club exhibition was especially good. A competitive drill was held, and was won by Josephine Bilz, who received an O. H. S. banner. The Indian Club drill and the Dumb Bell drill showed splendid team work. Two clever stunts, the Scare-Crow drill and Swimming drill pleased the audience greatly. Nine girls received Gym Club pins which signify that they have been active members of the club for their four years in High. The exhibit was held the ninth of May in the School Auditorium.

THE Student Association started off with a rush this year. The ticket sales were unusually heavy, but due to the "flu" vacation, owners of tickets were not given many chances to use them. Due to the large membership in the association, athletic finances have been on an unusually sound basis this year.

The work of the association in keeping up school spirit is worthy of note. It takes rooters to win an athletic contest, and the aim of the association has been to keep the school behind our teams.

All memories of this year aside, let us wish the ones who will be here next year a wonderful success in every line.

The Debating Season

DUE to the lack of a coach, the debating season this year was a little late in getting started. When the armistice was signed Central High saw her chance and garnered a first lieutenant from among the discharged men. This first lieutenant turned out to be one of the finest debating coaches we ever had, and as a Commandant—but we will let the "Military" tell about him as a Commandant.

Soon after his arrival Lt. Ralph E. Himstead held the tryouts for the debating team with the result that Charles Grimes, Fred White, Otto Nelson, Ralph Kharas, Sam Beber, and Alexander McKie were given places on the team. This team held quite a surprise in Fred White and Charles Grimes. These men are new at the debating game, but their work this season has stamped them as sure comers.

After five weeks of hard work, the Omaha Central Negative team met the Council Bluffs Affirmative team in the Central High Auditorium while the Central High Affirmative journeyed to Council Bluffs to meet their Negative team. The Central High Negative team was composed of Sam Beber, Otto Nelson, and Ralph Kharas. The debate at home was disastrous—for Council Bluffs, who went home with a 3-0 defeat ringing in their ears. At Council Bluffs, however, the Omaha speakers were not so fortunate. This team, composed of Charles Grimes, Alexander McKie, and Fred White, met with a turn of luck and lost to the Council Bluffs orators by a 2-1 decision. O. H. S. 4, Council Bluffs 2.

On May 9, the Negative team took a little trip to Lincoln. A triangular debate had originally been scheduled with Sioux City and Lincoln, but at the last minute the Sioux City debate was cancelled. However, the Negative team went to Lincoln and in one of the closest and best debates ever heard in the Capital City, won a 2-1 decision from the Red and Black orators. This makes a clean slate for the Negative team.

The Affirmative team was scheduled to meet South High at South High Thursday, May 22nd. South High holds the championship in the State High School Debating League which Central did not enter this year. Lieutenant Himstead expected to establish beyond doubt Central's claim to the state championship in this debate, but (luckily for South High) South's best man got a toothache and they

REGISTER 1919 ANNUAL

cancelled the debate. If anybody wants a fight mention South High or Sioux City to Grimes, McKie, or White.

Central High has certainly been lucky in obtaining Lt. Himstead as Coach. Seldom in the history of debate has such a good team been put out. With his tremendous efforts to make the season a successful one, Coach Himstead has won for himself a place high in the esteem of the student body and the faculty. It is to be hoped that he will be with us next year.

