For you—
A friend never to be forgotten,
We have tried to prove ourselves
Worthwhile. We admire you,
So noble in intellect,
And yet so humble with us
In thought. Beneath a faint smile,
Many fortunate ones have caught
Glimpses of a vast wit and humor
Which betrays itself when the
Light in your soft eyes bursts
Into laughter.
You have a heart kind and
Gracious in its manner of
Understanding our human frailty.
Dear story-teller, we who have
Heard you, know the delight of
Hearing a magic voice render
Prose to life and verse to
Sublimity. Perhaps we may, in part,
Express the love we feel,
And the gratitude we owe
By dedicating this O-Book
To you—

Gifts of Our Faculty

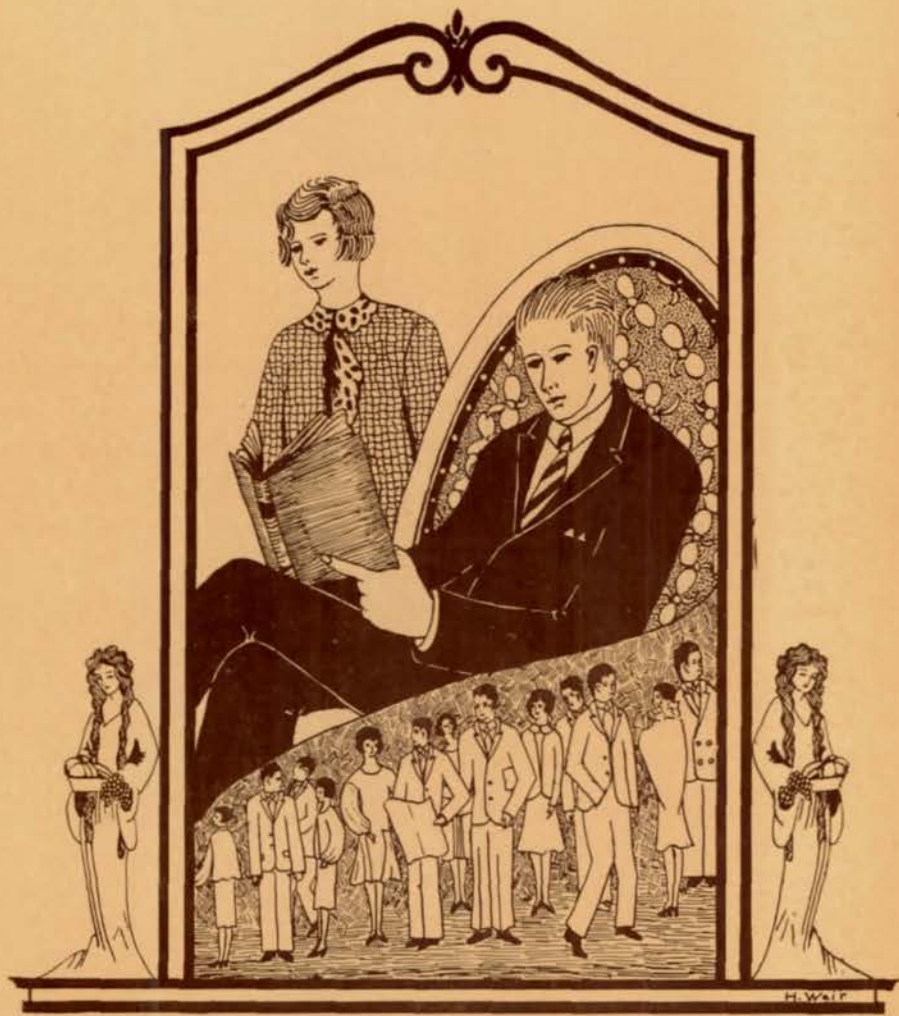

THE attainments of a school in scholarship achievement, high ideals of character, purpose, personality, and all worth-while accomplishments, depend always upon the ultimate goals and standards of the men and women who make up its faculty. These, therefore, are real gift bringers, for they are setting always and constantly before the students and themselves those standards of excellence which compel the strongest allegiance and the most serious devotion.

Through their fidelity, self-sacrifice, and loyalty to duty and high purpose, Central high school men and women have sought in all of these years to place within the grasp of every student those temptations to success which cause each to reach his finest accomplishment. Progress is made through and because of the largest number of opportunities given wherein to exercise our creative abilities. This is the meaning of gift bringers.

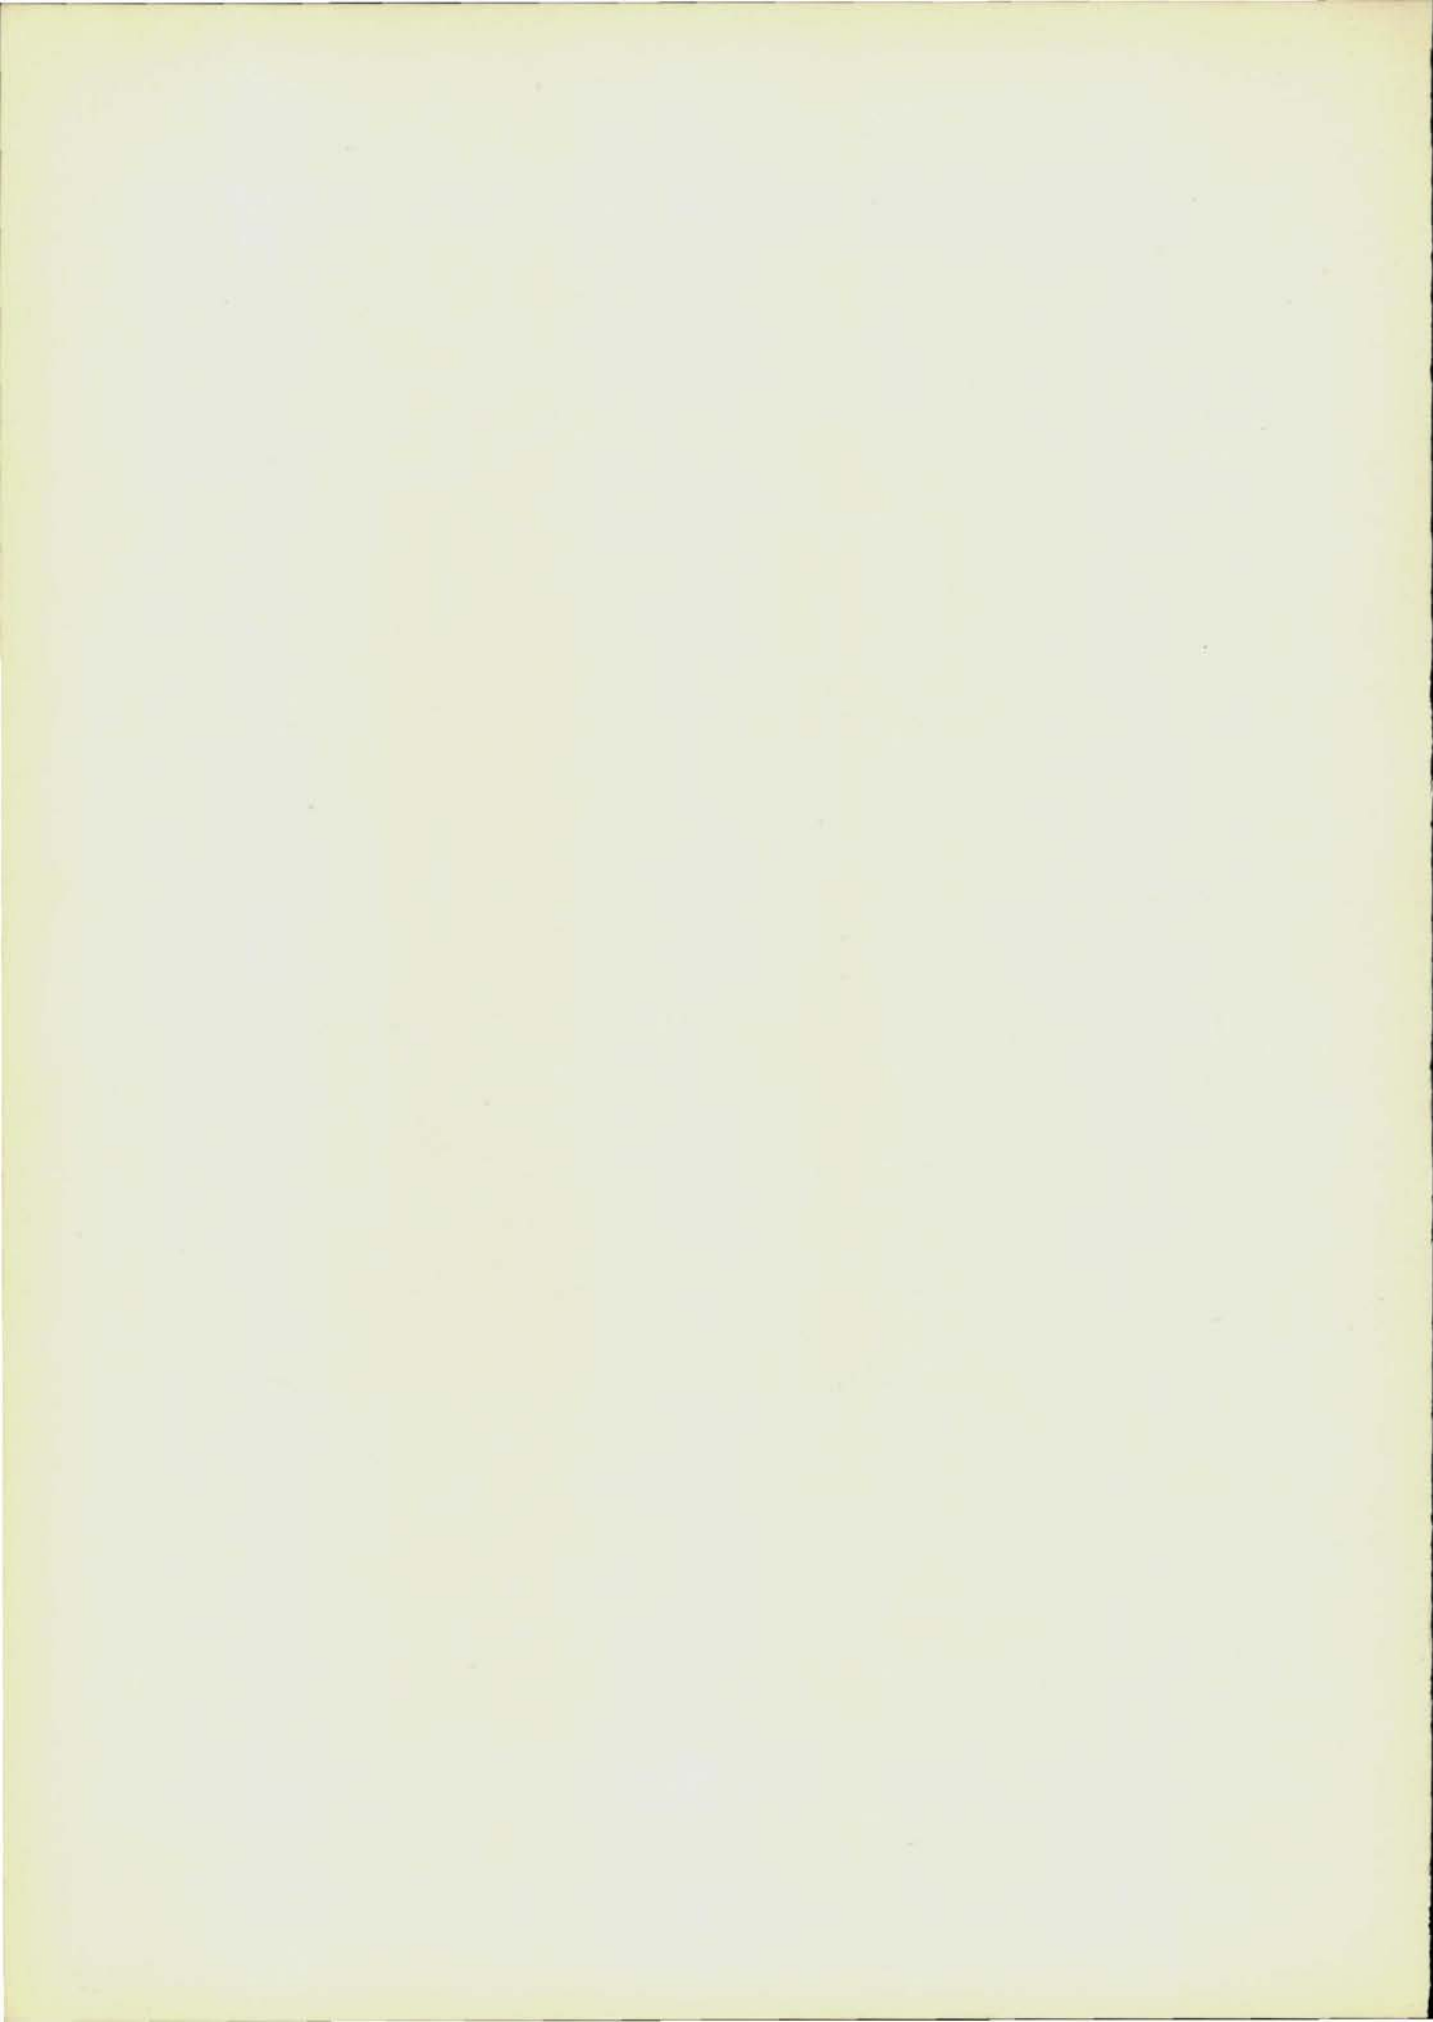

It is because the men and women of the high school have constantly offered to boys and girls the many wonderful opportunities and chances for the achievement of their own personalities and their own destiny that we pay them this tribute. We can never really give anybody anything. All worth-while qualities in life are achieved and wrought out by an awakening in one's own life and soul.

We express our gratitude today to these gift bringers who are providing so many stimulating opportunities for the achievement of life in its abundance. It is our heritage to attain a life which shall always be rich, abundant, and free. Our reward is the growth, the development, and the beauty of the student's finer and larger life.

The January Class of 1926

WE, THE January class of 1926, rather hesitate in laying our gift before dear old Central. It really isn't much to give, but it is all we have, and we give it with all our hearts—the formula of happiness. And here it is: Work plus play (mixed thoroughly) equal happiness.

Aided by our sponsors, Miss Bess Bozell and Alfonso Reyna, we worked like little black soldier ants; then when the grind grew unbearable, we threw duty to the winds and had jolly good times.

On October 23 we refreshed ourselves at an old time party; December 18 we discarded ten years and welcomed Santa Claus, who had a sack of toys just for us; January 15 we enlivened all Central by presenting the Coffier-Miller players in "Sleepy Hollow" and "The Rivals"; January 18 we first wore our caps and gowns at the baccalaureate sermon; January 20 we held our banquet at the Athletic club; and January 22 we were graduated.

We are very proud to say that our class, the largest January class ever graduated from Central, numbered thirty-seven, five more than the January class of '25. It is our hope that classes succeeding us may find life at Central as happy as we have found it. With the warmest feeling of gratitude for Central and for our sponsors in particular, we face the future.

On Dusting One's Books

TIRALEE! Tiralo! A gorgeous day in spring! There was a fairy flurry of wings, and the emerging tree-buds trembled at the cornet notes of a meadow lark. I trembled, too, and in trying to see the bird, very nearly tumbled from the top step of the back porch.

I was sure that spring had sent her agents to lure me from house-cleaning, but I had thought, "duty before pleasure m'dear," and then compromised by bringing forth my books to be dusted on the back porch.

There's no fun in rubbing over "Collected Works of Shelley," and in flecking the dust from "Jane Eyre," but I went on until, "Aunty, you left one book on the floor"—my four-year-old niece at the screen door. "Will I bring it out?" "Yes, dear, by all means." The book appeared with the pink-aproned child. "What is it, Aunty? It's terrible heavy." I took it—good gracious! It looks like—and a sweep of the dust cloth revealed, "O-Book 1926." My precious old O-Book. The screen door slammed and left me murmuring to the spring breezes while I turned the pages of my book.

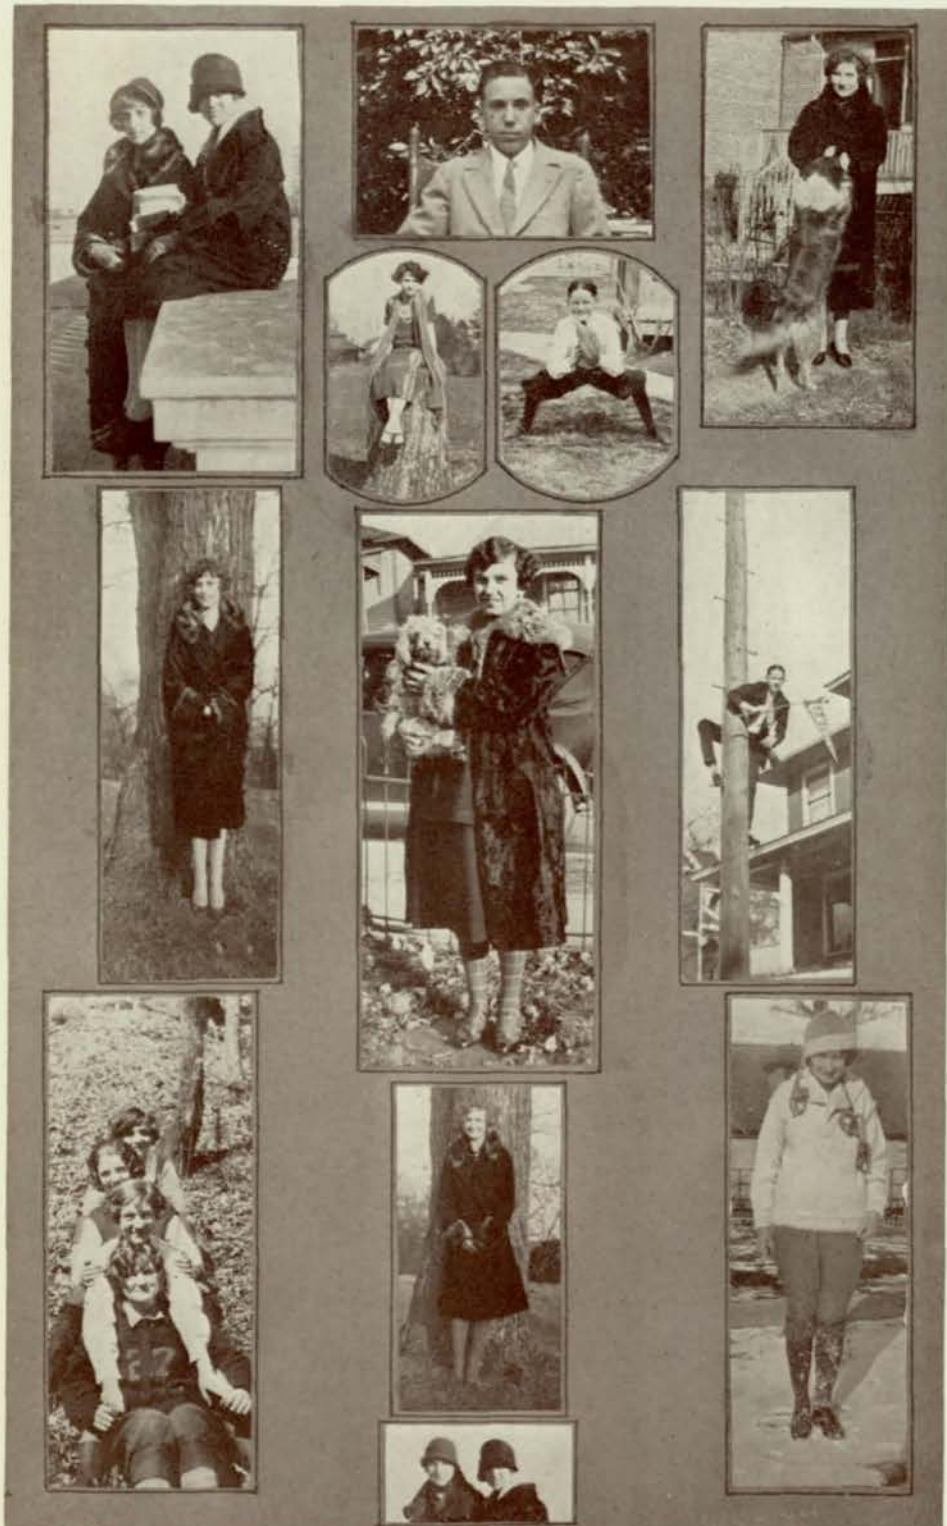

Here is Helen Blickenstaff; why, she's Mrs. Kurtz, one of our leading social workers. Ray Bowen is very popular with the Omaha ladies. His marcel and permanent waves are as perfect as the pearls that H. Bosking, jeweler, deals in. Here is Eleanor Brodbeck, who teaches rhetoric at the Lincoln State university to aspiring Demosthenes-es.

Anne Carlson and Dorothy Morgan are two very good reasons for the popularity of certain eastern musical comedies, and dressed more somberly, though just as charmingly are Margaret Foley and Marjorie Duncan, who are nurses in Omaha hospitals. John Dutton emerges from his home laboratory at times with intricate devices and unheard-of ideas that may soon bring him before public notice. Here's Lewellyn Ewall to whom transatlantic trips mean little, for she is foreign buyer for Clarissa, alias Margaret Segard, a New York modiste. Louise Elsasser and Helen Hayes have a little waffle shop that lures many of the busy Omaha men. I've seen Carl Falk, the insurance man, and Lloyd Hubenka, the realtor, eating there. J. Huntoon, one of our lawyers, enlivens the shop with his sprightly tongue.

Here's Alice Fitch, I should say Countess something-or-other, for she married a banished Russian count. There are several others who have the honorable profession of Mrs; let me see—there's Frances Jacobsen, Lylyan Chudacoff, Ida Miller—yes, and Mae Stenicka. Harry Jones, here, is a "prof" at the Iowa University; Evangeline Kavalec and Harriett Northcutt are also teachers. Here are two exclusive milliners who have their own shop, Grace Kuncl and Mary Rosicky. Helen Semin and Pauline Rockwell are columnists for an Omaha newspaper, and John Rosicky is "Uncle John" to thousands of little children—at a local radio station. Arthur Romm and Edward Kurtz are orchestra men, and here's Mary-Elizabeth Sawtell, who's a teacher of music, and John Sims, who, weary of jazzing up America, is in Borneo seeking a "kick" in the head-hunters' jazz to take home in his saxophone. Rupert Stitt is the cleverest architect in Omaha, and Arthur Smith is the author of a book of Nebraska poems.

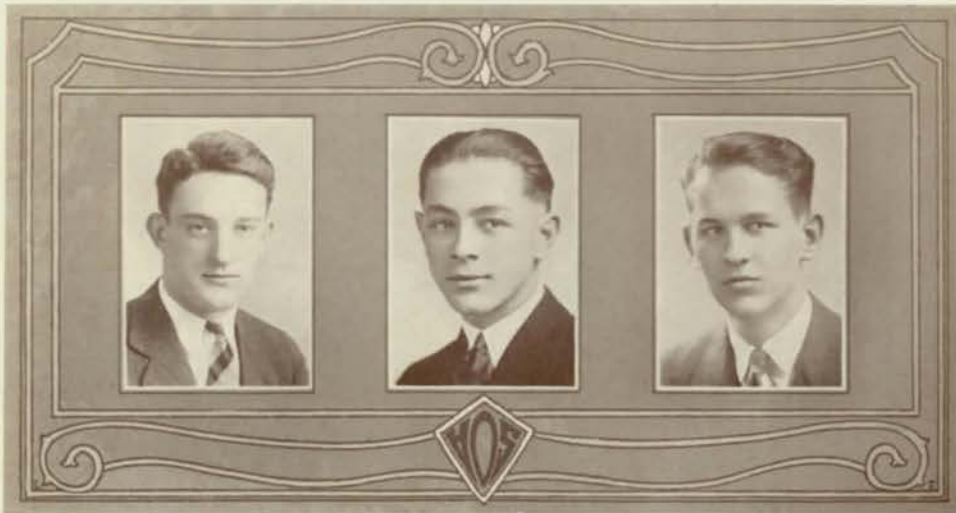

And that was all. When I closed the book, I knew that the breeze had been glancing slyly over my shoulder and had taken up each story to the land of who-knows-where.

The Class of 1926

AS WE, the seniors of 1926, pass out for the last time from the portals of Central high, where we have spent four busy, strenuous, and somewhat hectic years, the thought that occurs to us is not, "How much knowledge and education are we carrying away with us?" but "What are we leaving behind?" We know what Central has given to us. We would know what we have given to Central.

To us, 1926 will always be the greatest class in all the world. To us, magic will always be in those numerals. But we have no illusions about 1926. What will it mean to Central high and what will it mean to those who are left behind? We have left no monument or stained glass window in memory of our four years of hope and toil. We do not flatter ourselves that those numbers which mean so much to us will be looked upon with awe and admiration by those classes to come.

But we have had our share of honors. We do not underestimate the prowess of our football heroes, the eloquence of our debaters, the scholarship of our 5A students, or the leaders in the arguments of Senior homeroom. We admit that 1926 is a corking good class, and if necessary we can prove it. We may not have been stars in French and Latin, and we may not be crammed full of the knowledge of algebra and trigonometry, but we are sure that our four years at Central have built up our characters so that there will go out from Central high in 1926 real men and true women.

SERGEANT-AT-ARMS

The Class of 1927

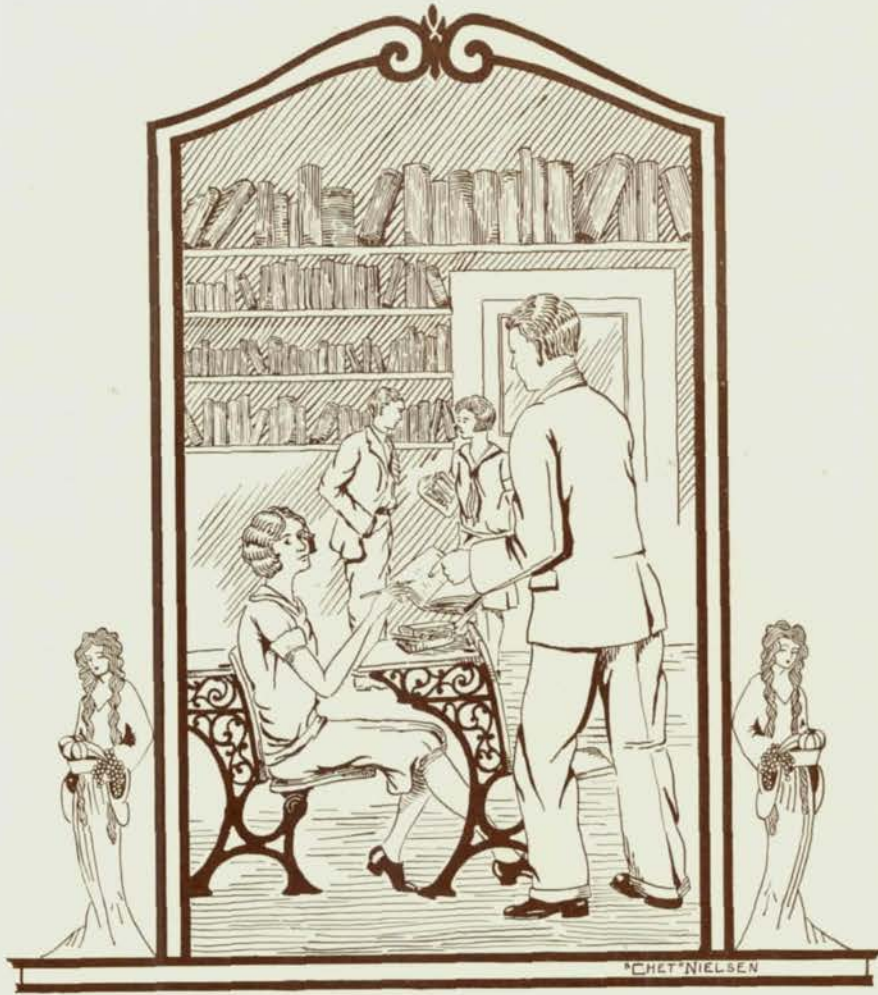

WITH the glowing memory of the past three years, filled with the happiness of work and play for Central high, we, the class of '27, stand now at the end of our junior year.

We have watched with admiration the work of the graduating class, and we are proud that we can claim them as members of our school. We now offer to them every hope that their future will be a successful one.

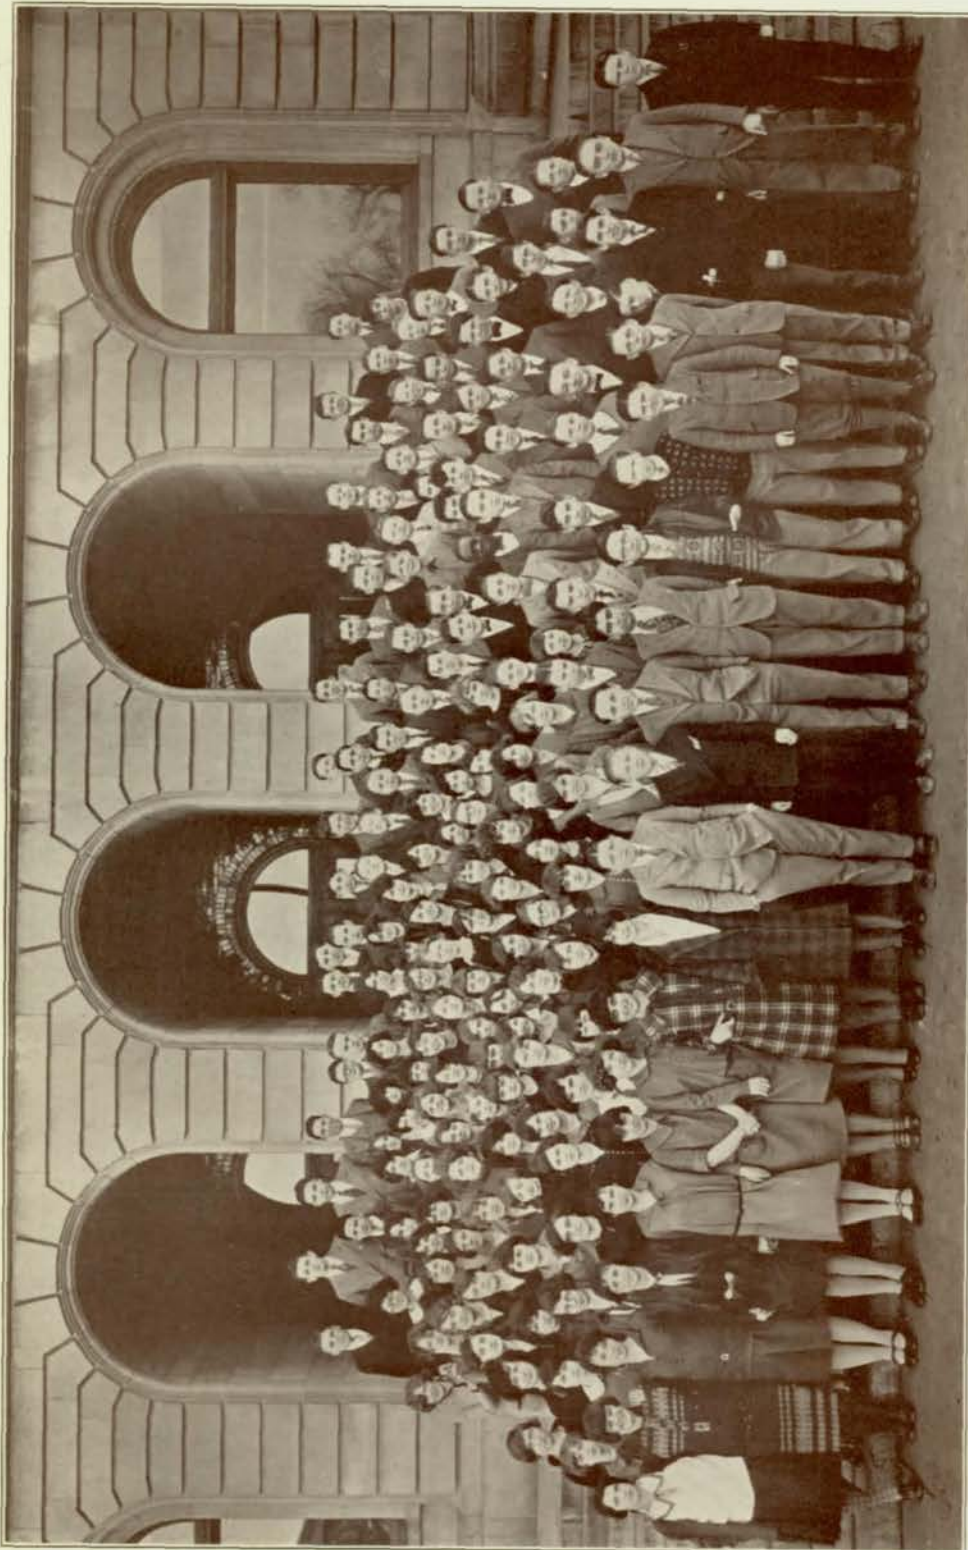

But realizing that it is next our turn to take up these responsibilities, we gladly assume our task. We "lived through" our verdant freshman year without too much complaint. We passed our sophomore year, taking up our share of the activities. We have now reached the close of a prosperous junior year with a little thrill in realizing that we were upperclassmen.