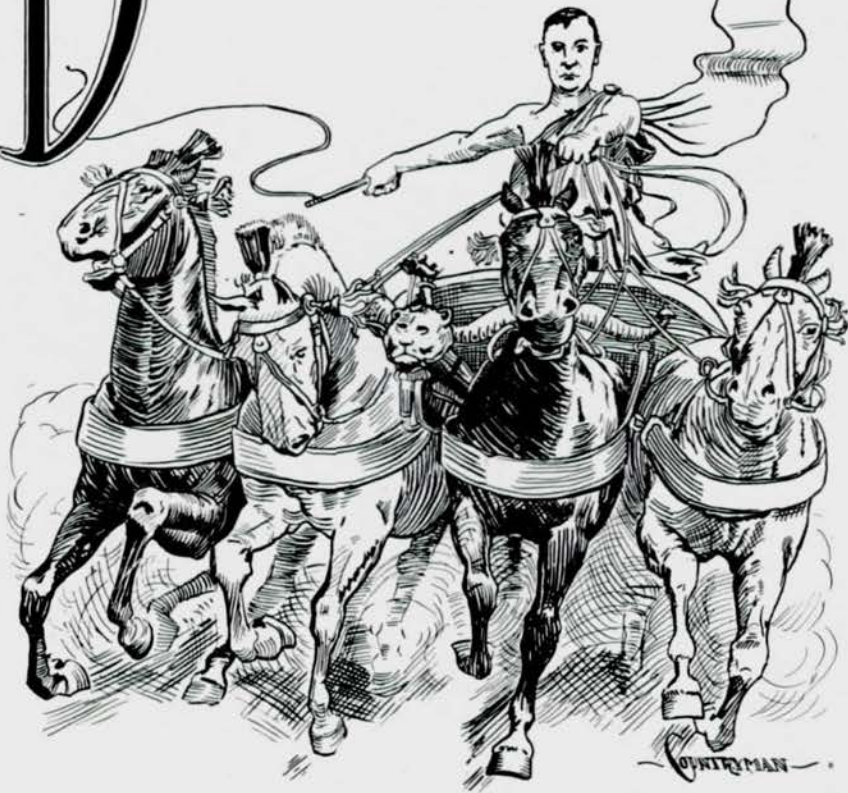

In his debating classes Lt. Himstead uncovered some sleeping geniuses. Whether they were sleeping when he found them is not known. In all probability, however, they were. Charles Grimes, with his small frame and mighty brain—er voice, has done a great deal toward making the team a success. Chuck is one of the most natural speakers Coach Himstead has ever seen. Any one who knows Chuck, knows he is a natural born talker. But more of Charlie next year. In the person of Fred White, the Coach found a man to fill the gaping need of a sarcastic speaker. All who know Freddie, know that he is a witty, brainy man, easy on the platform, and a regular whirlwind when it comes to rebuttal. Otto Nelson, with hard work and good coaching, has developed into a speaker that Central High may well be proud of. Another member of the debating team who has developed marvelously is Sam Beber. Sam has always been interested in debating but has never landed a place on the team. This year Sam persuaded the judges that he was the man for the place and so was given a place on the team, and Central High has had no cause to regret it. Indeed, so good has he become that it is a pity that he must leave us to go to Rush Medical College. We need not say much about Ralph Kharas. He has been on the team for three years and those who have heard him in that time say that he is one of the best that Central has ever turned out. As for the other member of the team, his natural modesty coupled with the fact that he is writing this epistle, prevents him from saying anything.

Altogether, it has been a remarkable season. We have won two out of three debates and have received six out of nine decisions. Four of the members of the team will be back next year, those graduating being Ralph Kharas and Sam Beber. To these two men who have faithfully and successfully supported the team throughout the season, we wish all good luck and future prosperity in whatever line of work they may take up.