With such records as this class has made in these past years, we are confident that we, as seniors, will loyally boost for Central, and we know that from our ranks leaders will be chosen who will serve the school in a creditable way.

The Class of 1928

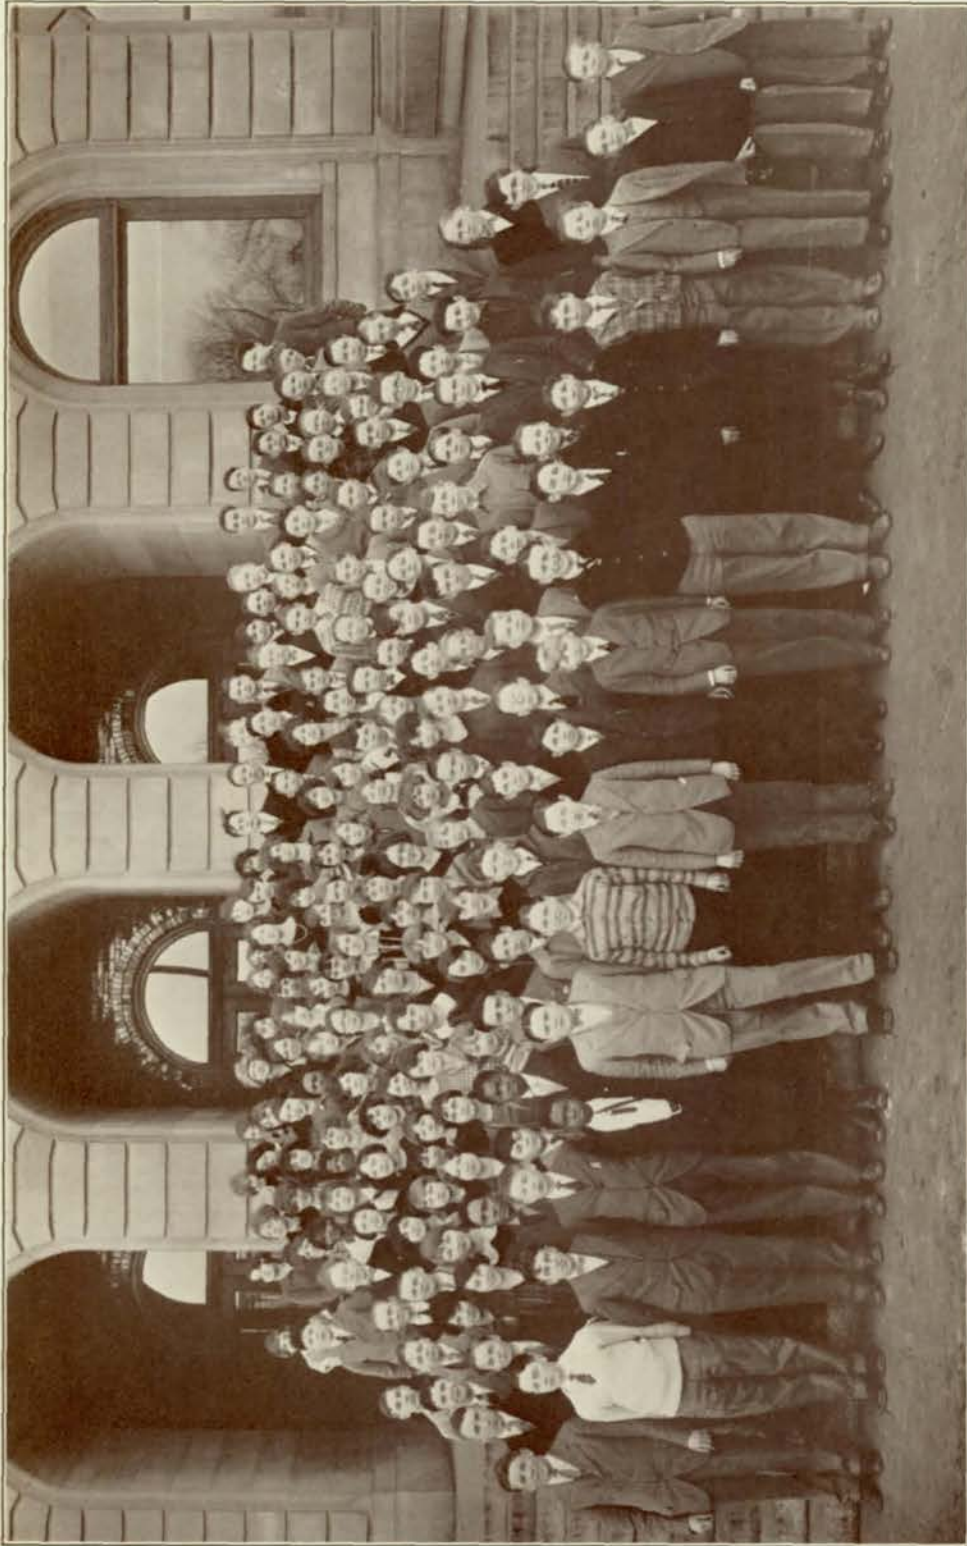

WE ARE vastly different from freshmen. We admit it. We are considerably different from juniors. We have to admit it. In fact, we have a world of our own. If you meet a sophomore in the hall, you realize he is a sophomore; he has the ear-marks of one. He has passed the freshman stage and is about to become a junior. Debate, basket ball, and swimming teams have been helped by his fresh enthusiasm and beginning efforts.

As you see these manly faces, you recognize our officers. To all appearances, the girls have been shoved in the background in office-holding, but in other lines they have played an active part in the work of the class. In scholarship they are proficient, and the Honor Society contains many of their number. In fact, the members of our class are interested in activities of all kinds, and we trust that some day we shall become fully qualified seniors.

Freshman Class

FRESHMAN CLASS

The Class of 1929

WE ARE the class of '29. Although we are only freshmen, we have already entered into the spirit of the good old Purple and White. We are now being trained in the ideals and standards of Central. When we are sophomores, we will undergo the stiffer test of the more important activities of the school. Then in the junior year we will be trained to step in, take the place of the former seniors in the major activities, and live up to and add to the ideals, standards, and traditions which have been established before us. We know that the freshman year is the year in which preparation is made for the busy and happy times when we will be seniors. Freshmen are really the foundation, the solid rock base upon which aspirations to higher things are built. Without the freshmen the future of a school would look black indeed.

So upperclassmen, just remember the freshmen are the hope of the school, and don't make them buy too many elevator tickets, or go up the wrong stairs too many times. We freshmen, as the future leaders of the activities of the school, as the future seniors of Central, fully recognize our responsibility, and shall try to take up the torch of Central's ideals and traditions and hold it high.

—Donald White '29.

Underclassmen's Contract With Their School

IN POPULAR speech the term underclassmen includes all students who are not seniors. The implication seems to be that the underclassmen's advantage of overwhelming numbers is balanced by the seniors' personal distinction and power. And indeed the senior, weighted with committees and social affairs, jingling his many honors with gay and easy gusto, is a glamorous creature. Little wonder that the underclassmen impatiently await the day when they may be graduated from the democracy of numbers into the aristocracy of importance.

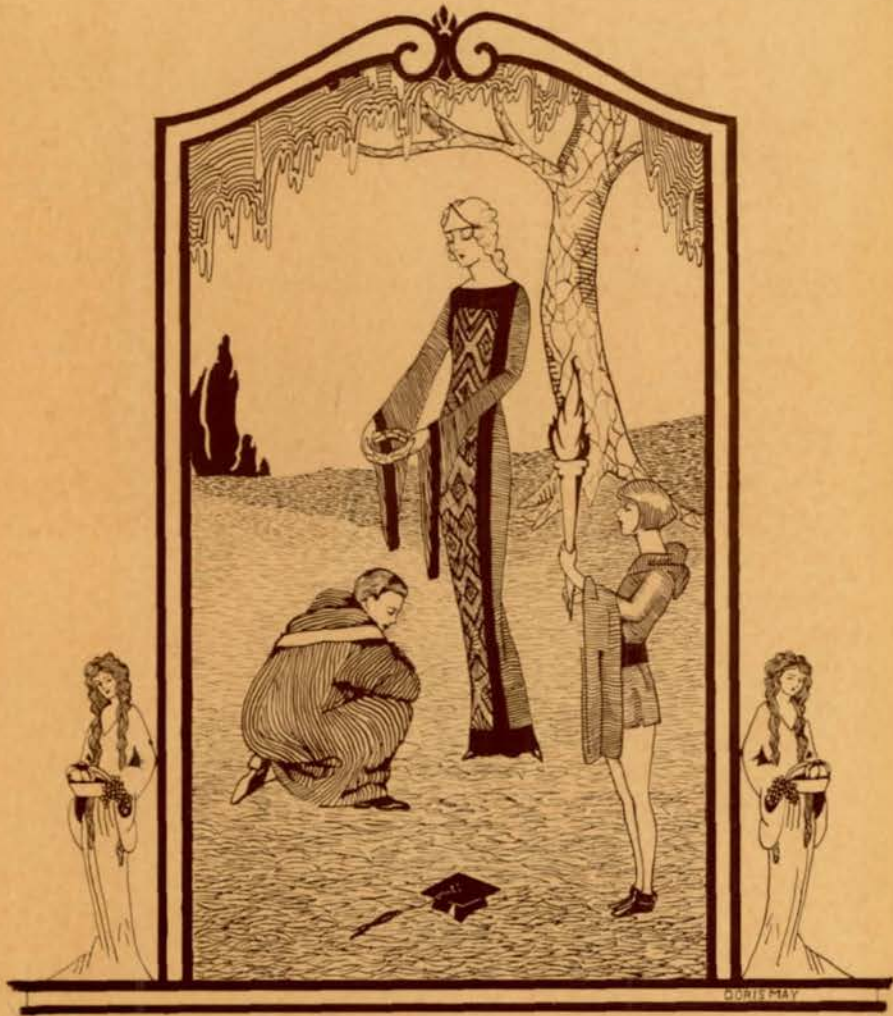

But after all, underclassmen are the substance out of which inevitably seniors are made, and the differences between the two groups are of degree merely. The services that underclassmen can render their school are the same in kind as those which seniors also, with increased obligation, are bound to render.

The most comprehensive service that a student can perform for his school is to make a good impression on the community. Each student can try to be the kind of person about whom people exclaim spontaneously, "Isn't she a nice girl!"—"Such a fine boy!" Or more deliberately, "She's the rare kind of girl that can be happy in some one else's success"—"He's a modest chap, but he can be counted every time to do what he undertakes." Or perhaps, "That's a lively bunch of youngsters over there wearing the purple and white, but you notice there isn't a rowdy or a silly flapper among them."

The second service to the school is an indirect one and it comes by the personal route. It consists of the student's determination to get the best *schooling* that the school can give. It entails the student's sensing just what kind of social institution a school is—an institution capitalized by a community charitably bent on bringing up and bringing out the young. The only way for the student to reciprocate is to use the school for sharpening his wit to the keenest edge and broadening his view to the broadest reach. Teachers are provided for the use of students. So are library, books, and equipment.

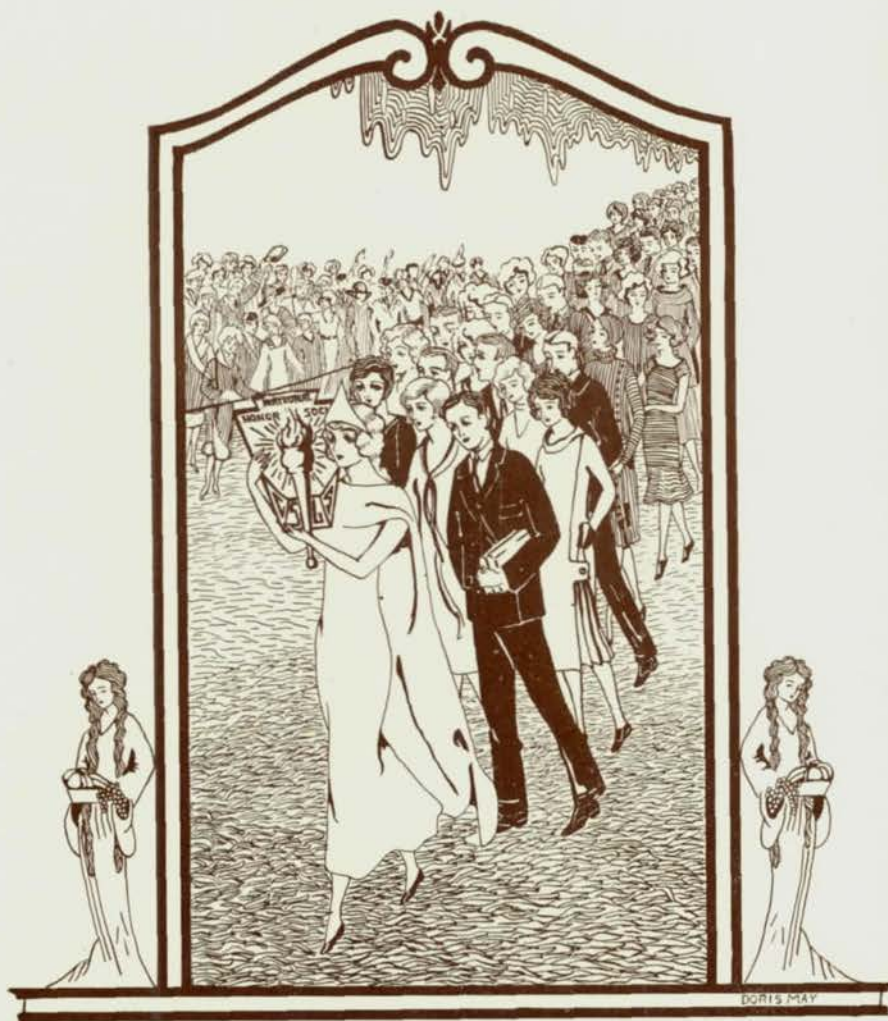

The third way of service is called the friendly spirit. It means the relation established among students themselves. It has to do with the little groups inside the school. Any class is such a group, any club, any team. Every such group, whether the association be voluntary or accidental, calls for personal relinquishments. Such is at once the pain and the benefit of contact. Yet quite oppositely, on occasion, the friendly spirit is manifest in the willingness of members to submerge the little organization and to regard only the strong and invisible tie which binds all students in one communion to their school.

Honors

Honor Societies

NATIONAL HONOR SOCIETY

National Honor Society

THE purpose of the National Honor Society is to reward and develop among high school students, high standards of scholarship, character, leadership, initiative, and service. The founding of this organization in 1920 was due in great measure to the efforts of Principal J. G. Masters. Since that time the society has grown to include chapters in all parts of the country. To be eligible for membership a student must be a senior and in the upper fourth of the class in scholarship. Leadership, character, service to the school and participation in student activities enter into the final consideration. A faculty committee, headed by the principal, selects the members from this number. No more than fifteen per cent of the class may be elected in any one year.

This year twenty boys and twenty-four girls were elected to the society. Miss Belle Ryan, assistant superintendent of schools, delivered the charge at a special mass meeting held at the Rialto theater, May 14. The following are the June honor students:

Frank R. Ackerman	Harley Moorhead
Edward Brown	Dorothy Parmelee
Marion Cosmey	Nora Perley
Fairfax Dashiell	Ruth Pilling
Bernice Elliott	Rezin Plotz
Donald Fetterman	Virginia Randall

Gamma Chapter

THE purpose of the Junior Honor Society when it was founded in 1923 by Principal J. G. Masters, was to recognize originality and high attainment both in respect to general work and to departmental honors; to increase the students' opportunity and will to render service; to encourage leadership in school activities and helpfulness in student organizations. The Junior Honor Society is divided into three chapters, the Epsilon for freshmen, the Delta for sophomores, and the Gamma for juniors.

The general council, which sponsors the organization, is composed of J. G. Masters, Miss Penelope Smith, Miss Louise Stegner, Miss Jessie Towne, and Miss Bess Bozell. The general council, the sponsors of each chapter, and the members-at-large chosen by the principal, compose the committee that chooses the members of the society.

A student whose name is to be considered for election to any chapter must have received two A's and no grade lower than B during the first semester of the current year, and he must have maintained these grades during the first half of the second semester. A student carrying five subjects may have one C. Evidences of

loyalty to the school and to its regulations must be shown for any student to be considered. Sophomores and juniors are expected to show leadership or excellence in some school activity. Consideration is also given to departmental honors, including debate, public speaking, and skill in devising and carrying out projects in any department. The greatest number that may be chosen to membership in each chapter is ten per cent of the class.

A student holds membership for one year which automatically expires at the following election. The officers of the organization are: the president, elected from the Gamma chapter; the vice-president, elected from the Epsilon chapter, and the secretary-treasurer, elected from the Delta chapter. Although the members are elected in the spring of each year, the society is an active organization during the following school year. The biggest event of this year's society was the Valentine banquet held in the school cafeteria February 11.

Members elected to the society for 1926 were announced at a general mass meeting held in the school auditorium on April 29. Miss Sara Vore Taylor, head of the Constructive English department, delivered the charge.

Epsilon Chapter

Juniors attaining high scholarship and excelling in other requirements of character, service to the school, initiative, and leadership in some of the numerous activities were elected to the Gamma chapter of the Junior Honor Society to lead this boosting organization next year. Verne Reynolds, president during the past year, was elected to the organization last spring. Miss Bess Bozell sponsored the Gamma chapter.

Sophomores must not only excel in scholarship, but must begin to show leadership and excellence in some school activities. The secretary-treasurer of the society and presiding officer of the Delta chapter elected for the coming year is Edith Victoria Robins. Gretchen Goulding held the office this year, and Miss Louise Stegner was sponsor of the chapter.

Because freshmen usually do not enter many activities, scholarship, evidence of loyal fulfillment of all rules and requirements of the school, constitute the principal requisites for membership in the Epsilon chapter. Paul Prentiss was elected vice-president of the Junior Honor Society and presiding officer of the Epsilon chapter for next year. Vice-president for this year was Edith Victoria Robins. Miss Penelope Smith was sponsor for the freshmen chapter.

Quill and Scroll

QUILL AND SCROLL, a national honorary society for high school journalists, was organized at the University of Iowa, April 10, 1926, with the purpose of recognizing ability and achievement in writing and other phases of high school journalism. The Weekly Register, with Miss Elizabeth White as its representative, was one of the twenty-two national founders. Miss White was elected president of the national society.

To obtain membership in the society, a student must have accomplished outstanding work in writing, editing, or business management on either the Register or O-Book staffs. He must be a senior or junior and in the upper third of his class in scholastic standing and must be recommended and passed on by the supervisor, committee of publication, and national secretary-treasurer of the organization.

The Alpha, chapter of the Quill and Scroll in Central, was one of the first schools to hold its initiation. The members appointed to the society were announced on May 18, 1926.

The Declamatory Contest

THE declamatory contest is always a bright spot in Central's dramatic year. It offers an opportunity for all those interested in expression work to test their ability in comparison with other students of the school.

This year interest in the contest was even more lively than in former years. Nearly fifty people tried out in the elimination contests held early in the spring. As a result of these tests, Doris Hosman, prominent in expression work throughout her four years of high school, emerged victor in the dramatic section. Virginia Hogle, another senior, demonstrated her right to represent Central in the humorous division. Two debaters, Byron Dunham and Fairfax Dashiell, were judged best in the oratorical and extempore division, respectively.

At the sub-district contest at Blair, Central's representatives came off with one first place and two seconds. Doris Hosman and Byron Dunham placed second in their respective classes. Fairfax Dashiell, by winning first in extempore speaking, won the right to compete for Central in the district contest at North high. Here he again won a unanimous decision for first place and went to Oxford, Neb., to compete in the state contest. Competing with the winners of the other districts, he again emerged victor by a unanimous decision and won the state championship.

Commercial Contests

CENTRAL ranked high in both the Commercial contests entered this year. In spite of serious handicaps of having no entrants in several classes, the Purple typists won a first place and a second. Miss Marguerette Burke, Miss Edna Stewart, and Miss Harriet Rymer, of the Commercial department, were the coaches.

In the District Commercial contest, held at Nebraska City on March 27, Central won first place. Central was entered in senior type, junior type, novice type, novice shorthand, and spelling.

Helen Hercht won first in spelling and second in novice type; Dorothy Baird, Ruth Kastman, and Iris Kilgore won first, fourth and fifth places in junior type; Marjorie Trott and Ruby Kreculov won second and third in spelling; in senior type, Morris Brick won first, Maurice Miller, second, and Max Rosenblatt, third.

The State contest was held at Columbus, Neb., on April 30. Central entered in the same events as in the District contest, entering those who placed in the preliminary contest. The competition proved to be stronger this time, and Central took second place, losing by a very small margin.

Helen Hercht won fourth place in novice type, and Dorothy Baird, Ruth Kastman, and Iris Kilgore second, third and fifth places, respectively, in junior type. Max Rosenblatt took fourth in senior type, Frances Zeligson second in novice shorthand. In spelling Irene Rau tied for first place and Victor Clary tied for second. Victor Clary took fifth place in college type.

State Music Contest

THE third annual State Music contest took place at Lincoln, Neb., April 30, and May 1, 1926. Through the combined efforts of the executive committee and the music departments of the high schools of the state, the contest this year reached an attendance of thirteen hundred, the highest yet attained. The judges selected for the various events were as follows: Stanley Deccon, soloist for the Chicago Little Symphony, solos; Margaret E. Streeter, supervisor of music at Los Angeles, group work; and Joseph F. Moddy, supervisor of bands and orchestras of the University of Michigan, band and orchestral events. Because of the unusual number of entries in the solo section of the contest, preliminaries were held on April 30. The group events took place on May 1, and were divided into three classes, according to the enrollments of the schools represented.

Central high school entered seven numbers and placed in six of these. Three firsts, the Girls' Glee club, the Boys' Glee club, and a cello solo by Bettie Zabriskie; one second, a contralto solo by Dorcas Jones; and two third places, the mixed chorus, and a duet by Mildred Harris, contralto, and Jean Ellington, soprano, were awarded the Central entrants. A violin entry, Marjorie Smith, won a fourth place or honorable mention.

The showing Central made is one of which she may be proud. This year, as in preceding years, the music department has done its part in upholding Central's high standards.

Military

The Regiment

SERVICE and development through competition—thus can we give the key-note of the Cadet Regiment of '26. The reason the Regiment is today the greatest activity in the school lies in the fact that it has always stood for service to the school and for the development of the individual. Competition involving, as it does, a purpose, a preparation, a test, and a reward, is logically the best incentive to successful effort.

The purpose has never been lost sight of. The officers have aimed to make this year of drill the culminating triumph of four years' effort. The non-coms have striven to prove their ability to command now and in the future. Every company has worked to become the most efficient and best drilled unit in the cadet corps. Every contest has been undertaken with the idea that it was a test of ability and also a preparation for subsequent competition. In several ticket sales the Regiment has ably upheld its reputation as the most efficient sales organization in the school. The Regiment rendered valuable services during the American Legion National convention and in the various parades during the year; these are never complete without the cadet contingent. The Cadet Band, which was especially prominent in these activities, has also given remarkable service to the school at athletic events and mass meetings. The Annual Road Show was presented in a very creditable manner by the Cadet Officers' club to finance the annual Camp which is by far the biggest activity of the Regiment with the deciding test, the final "Compet," and then the reward!

A review of the Regiment cannot be complete without due acknowledgments to our Commandant, Lieutenant F. H. Gulgard. He holds the respect of every cadet as a leader with true executive ability, and the fine record of the Regiment in the past few years is abundant proof of his efficiency and of his ability to choose his subordinates wisely and justly. The success of the organization is assured as long as he is in charge, for he has that success truly at heart.

The cadet officers have furnished the student leadership to the best of their ability. They have spared no pains to make this year's organization stand high in the long series of efficient, well-drilled Regiments. They have gained valuable experience in discipline, in the fundamentals of leadership, in the ability to judge men, and the friendships they have formed have amply repaid their exertions. They have been ably supported by a fine body of privates and non-coms. The Non-Commissioned Officers' club is generally considered the backbone of the Regiment, and it gives promise of producing excellent officers for coming years. We can safely entrust to them the task of carrying on the traditions and upholding the high standards of the Central High School Cadet Regiment.

Coaches and Managers

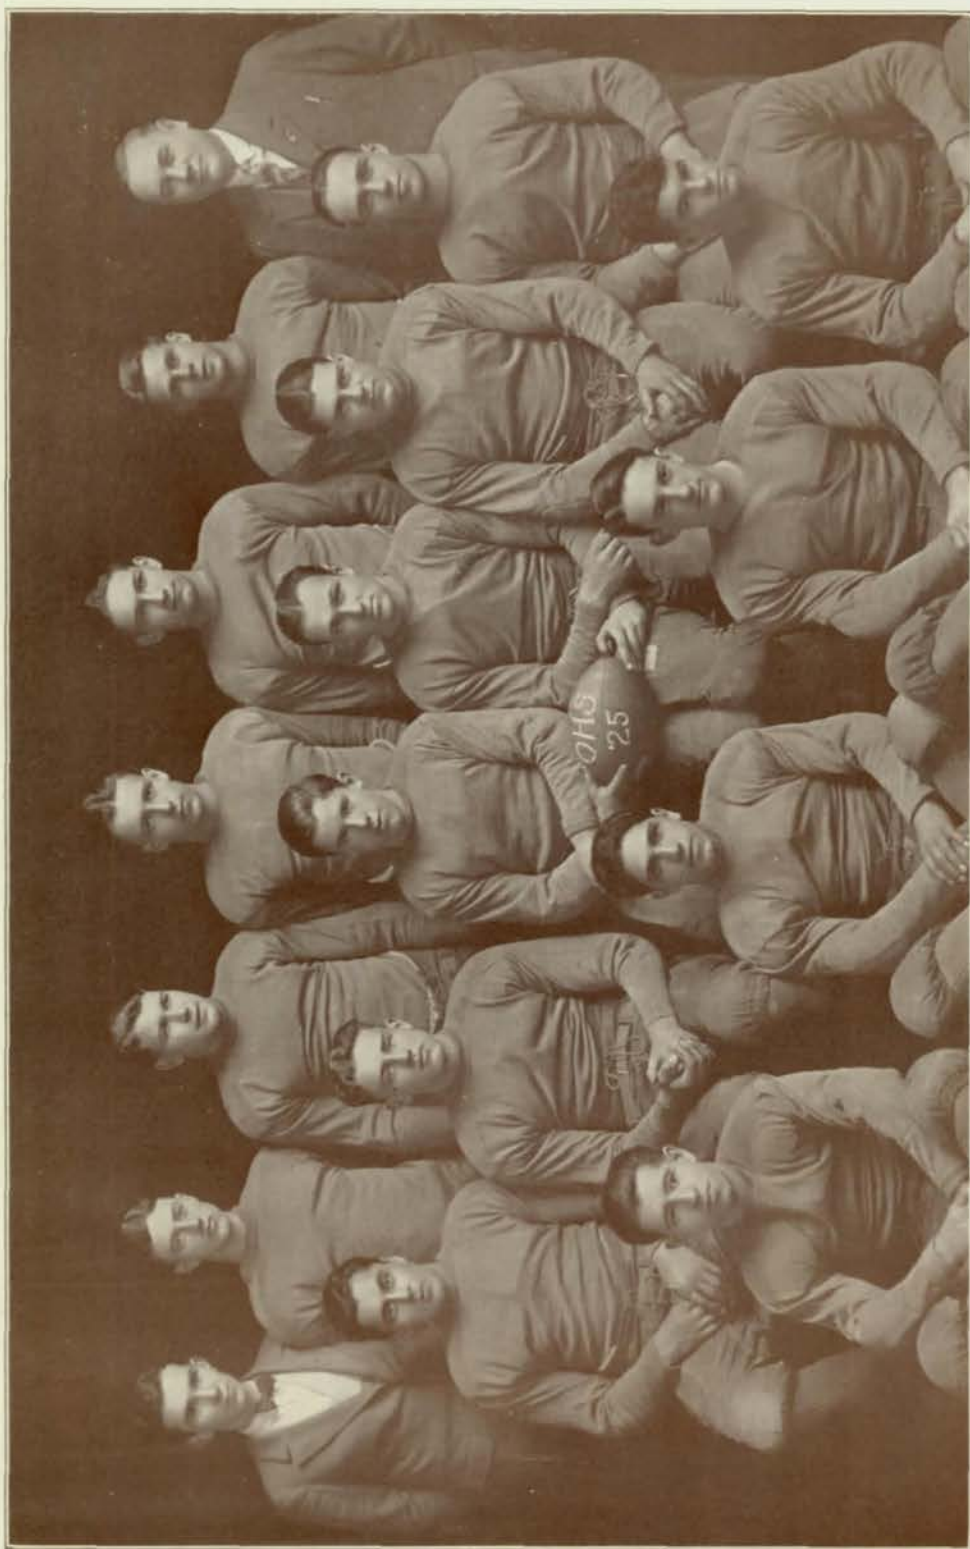

IN ORDER to put out strong teams and carry out a successful program of athletics, a school must possess an able body of coaches and managers. With Schmidt, Knapple, Bexten, Barnhill, Nelsen, and Bedell as coaches, and Reynolds, Mortensen, and H. Jones as managers, Central had a combination that put over a successful athletic year in spite of green material and lack of gymnasium facilities.

The major sports are coached by "Papa" Schmidt and "Yost" Knapple. Coach Schmidt, director of athletics, has produced many state champion track teams and has developed football elevens that always rank in the upper three of the state. Mentor Knapple, late of Sutton, has been hampered by green material; nevertheless he has coached top-notch teams. It is his hobby to beat Tech in basket ball, and he had an excellent baseball team that bid strongly for the city championship. "Skipper" Bexten and "Uncle" Barnhill are Central's assistant coaches. Mr. Bexten had exceedingly good success with his sophomore basket ball team, and Mr. Barnhill had a remarkable freshman football team as well as a good tennis team. Mr. Nelsen and Mr. Bedell, golf and wrestling coaches respectively, had considerable success in the minor sports.