The Senior Play

THE Senior Class of 1919 presented "Monsieur Beaucaire," a play by Booth Tarkington, at the Brandeis Theater, May 31st. The play was extremely artistic and beautiful. The acting and staging were very finished, thus reflecting very well upon the care and ability of the coaches and of those in charge of the performance. The story of the play is interesting and easy to follow. The opening scene is laid in the pump room at Bath, the watering place of the English aristocracy, at this time. In this scene we see the nobles of England gathered together discussing the scandal from the French Court. The pith of the discussion is the refusal of the young Duke of Orleans to marry the lady selected for him by his royal cousin, the King of France; and the imprisonment of the duke following his refusal. As no one is acquainted with the duke, the company calls on one Monsieur Beaucaire, a mysterious Frenchman, who has recently arrived at Bath. Beaucaire admits acquaintance with the duke, but refuses to discuss him. The ladies and gentlemen then leave the room with the exception of Beaucaire and Major Molyneaux, attache to the English Ambassador in France, who has just arrived from France. Molyneaux informs Beaucaire that the Duke of Orleans has escaped to England, travelling in the suite of the Marquis de Mirepoix, as his barber. He, Molyneaux, has been sent to England to find and protect the duke on behalf of England and as he has never seen the duke, he asks Beaucaire's help in finding him. At this point the Duke of Winterset, and Lady Mary Carlisle enter with a company of ladies and gentlemen. Lady Mary goes to Beaucaire and thanks him for picking up a rose she dropped earlier in the day. Winterset grows angry and forbids Lady Mary to talk to Beaucaire. Now Beau Nash, master of ceremonies at Bath, enters and, in a scathing speech, denounces Beaucaire as the Marquis de Mirepoix's barber. Beaucaire leaves the room in disgrace, but before going he announces his intention to open a gambling house in an apartment at Bath.

Act two is set in Beaucaire's rooms. In the course of the act Beaucaire catches the Duke of Winterset cheating at cards. To avoid exposure the duke consents to introduce Beaucaire to Lady Mary and the people of Bath as the Duke of Chateaurien. The two men then go to prepare for a ball to be given that evening.

The scene of Act three is at Lady Rellerton's ball that evening. Beaucaire, now Chateaurien, is presented and immediately carries off Lady Mary to the garden, much to the chagrin of some of the guests. Later Captain Badger, urged on by Winterset, insults Chateaurien and a duel ensues in which Badger is wounded. As Badger is not liked by the ladies and gentlemen Beaucaire becomes very popular. The scene closes with Beaucaire in the height of popularity.

Act four opens upon the garden near Lady Rellerton's house at Bath. In the course of the evening Chateaurien and Lady Mary ostensibly come into the garden to see a statue there, and Chateaurien is set upon by Winterset,

REGISTER 1919 ANNUAL

the gentlemen of Bath, and a group of lackeys. Chateaurien wounds several gentlemen and lackeys before being captured. Just about the time that the men are going to flog Chateaurien, Francois at the head of the duke's servants drives away Winterset's lackeys. At the request of Chateaurien Winterset reveals the fact that Chateaurien is Beaucaire. Lady Mary is highly offended indeed, and leaves, but not before Beaucaire makes known his intention to meet the entire company one week from that night in the pump room at the reception for the Marquis de Mirepoix.

The scene of act five is the pump room. After a good deal of comedy on the part of the gentlemen of Bath, Beaucaire appears on the scene. He has eluded the guards set around the house and has managed to enter. Upon entering he sees Lady Mary and she professes her love for him on his assurance that he is really honorable. The gentlemen and servants are about to throw Beaucaire out when the Marquis de Mirepoix, the French ambassador, enters. The Marquis greets Beaucaire and introduces him to the company by his real title, the Duke of Orleans. Winterset is branded as a cheat and leaves the room. The curtain descends on the complete surrender of Lady Mary to the handsome young duke.

The character of Monsieur Beaucaire is very ably played by Roland Jefferson. His portrayal of the light gestures of the Frenchman, his humor, his knowledge, his real emotion made this part a complete success. The famed beauty of Bath was played by Miss Jean Burns, an equally famed beauty. Miss Burns' haughty air and gestures interspersed with bits of pathos won the entire sympathy of the audience.