The managers have the difficult task of seeing that the coaches and players are supplied with everything they need. The work in the locker room was skillfully and diligently taken care of throughout the year. Verne Reynolds has acted as student athletic manager during the year. His two assistants, Bert Mortenson and Horace Jones, have worked hard and deserve much praise for their valuable service.

As recognition of their high scholarship in addition to their outstanding work in athletics, eight Central men were elected to membership in the National Athletic Scholarship Society. Wallace Chadwell, Charles Chadwell, Harley Moorhead, John Staley, Whitney Kelley, Howard Chaloupka, Frank Mockler, and Verne Reynolds received this signal honor.

Bender—Bender's aggressiveness and fight made up for what he lacked in size. He could always be found in the thickest of the fight.

Chaloupka—"Mike" should have taken up the game about two years sooner than he did, instead of waiting until his senior year. He played a strong game at the pivot position and will be sorely missed when the 1926 season rolls around.

Douglas—"Bob" was hampered by injuries throughout the season, but nevertheless played a great game at guard.

Egan—"Willie" was the lone four-letter man on the squad. His three years as quarterback on Central's team won him wide recognition. He was one of the scrappiest athletes the school has ever had.

Greenberg—Elmer played a powerful game at tackle last fall and won all-city honors. He is a three-year man.

Hamilton—"Jimmy" had equal ability at running the ends and bucking the line. He has played halfback on the squad for three years, playing as a regular his last two years.

Jones—"Mizzou" showed the world some of his football ability last fall. He played a brilliant game against South. Everyone remembers how he downed that South man after he had run seventy yards toward Central's goal.

Kurtz—Kurtz's determination made him a guard that was hard to stop. He played only one season on the team, but his natural ability made him an indispensable asset.

Lepicier—Ray showed his opponents how the tackle position should be played. He has weight and speed, and his all-around ability won him all-state recognition in 1925.

Moorhead—Harley played a consistent game at guard all season. He was a man that could be depended upon to stick to his post at any cost.

Muxen—"Bud" played fullback for three years, winning all-state recognition in '24 and '25. He was an outstanding kicker and passer as well as ball carrier.

Pirruccello—"Percy" had the distinction of playing every position on the line except center. He was an outstanding player in any position and made it a point to stop everything that came in his direction.

Robertson—Three years as halfback on the team only partially explains "Manny's" football ability. He was a good broken field runner, passer, and end skimmer.

Thompson—"Red" is small, but he did stop them when they started toward his end. He has another season of stardom ahead of him. Let's go, Red.

Wadleigh—"Al" played end on the team and played his part with a spirit that wins. His graduation this June will be a great loss to the Purple.

BASKET BALL TEAM

Basket Ball

THE brightest spot in the basket ball season was the defeat the Purple stars handed to Lincoln on its own floor, winning from them by a score of 20 to 19. Facing an extremely hard schedule throughout the season with an inexperienced team, Coach Knapple had a hard problem before him. The mainstays of last year's squad, Robertson and Egan, were declared ineligible after the playing season had started. Coach Knapple's next problem was to reorganize his team and to find men to take the veterans' places. Cheek and Lepicier were the most promising for the positions and figured prominently throughout the season on both offensive and defensive play.

Grand Island, with a veteran team, made Central its first victim by winning a 21-to-9 tilt. Creighton, Sioux City, Beatrice, and South took revenge upon the Purple hoopsters, beating them by close scores. In the next two games Coach Knapple's men trounced the fast Abraham Lincoln and North quintets by scores of 20 to 18 and 23 to 6, respectively. The following week-end the team traveled to St. Joseph, and lost, 16 to 5. Saturday night of the same week the Central basketeers received a stinging defeat from the fast Kansas City, Kan., high school team. The next encounters were with Lincoln and Norfolk, who crumbled before the whirlwind attack of the Capitol Hill athletes.

In the tournament at Lincoln the squad went up against the strong West Point team and, in an exciting extra period game, lost by a two-point margin, 11 to 9.

All the players worked to their utmost and deserve much credit. Lepicier was given all-state mention, which was fully merited. Cheek, H. Jones, Glade, Reynolds, Hamilton, Thompson, Wright, Chadwell, Scholle and Fouts played good basket ball during the season.

The class teams played against each other during the basket ball season, having some very spirited contests. The city class basket ball was highly contested, with the Tech juniors winning the championship.

The annual open school tournament was held just before the playing season started. A team headed by Pollard won this tournament by going through undefeated. In the interclass tilt, Coach Barnhill's sophomores went straight through the tournament to the school championship.

BASEBALL TEAM

Baseball

CENTRAL'S first game of the season, with North high as its opponent, was a hotly contested affair. Ed Lilly, in his first start for Central, pitched fine ball, and the result was a 4-to-2 victory over the Norsemen.

In the next game, Central beat Creighton by the score of 7 to 6, but the strength of the Purple crew was not fully shown until the following week in the annual Tech-Central affair. This game brought out the best in every Central player, and by playing errorless ball, coupled with the hitting of Bleicher and C. Cox, Central won by a 5-to-1 decision over her ancient rivals.

The next two games, the first with South, and the second with North, almost spelled disaster for the Purple lads. South was victorious by the score of 4 to 2, and North won an erratic game from Central by a 9-to-3 score.

In spite of these last two defeats, Central was able to remain in a tie for first place with South and Technical.

Central was especially fortunate this season in the large number of exceptionally talented individuals that turned out for the diamond sport. "Dave" Bleicher's hit out at Fontenelle park that went for four bases gave him the well-earned name of "Slugging Dave." "Charlie" Cox hit a couple of balls in one game that didn't go for extra bases, so now they are calling him "Texas Leaguer" Cox. The name sounds all right, but it doesn't quite fit as good a hitter as "Chuck" is.

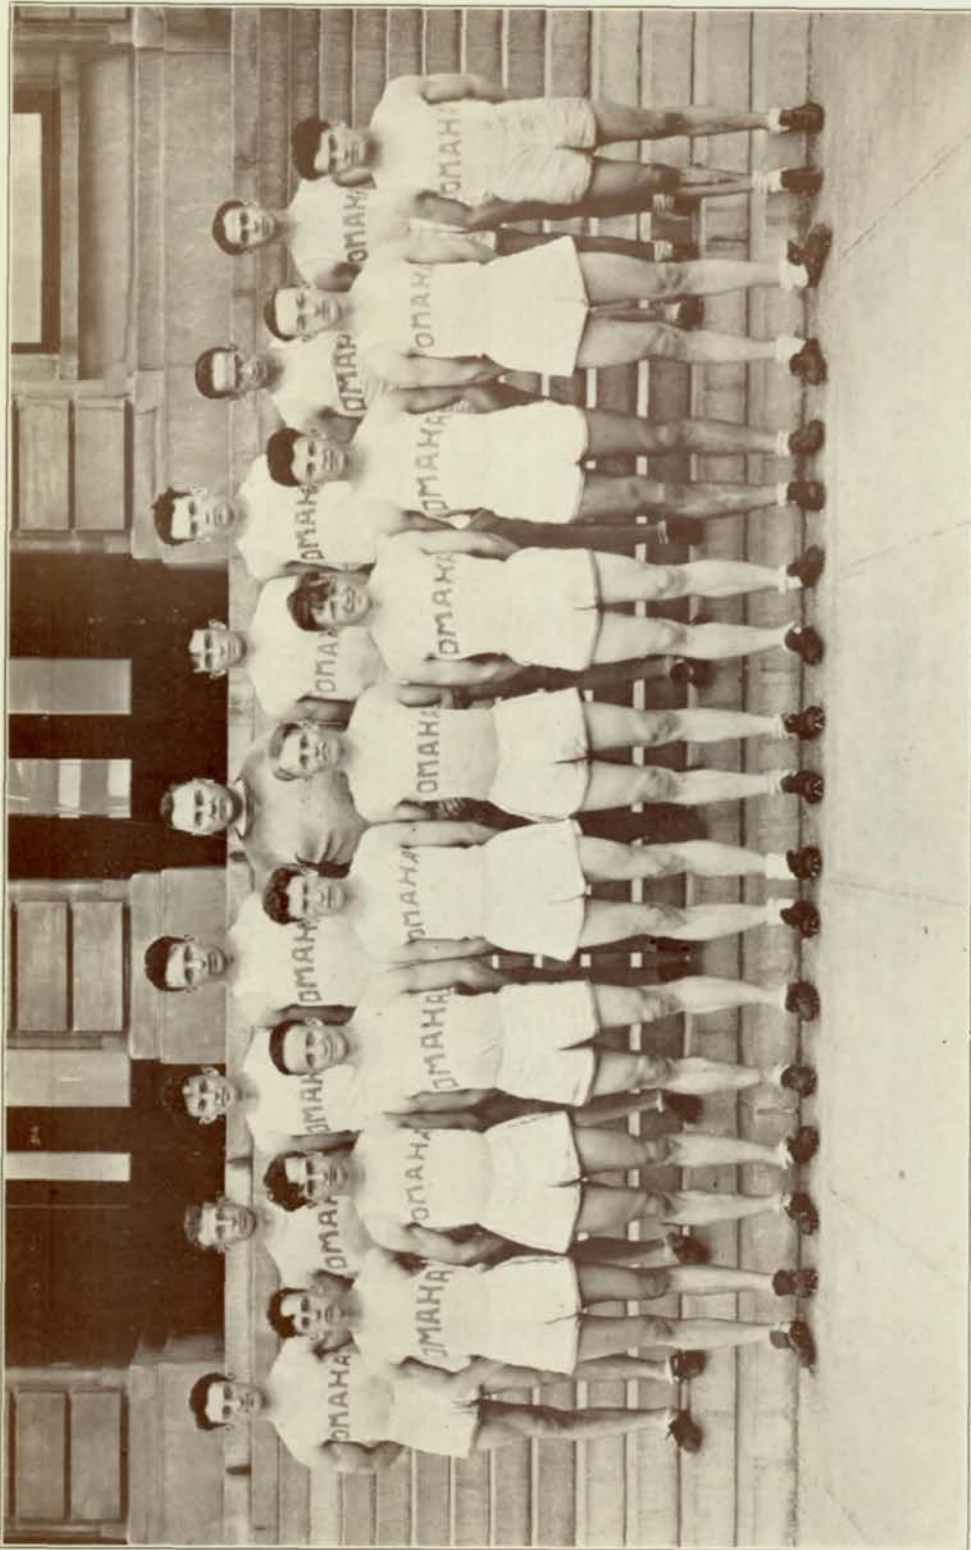

Verne Reynolds has accepted more chances while playing second base than any other player on the Central squad. Leon Fouts, besides being the longest man on the team, is probably the longest hitter the Purple crew has had this year. DeWitt McCreary, who is only a sophomore this year, is playing regularly in center field. He ought to be a wonder next year.

Carl Tollander, a brother to Harry, who played basket ball and baseball at Central several years ago, is playing third base like a veteran in his first year out.

Ed Lilly, who has pitched all but one game this season, is the main cause for Central being where it is in the league. His pitching has been consistent all the way through. Joe Turner and Elmer Greenberg are the two remaining outfielders that played good ball in the field, as well as accounting for themselves at bat.

"Heinie" Glade has played four years as a regular on Central's diamond crew. Because of his stellar work at bat and in the field, he has been captain for two years. He is considered the best ball player in the city high school league.

—Henry Glade '26.

TRACK TEAM

Track

THE opening of the track season found Coach Schmidt working hard, in an effort to overcome the handicap caused by the graduation of Marrow, Solomon, Doty, Muxen, Reed, and Clarke. Egan's ineligibility added to the task.

Captain "Missouri" Jones and "Heinie" Nestor proved to be Central's best exponents of the spiked shoe sport. "Missouri" led the field in the 100-yard dash at the state meet. Nestor's specialties ranged from the 100-yard dash to the quarter mile.

For the second time, Coach Schmidt took a team to the Drake relays. The quarter-mile team, made up of Jones, Lieben, Check, and Nestor, placed second. The mile relay quartet was one-tenth of a second too slow to qualify in the finals.

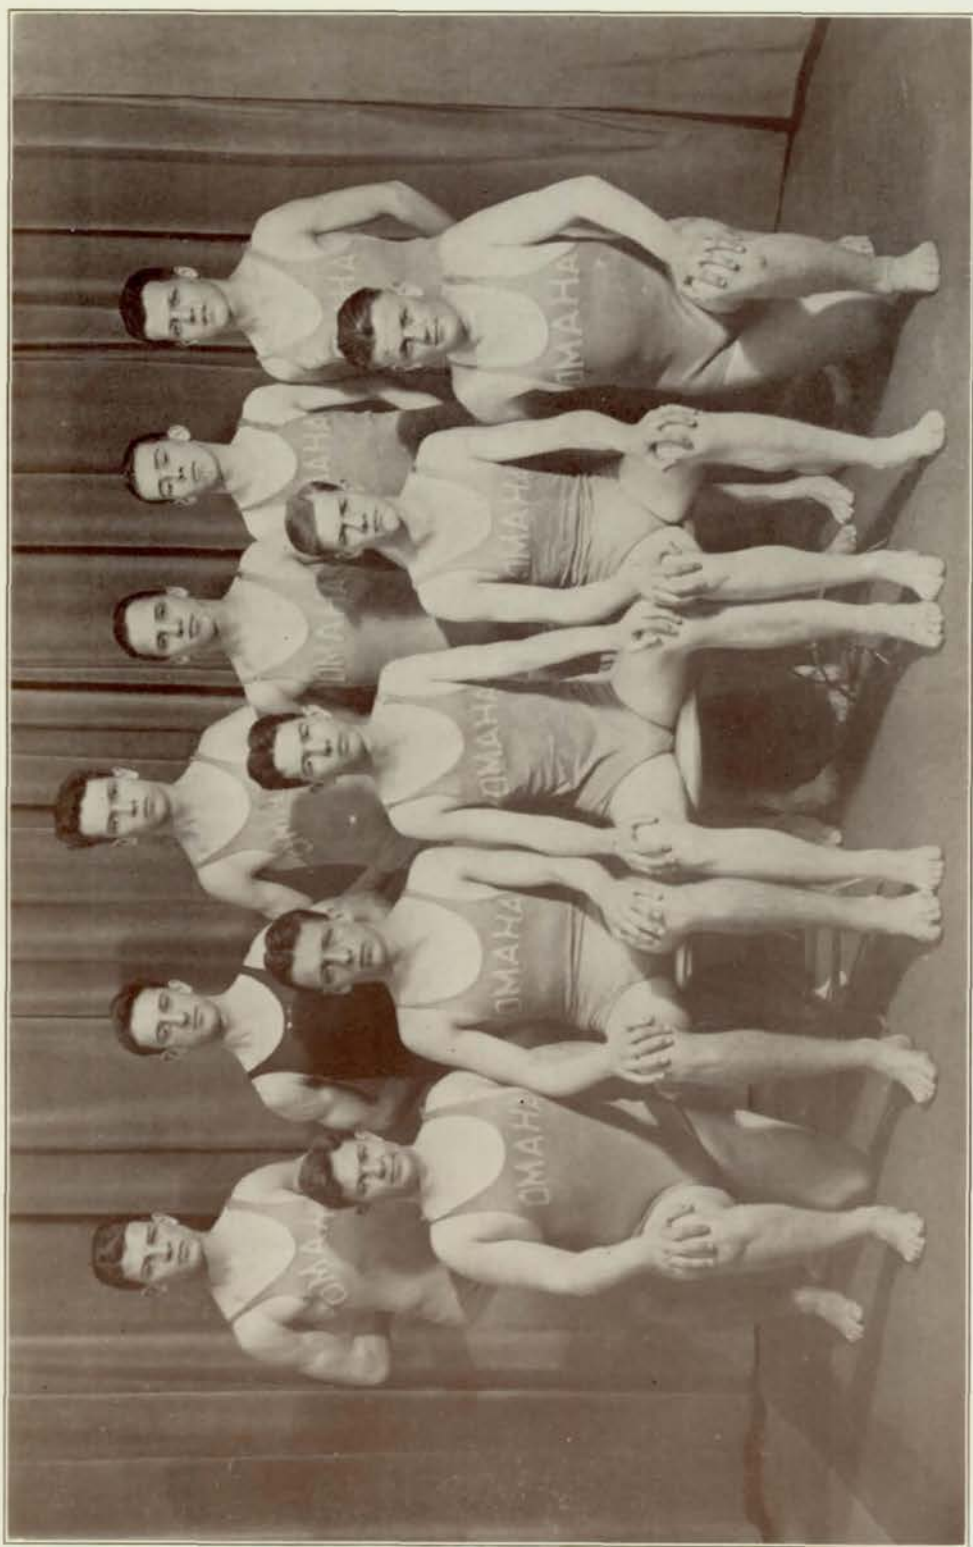

In preparation for the Drake games, "Jim" Hamilton suffered a severe cramp in his leg. "Jim" excels in the dashes, the hurdles, and the high and broad jumps. He was unable to compete strenuously for the rest of the season.

At the Council Bluffs relays, the Purple team ran in second place four times. The only first came when Jones won the century. At the state meet, the Centralites were again low in the scoring column. Outside of Jones, first in the 100-yard dash, Coach Schmidt's proteges were without victories. They tied for fifth place in the final score.

All hopes of carrying off high honors at the Medic meet dropped when Captain Jones was unable to compete.

Central's 1926 track season has not been so successful as in former years, but with such men as Encell, L. Enger, P. Enger, Gallup, Lieben, McGrew, Mortenson, Nestor, O'Hanlon, Pulos, and Wright to perform for her, Central may be sure of a winning track team next year.

—Finley McGrew '27.

SWIMMING TEAM

Swimming

ALTHOUGH handicapped by lack of their own pool and coach, the Central tanksters during the past season managed to cop six of their nine dual meets and a second place in the city and state contests.

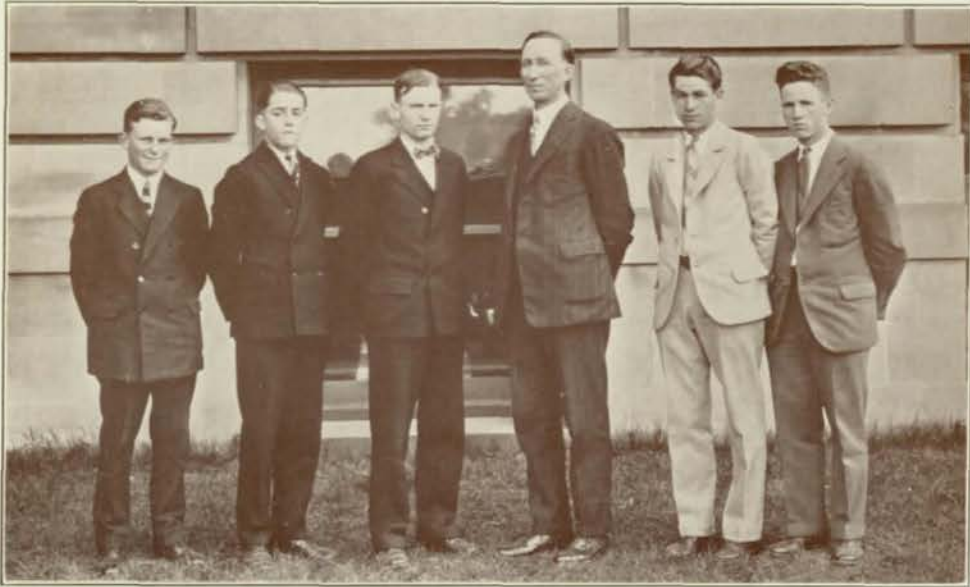

The first meet was with North and was won by the Purple with a score of 59 to their opponents' 8. Next on the program came South, and the Central ducks again emerged victorious with a score of 55 to 13. Prep was the next victim, submitting to the tune of 46 to 22. Tech handed the splashers their first defeat of the season in a thrilling match. Central fought valiantly, but lack of a good dash man caused the Purple to lose by a score of 38 to 30. On February 19, the team was again defeated at Lincoln, this time by a score of 39 to 29.

In the city meet Tech captured first with 38 points, Central second with 34, Creighton third with 13, and South fourth with 9. Again it was the lack of a fifty and one hundred yard dash man that spelled defeat for the Centralites. The paddlers rallied at the start of the second round of the schedule and triumphed over North, South, and Creighton, only to lose to Tech in the last of the dual meets.

The grand climax of the swimming season, the State meet, was held at the Omaha Athletic club on March 26. Tech again copped first, with Central a close second. Lincoln, previous conquerors of Central, was a poor third. The final score was: Tech 40, Central 33, Lincoln 15, and Creighton 8. South, North, Norfolk, and Fremont also entered teams, but they failed to place. All records, save the plunge, were broken. Central copped three firsts: Smith in the plunge, Chaloupka in the breast-stroke, and Mockler in the back-stroke. The latter two have not been defeated for the last two years in their respective events.

With an ever-increasing interest among the student body and such men as O'Hanlon, Kelly, C. Gallup, P. Gallup, Enger, Larkin, and Smith, to form the nucleus of the squad, prospects are extremely bright for next year.

—Frank Mockler '26.

F. Langhorst, B. Cowdery, F. Young, A. Nelsen, J. Pollard, W. Chadwell.

Golf

THE aggregation of golfers who represented Central in 1926 enjoyed a season that was replete with victories. In a series of dual matches with other teams of the city, Coach Andrew Nelsen's teams swung their way to second place, winning all the matches but one.

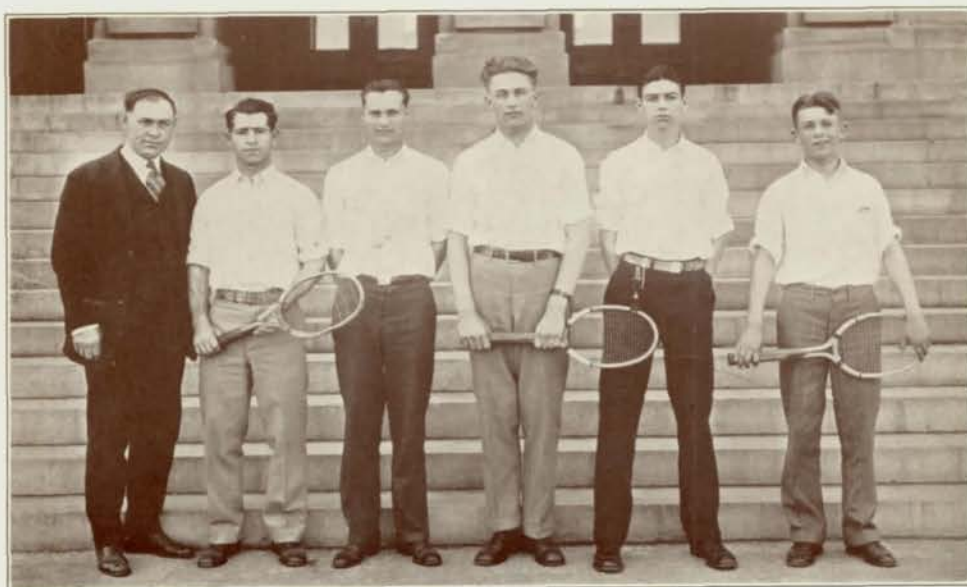

The niblick artists started the season by walloping North with an 11-to-0 score. A week later the Creighton Prep representatives were just as helpless before the onslaught of the Centralites. The lone defeat was at the hands of South, who won by a 7-to-4 score. The dual matches were closed by a decisive 10-to-0 victory over the Tech high club swingers.

The sensation of the Central squad was Frank Langhorst, a 15-year-old member of the team. Jack Pollard and Wallace Chadwell, both prominent in city golf circles, were the other stars who played consistently. Other capable clubbers were Johnson, Young, and Cowdery.

In the city tournament held on May 24, 25, and 26, Central along with South was a favorite entry.

The Purple teams have established an enviable reputation in state golf circles ever since the sport was introduced. With a few more victorious seasons like the last, this reputation will become tradition.

—Ben Cowdery '27.

Coach Barnhill, Bender, O. Blandin, Moorhead, Pattullo, Lundgren.

Tennis

TENNIS at Central under Coach G. E. Barnhill is still in its infancy, but a step toward further development has been made by the State Interscholastic Tennis tournament held at Lincoln every year. One of Central's players, Ben Stilphen, won the state singles championship in last year's tournament.

This year Central took part in the city tournament, entering two singles players and one doubles team. So far this season the Purple racketers have defeated North, 15 to 0, and lost to Creighton Prep, 15 to 0. The outstanding player of the year is Ogden Lundgren, who is only a freshman. He assures Central of having a winning team for the next three years, at least. Other members of the team are Ben Stilphen (captain), Bender, Pattullo, Dickinson, Blandin, and Moorhead.

One of the most outstanding features of the season is the growing prominence of girls' tennis. A five-round tournament was played in order to find the feminine champion. Both Evelyn Adler and Ruth McClenaghan, finalists, participated in the city tournament.

In order to promote further progress in tennis as a sport at Central, plans are being launched to build a tennis court on the southwest corner of the campus. The court will bring an opportunity for regular practice and do much toward further increasing the popularity of the sport in the high school.

Wrestling

HANDICAPPED by lack of facilities with which to practice and by a late start, Central's wrestlers went through the season with a fairly good record. Central's first dual meet was with the Norse grapplers at North high school.

Although the Northmen, by their superior amount of practice, won the meet, Schriebman in the 95-pound class and Greenberg in the heavyweight class, copped decisions for Central. South was the next opponent on Central's schedule. In this meet Culver and Fouts won falls, and Lamoreaux won a decision for Central, but the Packers managed to win the meet after hard-fought matches. Central next grappled with the Maroon matmen from Tech. In this meet Captain Culver was the only Central man to win a victory. In the city contest held at Tech gym, Central placed two men in the semi-finals, Luther Enger in the 158-pound class, and Fouts in the 145-pound division. In spite of the fact that several of Central's bonecrushers of the past season will be graduated, plenty of good material will be on hand to uphold Central's work on the mat next season.

Survey of Girls' Athletics

SUCCESSFULLY opening the girls' athletic season, field hockey rapidly developed during the fall of 1925 under the coaching of Miss Elinor Bennett. The skill of several enthusiastic veterans was combined with the persistent efforts of the new players to produce two fast teams capably led by Katherine Allen and Sue Hall, both of '26. After practicing once a week until Christmas, the girls postponed the tournament game until spring because of deep snow. Sue Hall's team won. Approximately half of the team will hold over until next fall.

For the first time in the history of Central girls' athletics, a freshman basket ball team was organized. Although they reached only the second rung on the championship ladder by defeating the junior team the girls displayed a keen knowledge of the game. Playing with the fighting spirit of Central, the senior quintet fought its way to the championship of 1926. An extra period was necessary for the last year's champs to retain their title in the final tournament game against the sophomore team. Teamwork and experience led the senior team to victory, while Margaret Thomas was the mainstay of the freshmen girls.

Dorothy Zimmerman and Katherine Allen attained the coveted positions of captains of the rival volley ball teams, the Purple and the White. "Zim's" followers, lacking the pep of their leader in the first half of the contest, finally woke up and gave "Taddie's" enthusiastic team a good fight, but could not prevent it from romping away with seven games out of the twelve played.

In baseball, a "hit or miss" tournament was run off to decide the school title. Each class sent its feminine "Babe Ruths" to bat their way to victory. The tennis tournament was open to all the girls in the school. An array of talented racquet wielders burned up the courts with fast duels to produce a star.

The Student Association

THE Student Association for 1925-1926, besides fulfilling its usual duties of managing the great school activities, succeeded in arousing unequalled spirit and enthusiasm. Ever since the association was organized in 1912, it has created wonderful school spirit by uniting the student body.

The first event of the year was the election of officers. All holders of Student Association tickets were allowed to vote. Sherman Welpton, popular student and capable executive, was elected president. Henry Moeller, senior play manager and president of the C. O. C., won the office of vice-president. Dean Hokanson was chosen secretary, and James Paxton chairman of the reception committee. Both hold high offices in the Cadet Regiment. Harold Thorpe and Howard Kennedy were elected advertising managers, while William Egan, popular all-around athlete, was chosen athletic manager.

The most important work of the association was the management of all the mass meetings held during the school year. The football season was ushered in with four assemblies to boost the Fremont game. Four more were put on to pep up the students for the Lincoln high game. Various other get-together affairs were held in the school auditorium to launch the basket ball season, to boost the Tech game, to announce Junior Honor Society members, and to present awards to those who had brought various honors to Central.

Three big mass meetings were staged at the Rialto theater under the direction of the association. The first of these downtown meetings was to create enthusiasm for Color day, an idea originated last year, to set aside one day for the entire student body to wear purple and white. This year, under the supervision of a committee composed of one member from each school organization, plans were made for a similar Color day. The day before the Tech-Central clash on the gridiron was set aside for the demonstration. Following the big pep meeting at the Rialto, a procession wound through the downtown streets to the east steps of the school building where the cheering marchers gathered for the flag-raising ceremony. The entire inside of the school, corridors, classrooms, and study halls, was a mass of purple and white. That evening at dusk, a huge bonfire was built in the football cage on the west campus. Speeches, songs, and yells aroused the enthusiasm of the huge crowd that gathered.

The next Rialto assembly was the patriotic mass meeting to commemorate the birthdays of Washington and Lincoln. At the third gathering, the 1926 members of the National Honor Society were announced.

The Association received valuable assistance from the Regiment and the Color day committee, and was fortunate in obtaining many excellent outside speakers for the various programs.

The Central Committee

THE Central Committee is not an age-old institution of Central; yet, indeed, this fact has not daunted its ever-enthusiastic courage. It has struggled through difficulties to accomplish the tasks it set out to do. Not once has this organization failed in its duties.

Last spring, regardless of heat, grass stains, and more pleasant amusement, the willing workers of the committee rid Central's lawn of its pests, the dandelions. This year the members have secured better ink, been watchful of the care of all school property, acted in the cafeteria as Miss Mabel Carter's policemen, secured and lighted a large trophy case, guarded numerous flags during Legion week, patrolled and enforced closed halls, and kept eyes attentive and alert for any work awaiting them.

The sponsors of the organization, faithful since it started, are Mrs. Ada I. Atkinson, Miss Penelope Smith, and J. F. Woolery.

Rita Starrett and Kenneth Shirk were elected president and secretary, respectively, for the first semester. Their willing work and constant help succeeded in bringing about many accomplishments effected by the committee. Kathryn Indoe and Gretchen Standeven, officers of the second semester, are likewise to be commended for their influential aid.

Student Control

THE present Student Control had its beginning in 1911, when a group of students banded together in such an organization for executive and legislative purposes in connection with the student body. The organization met with varied success, but for some cause dropped out of existence in 1919. A period of three years elapsed until L. N. Bexten, the present sponsor, appealed to the student body for aid. Members are now chosen for scholarship and executive ability. Applications for membership are to be indorsed by two teachers or one active member of the body.

The good will of the school towards the Student Control has greatly stimulated the efficiency and effectiveness of the organization as is evident through the increased order in the school. The tasks of controlling lunch lines, keeping the halls quiet, assisting in library registration, are assigned to members.

As has been the precedent for the past years a number of juniors have been elected to membership so that the Student Control may have a nucleus upon which to work in the fall of 1926.