Wallace Craig, the Duke of Winterset, made one's blood run cold with his horrible villainy. This difficult and not very pleasant part was played excellently. Miss Josephine Marple playing Miss Lucy Rellerton charmed the audience with her pretty airs and vivacious manners. Jack White as Major Molyneaux played the part of a friend and lover in a very graceful manner, thus making this part a favorite. Arthur Burnham as Raikell, Robert Sackett as Bantison, and Ray Stryker as Townbrake made most of the comedy in the play, assisted by Louis Freiburg as Bicksit, a gossipy old tattler, a character part in which Freiburg made a complete success. Captain Badger, the bully of the play was the able confederate of Winterset. Mrs. Mabsley, characterized by Ruth Pinney, was the graceful, gracious society lady of the day. Miss Charlotte Huntley as Miss Partelot and Miss Dorothy Davis as Miss Presby represented typical society girls of the age. Jordan Peters, as Francois, personal servant and an old friend of Orleans, portrays a servant of the old type seldom seen now. Jollife, played by Marion Adams, was a model servant of the newer age. Mildred Othmer as Lady Greenbury, carried off this character's part with great credit. Lady Rellerton, played by Olive Walton, was a gracious hostess.

Much credit for the success of the play is due to the untiring efforts of Coach Mills, Coach Mulligan, and Miss Towne.

"Fifth Annual Road Show"

On the eleventh and twelfth of April the Cadet Officers' Club presented its Fifth Annual Road Show. The show was certainly a success as a performance, and also as a money-making proposition. Over \$900 was turned over to the Camp Fund and a good camp was assured. Great credit is due to all those who gave their time and efforts to the show to make it a success. Everyone who saw it came away full of praise for the organization which put such a stellar performance across, and also for the school which backed it.

The first act was a bayonet drill presented by a squad of non-commissioned officers of the Battalion. The drill gave a vivid idea of some of the methods used in bayonet fighting. If our own cadets could make us feel as creepy as they did with just imitation, we don't wonder that the Huns surrendered as soon as they could.

"The Passing of Pierrette," which was adjudged the prize-winner in the Road Show Contest, was a clever little skit written by Emily Ross '20. The leading roles were ably taken by Donna McDonald as Pierrette, and Walter White as Pierrot. Martha Smalley played the Yama Yama girl to perfection and Stuart Summers was in his element as Harlequin. Donald Pillsbury was right there as a hotel clerk and James Proebsting was more than true to life as the "hick." James Holmquist added a touch of local color as the high school boy.

"We Four" lived up to their reputation as real high school girls. With their clever costumes of purple and white and their parody songs on school topics they made a great hit with the large and appreciative audiences. The quartette was composed of Gladys Mickel, Flora Shukert, L'Marie Searle and Eloise Searle.

John Chaney surely kept 'em guessing with his series of surprises. Thurston the Second! "Orchestra, let's have a little—ah—Chinese music this time." After seeing his assistant, Floyd Brown, perform we concluded that he was qualified for three things—a magician's helper, a bellhop, or a monkey. Some costume.

"Jazz" lived up to its well-known reputation with Marion Adams and Stuart Edgerly with their saxophones, Ralph Campbell, Roland Jefferson and Russ Funkhouser with their banjos, Andy Vinsonhaler at the traps, and Helen Pierce at the piano,—when they all got started we all felt like "jazz babies." They sure did make things hum.

Harley Anderson very realistically portrayed an old maid school teacher, much to the delight of the pupils, especially the kiddies at the grade school performance. Andy is some quick change artist too; but the real hit of the evening was the dialogue between Harley as "Ezry" and Hob Turner as "Si"—"Gee-up Napoleon, it looks like rain."

"Miss Civilization," the headliner, was a fitting climax to a splendid program. Jean Burns as the burgled heroine, proved to be the star of the performance, showing great dramatic ability. Wally Craig was a perfect gentleman crook, while Harlan Haaker and Virgil Northwall were good burglars, although they were much fonder of eats than swag. And wasn't Hammy some cop!

At the Saturday evening performance Francis Potter gave several selections on the banjo, mandolin and ukelele. The high school orchestra, directed by Eugene Pakes, furnished excellent music at each performance.

On the whole, the Road Show reflected a splendid school spirit. When so many students will get out and work on something like this, it shows that old O. H. S. has spirit enough to put anything across.