Speakers' Bureau

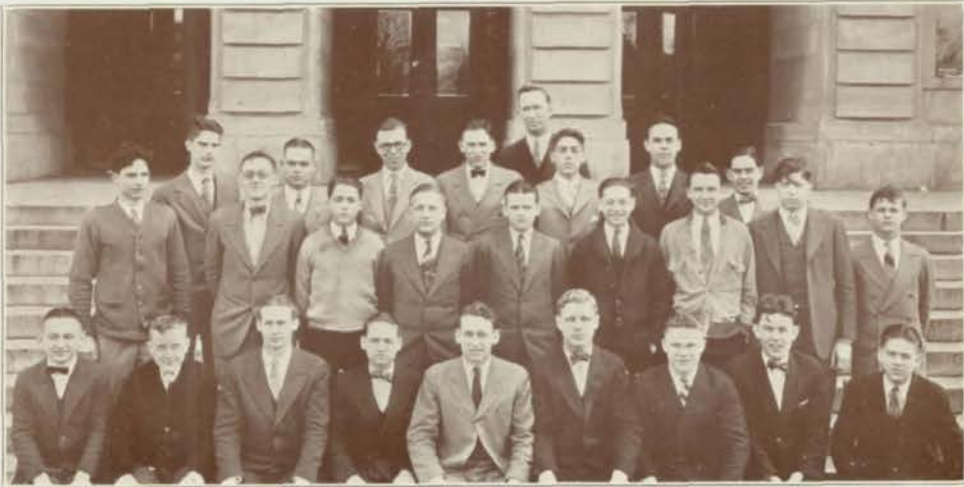

66 **C**OME out and boost your school—we want to see you there.” urges the homeroom speaker, and he is sincere, for the Speakers' Bureau is the activity that backs all other school activities.

Meeting in room 129 during homeroom each morning, the seventy-six members strive to attain perfection in public speaking and parliamentary procedure. Besides going on drives for The Weekly Register, Pageant, Color Day, Debate, Coffey-Miller players, Opera, Road Show, and O-Book, the Bureau adopted a purple and white official speaker's badge to wear on drives, held tryouts and initiation for new members, and elected as mascot a large clam procured from the biology department.

The Speakers' Bureau, organized in 1922 by Miss Lena May Williams, is probably the first organization of its kind in any high school. Since then, Omaha Technical and several other schools throughout the country have adopted similar organizations.

Officers for the first semester were Harley Moorhead, president; Doris Secord, vice-president; Gretchen Standeven, secretary; Elizabeth Mills, treasurer; Carl Sipherd and Marjorie Ackerman, sergeants-at-arms. During the second semester Richard Woodman was president; Kenneth Saunders, vice-president; Elizabeth Halsey, secretary; James Bednar, treasurer; Isabel Lehmer and Justin Wolf, sergeants-at-arms. The Purple Legion

OUT of a former organization, the Rufnex, has emerged the Purple Legion. Principal J. G. Masters, in league with a committee of competent teachers, undertook to reorganize the old organization and make it more representative of the school as a whole. The committee selected a group of thirteen representative boys as charter members for the new organization. Then application blanks were distributed throughout the school to each candidate to be signed by two teachers and two members. The charter members voted on these applications and elected about twenty-five new members.

The Purple Legion, as it is now called, personifies Central's spirit. The Legion assumes all of the business end of an athletic contest. Last season it took charge of all the home football games, selling tickets, keeping out gate-crashers, and handling crowds. On dress occasion the Purple Legionnaires appear in white costumes with streaming purple sashes.

Andrew Nelsen and Miss Maybel W. Burns are sponsors of the Legion boys. Robert Rix is president, Allen Meitzen vice-president, and Ben Cowdery, secretary.

The Monitors' Council

MONITORS' Council is a new organization, unique in origin and in character. It is composed of seven members, one elected by the monitors and librarians from each hour in the library. This Council holds office for one semester only. It is perhaps the only organization in the school in which the students take over the entire responsibility, although Miss Zora Shields, the sponsor, is present at each meeting.

Monitors' Council has a two-fold purpose: first, to penalize those who do not conform to the rules of the library; second, to make plans and suggestions for bettering the work and co-operation in the library. The Council this year has tried to become better acquainted with the Monitors and to talk personally with those committing serious errors. With the introduction of registering permanently those seniors who take American history and find it necessary to be in the library every day, the Monitors' Council has had to face many serious problems, especially those dealing with the suspension of "permanents" and monitors from the library. The influence of their work has been keenly felt, and a new spirit which has been heretofore lacking has been prevalent in the library.

This year the Council elected as its officers for the first semester, Gretchen Standeven, president; Mary Claire Johnson, secretary; for the second semester, Gretchen Standeven, president; Katherine Allen, secretary.

The Project Committee

THE increase in importance and popularity of the Project department, supervised by Miss Genevieve W. Clark, has been very marked during the last year, more so than in any of its previous eight years. At the beginning of the year the student committee had only four members: Beulah De Singers, Elizabeth Waldo, Mildred Goosman, and Lillian Field. Then, too, open house, in charge of this committee, was held but twice a week. However, because of the demand for exhibits, it was necessary to enlarge the committee. Ethel Ackerman, Marie Swartz, Marie Robertson, Betty Blackwell, Meredith Oakford, and Emily Rutter were selected to meet this demand. Since this enlargement the Project room has been open to visitors every evening after school and presided over by two of the committee dressed in gay smocks.

Among the new projects are a jovial jester stick in red and yellow, a miniature section of medieval London, several medieval siege engines, a stage setting, and a gilded Trojan chariot.

Not only have demonstrations been given to English, Latin, and history classes, but also to groups who have come from grade schools and from the University of Omaha to see the entire collection.

The city newspapers, several educational magazines, and our own Weekly Register have given much helpful publicity to Central's Project room which already has done so much and holds promise of so much more.

The Central Colleens

Central Colleens

66 **A** CLUB to which all girls can belong, whether seniors or freshmen!" That was the demand that the girls of Central made at the first of this year. When Student club was disbanded, there was not an organization that brought the girls of the high school together. So, under the direction of several members of the faculty, a large group assembled and chose as its name Central Colleens. As aims of the club they proposed to form more perfect friendships, to establish co-operation between the upper and lower classmen, to insure helpfulness to the interests of the school, and to promote democracy and school loyalty.

A great part of the year was spent in organizing the club and in drawing up a suitable constitution. However, the girls took over the Big Sister movement and did a great deal toward making the freshmen feel at home. A program was drawn up providing some particular duty for each day of the first two weeks. "Ask Me" bands were worn by the Big Sisters for several days.

After the officers were elected, standing committees were appointed. These committees included practically all of the two hundred members of the club, and fulfilled such duties as taking care of the teachers' rest room, providing social entertainment, checking membership, and taking charge of the bulletin board. A committee to work out the activities of the organization was also elected at the first of the year. All these committees have shown a spirit that surely predicts success in the future.

The club this year elected as its officers, Gretchen Standeven, president; Billie N. Mathews, vice-president; Katherine Allen, secretary; Sue Hall, treasurer; Helen Peterson and Frances Smiley, sergeants-at-arms; Irene Reader, reporter. The sponsors, three of whom were elected by the club and two appointed by the office, were Miss Nell Bridenbaugh, chairman; Miss Julia Carlson, Miss Irma Costello, Miss Martena Swensen, and Miss Marian Morrissey. Miss Jessie Towne, the dean of girls, acted ex-officio.

The French Club

REORGANIZED this year with a limited membership, the French club has made great progress. The organization engaged in numerous activities, among them a luncheon given at the Fontenelle hotel, March 13, and the annual play, "L'Anglais Tel Qu'On le Parle," given in the Central high school auditorium, April 13, on the same program with the Spanish club play. The club still helps support a French war orphan to whom Christmas gifts and the play proceeds were sent.

First semester officers were re-elected for the second semester. They were: president, Gretchen Standeven; vice-president, Sarah Pickard; secretary, Kathryn Indoe; treasurer, Georgene Rasmussen; and sergeants-at-arms, Gretchen Goulding and Nora Perley.

A great deal of credit is due to the two sponsors, Mme. Chatelain and Miss Bess Bozell, for the recent development of the club. Through the co-operation of faculty and members, the organization has reached a high standing and is doing its bit in supporting Central's French department.

The Reyna Spanish Club

THE Reyna Spanish club, founded in the fall semester of 1922 by its sponsor, Alfonso Reyna, has endeavored to acquaint the members of the club with the history of Spanish-speaking countries and to further their knowledge of that language.

Spanish songs, Spanish games, Spanish plays, and Spanish history make up the programs which occur at each alternate meeting. The other meetings are used for the discussion of club business.

Sociability and fellowship were inspired among the club members by a party given during the first semester, and by a tea and a picnic given during the second semester. The Spanish club sponsored a play, "La Broma," which was given by the Spanish department in the school auditorium on April 14.

Josephine Thomas '26 was president of the club during the first semester; Alice Fitch '26, vice-president; Nathalia Field '27, secretary-treasurer; Floyd Wilson '27 and Margaret Colvin '28, sergeants-at-arms. At the second semester election, Josephine Thomas '26 was re-elected president; Gertrude Welch '26 was elected vice-president; Nathalia Field '27, secretary; Sarah McKie '26, treasurer; and Floyd Wilson '27, sergeant-at-arms.

A second sponsor, Miss Phoebe Jane Hunt, was added to the club membership during the second semester. Miss Hunt has been a great help to Mr. Reyna and to the club in carrying on its work.

The Mathematics Society

THE Mathematics society with a real spirit of enthusiasm and co-operation, has in the past year commendably carried out its purpose to promote interest in the historical background of mathematics and in the field of practical application. By more than doubling its membership the society acquired the distinction of being one of the largest departmental organizations at Central.

The officers of the society have proved themselves worthy of their positions. They are: first semester, president, Kenneth Shirk; vice-president, Nora Perley; secretary-treasurer, Pauline Lehmann; sergeants-at-arms, Harry Rubenstein and Marion Cosmey; second semester, president, Kenneth Shirk; vice-president, Pauline Lehmann; secretary-treasurer, Tom Gannett; sergeants-at-arms, Donald Fetterman and Margaret Wigton. Sponsors for both semesters are: J. F. Woolery and the Misses Amanda Anderson, Anna Adams, and Grace Fawthrop.

Under the capable leadership of Kenneth Shirk, the society has had a banner year. The numerous programs have been both entertaining and instructive. A rapid calculator, a slide rule demonstration, and a variety of other novel features have made up the year's program.

In every respect the Mathematics society has been outstanding. And so, may next year's society attain to such a degree that the name of the Mathematics society will still signify an organization of high achievement.

The Business Club

THE Business club was founded in November, 1925, by J. W. Lampman, at the request of students taking business subjects. The fundamental purpose of the club is to acquaint the members with Omaha business men and business methods. Bankers and other business men of the city have addressed the club at various meetings and discussed phases of business policy.

Any student in the high school is eligible to membership. The meetings this year were held on Tuesday of every other week. During the first semester, Margaret Foley was president; Eleanor Swoboda, vice-president; Charles Matthews, secretary-treasurer; Edward Kurtz and Harold Abrahams, sergeants-at-arms. Heading the club for the second semester were Jean Cote president; Harold Abrahams, vice-president; Eleanor Swoboda, secretary-treasurer; Charles Stearns and Oscar Manger, sergeants-at-arms.

The Natural Science Club

The Natural Science Club

FOR the purpose of fostering the spirit of scientific study by individual students, utilizing both outside and home talent, the Natural Science club was organized during the past year by the students of the natural science department. The need of an organization to sponsor lectures pertaining to scientific work and to take charge of outside study being done by students who are interested in field work, has long been realized, but it was not until this year that the students interested in the natural science work organized.

Membership is open to any student in the high school who is interested in the work and who is taking or who has taken natural science. One general meeting of the entire club is held each month to care for business matters and to make future plans for the club. Meetings of the executive and representative committee, which is made up of two representatives from each science in the department, are held more frequently. The club is sponsored by the teachers of the science department.

Under the capable leadership of Kenneth Van Sant, president, Gerhardt Dorn, vice-president and secretary, and Ira Porter, treasurer, the club has reached a point where it may be considered safely organized. It has been very active during the short time of its existence. The largest event of the year was a field day held this spring for the purpose of studying true nature. Plans have been made to hold such a field study twice a year with one trip in the fall and one in the spring. Several famous lecturers have spoken to the students during the past year, among them, Dr. Cora Best of the United States Bureau of Economics and Walter W. Bennett, famous bird lecturer. Considering the progress already made by the club, the future looks still brighter and better for Central's newest organization.

The Greenwich Villagers

THE Greenwich Villagers, a group of art students organized in 1922 for the purpose of promoting interest in art work, have given great service to many school activities. This year they took charge of all kinds of sign work, making the "Wear the Purple" signs for Color day and painting the place cards for the Debate club banquet. They also prepared the costumes for the Road Show and the letters for the athletic department.

At Christmas time a tea was given for both students and faculty. Along with the tea, the Villagers gave a bazaar at which they exhibited and sold many art projects. The proceeds were turned over to the scholarship fund.

Each year the Greenwich Villagers have a scholarship contest in which graduating members turn in three art problems. The entries are judged by Miss Towne, Miss Reed, and Miss Knight. This year Vivian Krisel won first prize, while Catherine McNamara and Jeanette Dreibus were given the second and third awards.

Helen Weir had the honor of being elected president both semesters, and Chester Nielsen, secretary-treasurer, also held office for both semesters. Alice Fitch was chosen vice-president during the first semester, and Helen Huffman acted in that capacity during the spring term. Miss Mary Angood, head of the art department, is sponsor.

The Titians

THOUGH comparatively a new organization in Central high school, having been started little more than a year ago, the Titians have ably demonstrated their worth by the service rendered to Central during the past year.

The auburn-haired girls, sponsored by Mrs. Irene Jensen, music instructor, have ushered at the opera, "Sweethearts," the Girls' Band concert, the Mary Howard performances, the Pageant of the Epics, the Junior Glee clubs' concert, and the Modern Language entertainment.

In addition, the Titians formed a special homeroom of their own, gave a luncheon for their mothers, and sent a Thanksgiving basket to a poor family. Their officers for the first semester were: president, Mildred Chappell; vice-president, Mary Sue Eddy; secretary-treasurer, Mary Jane Swett; sergeants-at-arms, Helen Robison and Grace Baldwin; head usher, Georgia Morgan. During the second semester they were: president, Mildred Chappell; vice-president, Mary Jane Swett; secretary-treasurer, Marjorie Smith; sergeants-at-arms, Virginia Seabrooke and Gertrude Rishling; head ushers, Gretchen Goulding and Georgia Morgan.

The Lininger Travel Club

THE Lininger Travel club is one of the oldest as well as one of the most interesting clubs in Central. It was founded in order to give the students an opportunity to learn about distant places, to help the poor, to welcome the freshmen, and to create a friendly feeling between the girls.