THE ROAD SHOW MANAGEMENT

Road Show Management

HE management of the Road Show, which falls entirely on students, was well taken care of this year. As general manager, Wallace Craig was one of the main reasons for a successful show. Although he encountered many difficulties, Wallie overcome them all and certainly deserves the greatest commendation. The program committee, with Ray Stryker as chairman, put out a very neat looking program and also secured enough ads to pay the entire expenses of the Road Show. Harold Moore and Robert Wiley, the stage managers, were forced to crowd about a month's work into a week, but they did it and did it well. Jordan Peters and his ticket selling committees sold enough tickets to pack the house at both evening performances and to comfortably fill the Auditorium at the matinees. William Hamilton at the head of the ushers also managed his job like an old hand, and Myron Price, our electrician, was no scratch at handling the switch board. Too much cannot be said in praise of these officers who gave so freely of their time and effort to make the Road Show a real success.

CAST OF "UNCLE SAM'S BOYS IN CAMP"

Uncle Sam's Boys in Camp

THROUGHOUT the year the Glee Club has shown itself to be a real live organization and a booster of every school activity. This enthusiasm was shown in the production of their clever little musical skit, "Uncle Sam's Boys in Camp." This act was crammed full of catchy songs and clever jokes, and the acting and singing were all that could be desired. A performance was given at Fort Omaha and many of the soldiers liked it so well that they came back for the second performance at the High School. Much credit is due Ralph Swanson as president and Gerald Kelly as vice-president for their efficient work in leading the Club through the best year which it has ever experienced.

CAST OF "ABBU SAN OF OLD JAPAN"

"Abbu San of Old Japan"

HE "cleverest and most beautiful play presented at Central High for a long time," is the verdict of everyone who saw the unusual play given by the girls of the Student Club. This group of peppy girls managed the entire play by themselves. Scene shifting was the only thing mere man was allowed to do. The plot was laid in Japan, the land of cherry blossoms and gilded dragons, the land of beauty and romance. Beauty and simplicity were the keynotes through the whole play. The stage was prettily set with embroidered satin background and real Japanese furniture. The Japanese maids wore bright-colored kimonos of wonderfully embroidered silk.

Not only was the play lovely in its quaint setting, but all who took part in it played up splendidly. Some of the leading parts were the following: Abbu San, daughter of his majesty, Virginia H. Davis; the Duchess Fuji-No, Dorothy Johnson; Lady Yu-giri, Arvilla Johnson; Ono, maid of all work, Helen Bolshaw; O. Matsuka San, Nola Fife; O Kiku San, Ethel Ross; Okuku, Lydia Flecher, Matsu-no, Anita Edmiston.

Seventy-five dollars was presented to the High School Scholarship Fund. This annual gift represents only one of the ways in which the Student Club stands ready to serve Central High School.

Latin Play

The Latin play, "A Roman School," presented by twenty boys from the Caesar classes of Misses Fulton and Shackell, on March 25th, was remarkably well given.

The only upper-class man in the cast was Walter Armstrong, a Junior, who had the difficult part of magister. The other leading parts were taken by Stuart Edgerly, Hale Baldwin, and Karl Kharas. Richard Wagner was the stage manager.

The vim and enthusiasm of the boys convinced the large audience that Latin is by no means a dead language.

THE STUDENT COUNCIL

The Student Council

NOT much in the way of praise has been sung in honor of the Student Council,—in fact it has been about as popular at times as a bolshevist at the Peace Conference. Because it has not secured for friend student a two-hour school day with double time for lunch, and three extra credits for every day lost through sickness or other reasons, it has been denounced by many as “ineffective,” “indolent,” “a figure-head,” “merely a means of securing added honors,” etc.

But it must be borne in mind that the Student Council was hampered in its work, just as every other organization in school has been hampered. “Flu,” war, lack of precedent and other exasperating things have made the way hard and rugged for the council. This council is a new idea and a new attempt at old things and the way must be made slowly and cautiously. Time and the full and unlimited support of both students and faculty will work wonders in building up a Student Council which can grasp at big problems and solve them easily.

But someone will say, “What did the Council of 1918-1919 do for the school?” Apparently it only gained “open halls” for the Student Body. But those who know the horrors of “closed halls” will say that this in itself is enough to justify the council in claiming the honors justly due it. But the council is pledged to secrecy in many things. The council has done much that, for the sake of people still attending school, will never be noised abroad. Even the council as a whole does not know the effective work accomplished by its committees.

So do not censure your Council. Boost it all that you can. Make the Council of 1919-1920 all that a body representative of both faculty and Student Body should be. Abide by its decisions, refrain when it asks you to, respond when it appeals to you, and O. H. S., the Student Body, the faculty, the Council, and—you—will be better because of it.

The completion of this year's school work marks a milestone of successful achievement in your life.

In order to make your education of most value, you should build upon it as a foundation for further progress. Do not make the serious mistake of considering your education completed.

When Sprague Tires Graduate

ONCE a Sprague tire is finished, it goes out into the cold, hard world and proceeds to make good.

It makes good because it is built and moulded on thorough, practical, substantial principles.

It began as raw material—the finest on the market—and made its way through the school—factory, growing bigger, heavier, stronger every minute.

Finally, after it goes through the expert hands of its teacher-builders, it passes examination by the principal-inspector. He gives it its diploma.

It suffers the hardest kind of knocks, but built like a rock

An employer of women said to me recently:

“Teach your students that their opportunities are exactly as good as men’s if they will but recognize the fact.” This feeling is general among employers. The war taught them what women can do. My question is: *Do girls and women know this, and will they take advantage of it?*

To the Seniors, Juniors, Sophomores and Freshmen of Omaha Central High School

☐ In your school work you have doubtless had difficulties and problems which, at times, must have seemed insurmountable to you, but as each one has been overcome you have felt and realized the glory of education — that knowledge that overcomes all difficulties — and they have but served as stepping-stones to still greater achievements.

☐ Remember that success lies within yourself — your own brain, your own ambition, your own courage and determination. May you always be courteous to others, faithful to friends, true to God — a fragrance in the path you tread.

☐ The BASKET STORES COMPANY extends its cordial and best wishes for your future success.

THE GUYS THAT THE ENGINEERS DON'T LIKE, LOOK LIKE THIS. AND YOU KNOW WHAT CHANCE HE WOULD HAVE WITH THIS FELLOW ON THE RIGHT.

THIS IS THE TRUE SPIRIT OF THE ENGINEERS. ANYTHING WE DON'T LIKE, WE TREAT 'EM ROUGH!

NO THIS PICTURE IS NOT TAKEN FROM ROUGE'S GALLERY. IT IS JUST A TYPICAL ENGINEER AFTER A FEW DAYS OF REAL WORK AT CAMP.

THIS IS THE TOWN CONSTABLE OF VALLEY NEB. HE IS A SPECIAL ADMIRER OF THE ENGINEERS. THE ONE THING HE WOULD ADMIRE TO SEE IS TO SEE THEM IN JAIL.

GIRLS!!

About 10 years ago I was very uncertain as to just HOW to find SUCCESS or how to adjust myself to the more serious aspect of life. Of course I was intensely interested in the REGISTER, FOOTBALL games, C. O. C. CLUBS, SQUIBS, etc. (Incidentally I was always losing my locker key).

I learned GREGG SHORTHAND and TYPEWRITING and later became the Stenographer to the Superintendent of Schools. I soon mastered the principles of correspondence and business administration and today I am earning over \$5,000 a year. Let me direct your energies in the right direction and help you find yourself in the sane and sensible way. I mean by helping you to understand how interesting BUSINESS really is!

How to Succeed

John D. Rockefeller, the rich man, got his start by planting potatoes, his profit being \$50. He invested this and constantly added to it until he had accumulated enough working capital to enable him to start a business of his own.

He put his money to work earning interest for him. Any high-school boy or girl can do likewise by placing money savings with the OMAHA LOAN and BUILDING ASSOCIATION, 15th and Dodge Sts., Omaha, where the money will earn a good dividend and be absolutely safe.