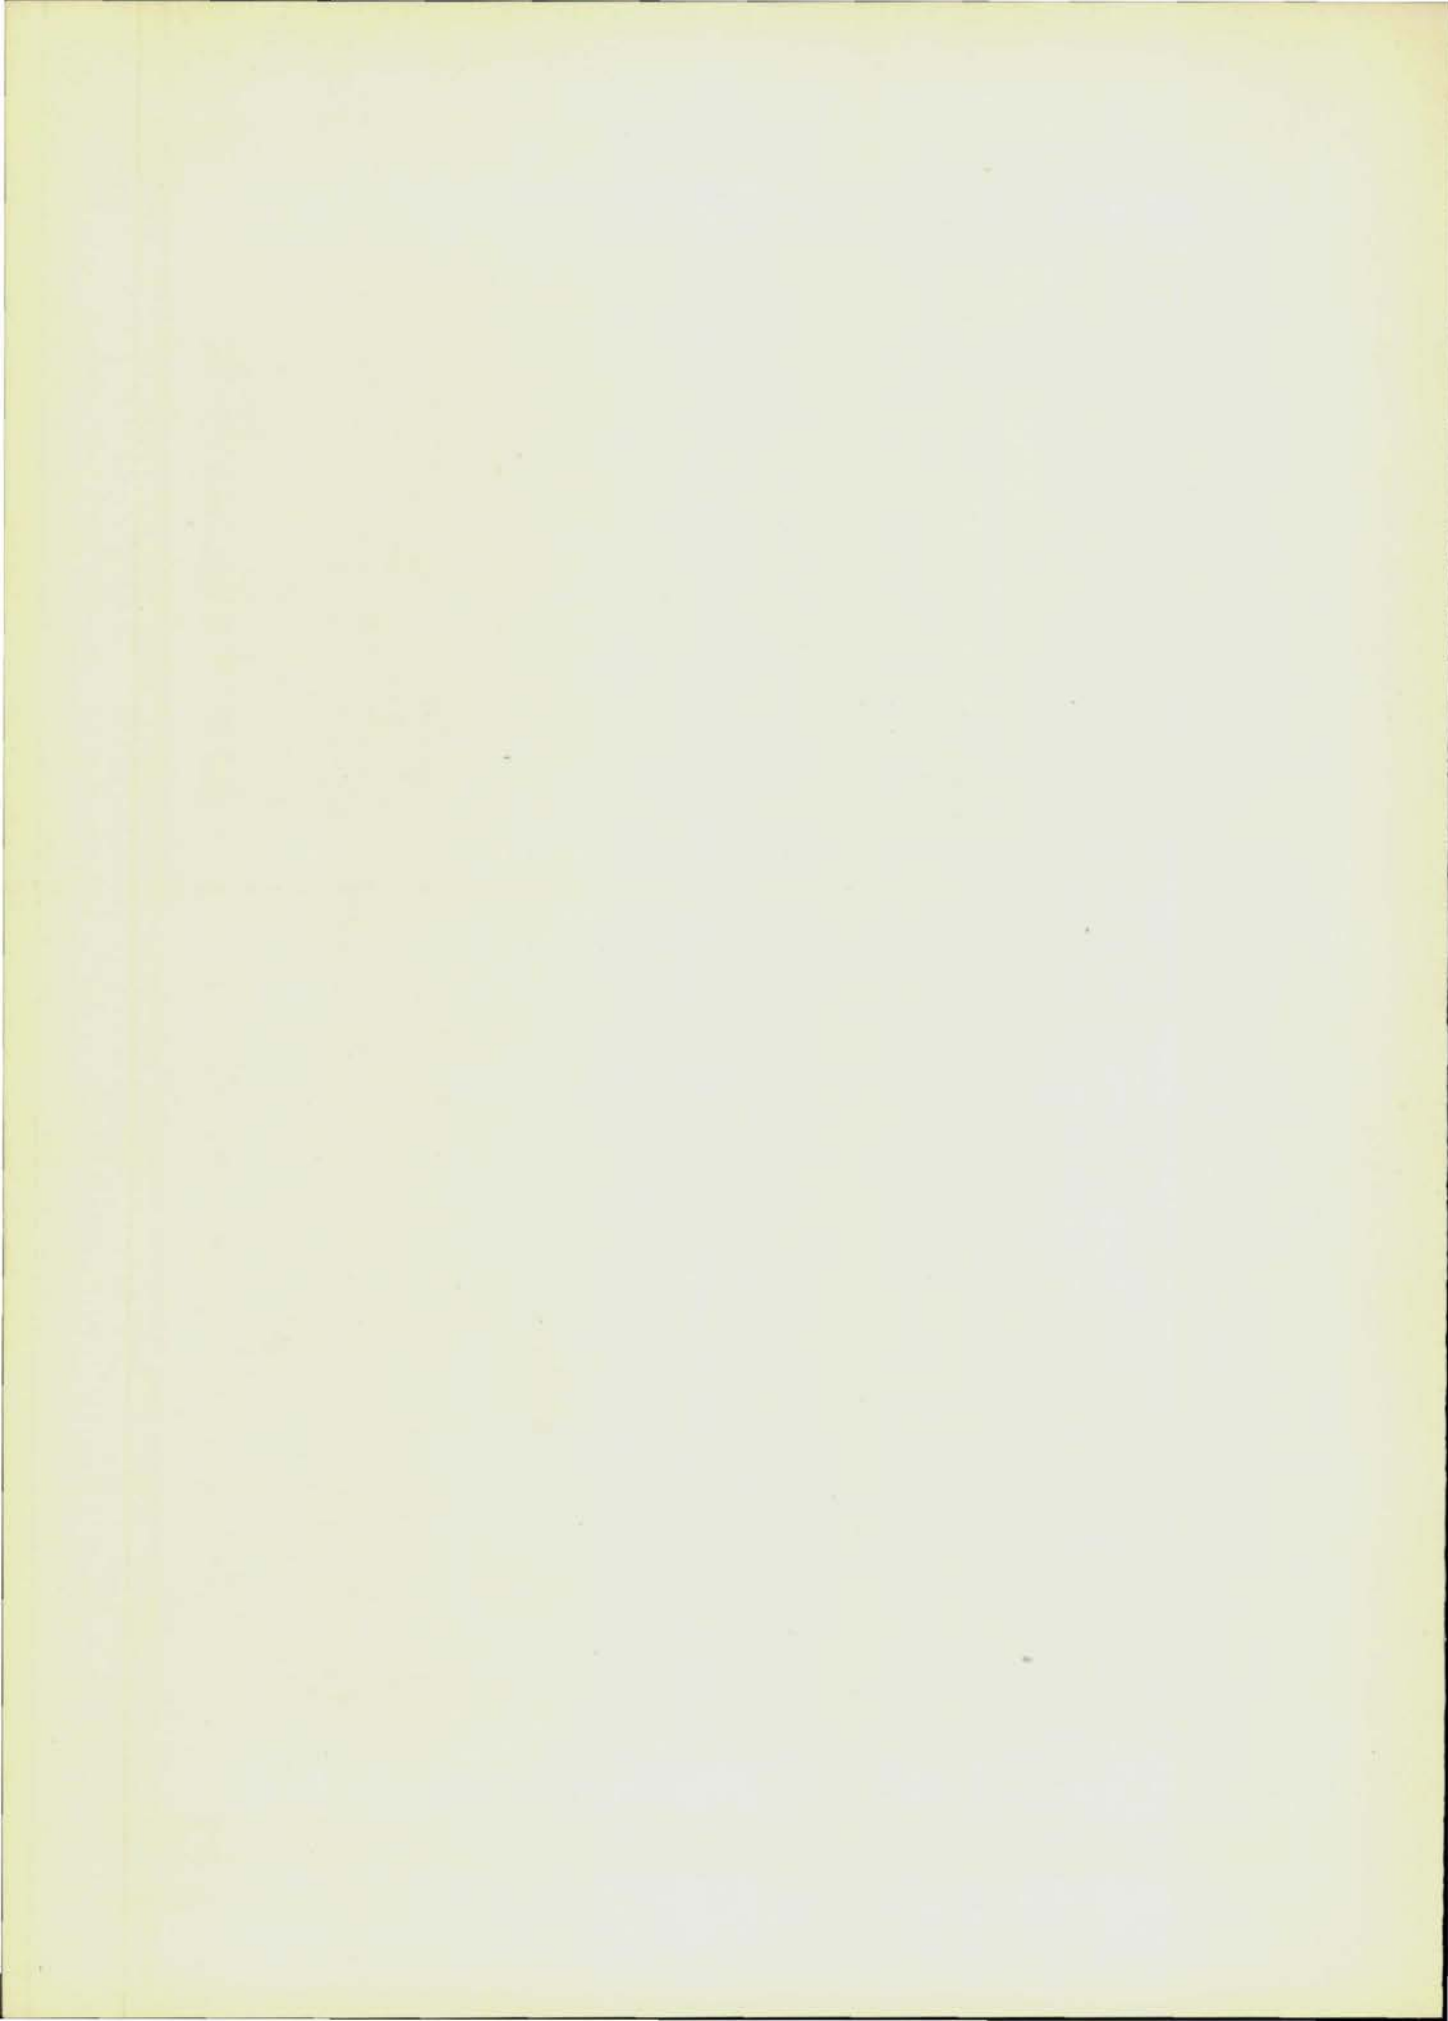

This year the club has more than fulfilled all its purposes. Interesting talks about Rome, England, Alaska, California, and the Rocky mountains, have been given. The club, helping to support one destitute family, provided it with great baskets of food on Thanksgiving, Christmas, Valentine, and Easter. Two freshmen parties were held, one in September and one in February. Then, primarily for enjoyment, the club held two initiations, a Christmas party, and several hikes.

All this was done under the supervision of the president, Della Inglis, who was ably assisted by the vice-president, Dorothy Monroe; the secretary, Ruth Helen Walker; the treasurer, Doris Small; the sergeants-at-arms, Doris Atack and Bernetta Wiebe, and the sponsors, Miss Leila Bon and Miss Margaret Mueller.

Fine Arts

“Sweethearts”

FOUR pilgrims, sneaking schemers, a long lost princess, and a veritable prince-charming were not merely fairy persons, but living people in “Sweethearts,” a Victor Herbert opera, presented by the Senior Glee clubs of Central high school, December 18 and 19. Mrs. Carol Marhoff Pitts, head of the music department, and Miss Floy Smith, acting head of the expression department, directed the performance.

The brilliant comedy lines and appealing music, combined with the clever impersonations and excellent character acting, made this comic opera, somewhat on the Broadway type, one of the cleverest productions the clubs have ever given.

Helen Strom made a very charming and appealing little princess, and Roy Larsen, with his earnest acting and delightfully sympathetic voice, played the gallant prince. Joe Lawrence as Michel, the political spy, with his remarkable presentation of character work, was one of the outstanding features of the opera. The impersonation of Dame Paula, proprietress of the White Goose laundry, was very excellently portrayed by Katherine Bloss. Her six charming daughters added a pleasing comedy background. Gerhardt Dorn as Caniche, the gesticulating Frenchman; Charles Steinbaugh as Slingsby, the foppish Englishman; and Jack Lieben as Von Tromp, the guttural Dutchman, added delicious comedy bits and were also important factors in the unraveling of the plot. Doris Atack as Liane, the chic French milliner, and Harlan Wiles as dashing Lieutenant Karl, made a very handsome pair of schemers.

The choruses from the rousing military song, “On Parade,” to the romantic “Sweetheart” chorus, formed a beautiful atmosphere and an entertaining background.

The stage crew’s co-operation and ability in making the scenery was very much appreciated. The difficult costuming was splendidly accomplished by Oscar Lieben.

The upholding of a standard for music and dramatic departments as well as adding to former prestige was “Sweethearts” gift to Central.

SENIOR ORCHESTRA

The Senior Orchestra

FEW organizations have made more valuable contributions to the activities of the school than the Senior orchestra. Under the careful guidance of Henry G. Cox, whose wide knowledge of the fine points of orchestral direction is known to all, the organization experienced a season of success.

The Senior orchestra enlivened all the greater performances which were offered at Central during the school year. These include the opera, the January senior performance, the Road Show, and finally the senior play. It was in the opera in particular that the splendid renditions of the orchestra were indispensable. The popularity of the performance must be attributed in part to the Senior orchestra which cooperated with the singers in all the acts.

A light delicate touch of restraint and refinement was a notable characteristic of the presentations of this year's orchestra in contrast with those of previous years. The orchestra did its share in arousing enthusiasm among the students during all the mass meetings held throughout the year. The orchestra is easily one of the most important and beneficial activities in the school, for it maintains the highest musical standards.

Clyde Miller, who is also Captain of the Band, and Stanley Shapiro, for four years an orchestra member, provided the orchestra with capable leadership during each of the semesters. The orchestra had a membership of thirty players. Over twenty will return to be among next year's performers.

The Junior Band and Orchestra

THE Junior Band is an outgrowth of the Girls' Band which was established in Central high school two years ago by Mrs. H. L. Noah. The Junior Orchestra was organized about three years ago when Central's orchestra was divided into senior and junior groups.

Early in this year's school term, Henry Cox, band instructor, carried out his plan of making the Cadet Band into a senior band and the Girls' Band into a junior band. Although Mr. Cox himself was unable to direct the new Junior Band, which now consists of both boys and girls, he found a very good substitute in John Otte. He has succeeded in carrying out the band's purpose, which is to improve the players so that they may be promoted to the Senior Band.

The Junior Band held two elections, one at the beginning of each term. The results of the first election were: President, Gertrude M. True; vice-president, Bessie Haspel; secretary, Hope Allen; librarian, Evelyn Battles. In the second election, another office, that of reporter, was filled by Milton Berkowitz; Ruth McGriff was elected librarian. The other officers held over from the previous semester.

In the election held by the Junior Orchestra, the following officers were chosen: President, Hugh Hickox; secretary, Regna Malone; librarian, Frank Truesdell.

Both of these junior organizations serve to develop players who may be promoted to the senior group.

The Junior Band has not appeared in public this year, but Mr. Otte has been instructing the players by using scale-books and simple band music so that it will be possible to give public performances later.

The Junior Orchestra, which has advanced so that it now uses music which the Senior Orchestra formerly played, planned two concerts—one at North high school and one at South High school. Although these two junior organizations are minor units of Central, they are very necessary in building up the senior groups.

Coffer-Miller Players

MARTHA MILLER

"The Rivals," which was taken from the play by Richard Sheridan, was given at an evening performance. Mr. Coffer took the part of Bob Acres, Mr. Healy the part of Captain Absolute, and Miss Miller, the role of Mrs. Mallaprop who always used the right word in the wrong place.

A mass meeting was held to boost the plays. Miss Jessie Towne gave an interesting talk on "The Rivals," telling also a few facts about Sheridan's life. Miss Jo von Mansfelde gave a brief humorous sketch of "The Legend of Sleepy Hollow." The performances were very humorous, and the results were successful. According to Principal J. G. Masters, the Coffer-Miller players were some of the best performers ever secured by a January Senior class.

—Anne Carlson '26.

FOR the January Senior class presentation, the Coffer-Miller Players of Chicago gave two comedies, "Sleepy Hollow," and "The Rivals," in the auditorium on January 15.

"Sleepy Hollow," taken from Washington Irving's story, "The Legend of Sleepy Hollow," was given at a matinee performance with Jess Coffer taking the masculine lead of Ichabod Crane, and Martha Miller the feminine lead of Emma Van Winkle, a widow. Both players were very humorous in their parts and kept the audience constantly laughing.

JESS COFFER

Pageant of the Epics

LIVING portraits in the Palace of Time seeming as old tapestries in huge frames; stirring scenes called forth by the epics of the past and present: such was "The Pageant of the Epics," the first big dramatic production of the year.

The theme brought out the gifts of different countries of the world to civilization as shown through their national epics. "The Iliad" from Greece, visualizing Democracy; "The Aeneid" from Rome, showing Law; England's "Beowulf," depicting Social Justice; France's "Song of Roland," outstanding for Chivalry; "The Divine Comedy" of the church with Faith as the chief message; and America's own Neihardt cycle showing the conquest of Nature were the basis of a dramatic score arranged by students.

History, the central figure of the pageant, invited six seekers, a soldier, a statesman, a worker, an artist, an author, and a student to observe how Tradition had given to the Palace of Time pictures of the great gifts to civilization. Two heralds, in questions and answers to each other, disclosed the contribution of each people, and brought to life each epic portrait in order of time. Other characters of the epic appeared and portrayed in dance and drama, the gift announced by the heralds.

The idea for the pageant was primarily that of Miss Mary Parker, instructor in American history. Under the able direction of Miss Dorothy Sprague, expression teacher, the pageant was presented three times: first for the history section of the Nebraska State Teachers' association, second for the pupils of the school, and third for the Father-Daughter banquet.

The costume construction class, the design class, the stage crew, the makeup class, as well as the actors, actresses, and authors all joined forces in putting this pageant on a par with other Central productions. Stately and impressive, it stands out as one of the best entertainments of the year.

The Road Show

MORE glorious than all others, the Twelfth Annual Road Show has left us marveling at its stupendousness! Never before has a Road Show been so worthy, so representative, so spectacular as that of 1926!

"The Minute Men of '26," non-coms obeying the commands of Herbert Senter, offered one of the finest exhibitions of the manual of arms ever presented at Central high school.

The next act disclosed "Central's Premier Prestidigitators." Charles Martin and Robert Thompson completely mystified the audience by causing things to appear and disappear before their eyes in the most marvelous manner.

"Isis," a dance act presented by the Gym club, was the most colorful act of the show. The scene was laid in the temple of Isis. The main features were the sacred Egyptian Astral dance and the Dance of Isis, the latter portrayed by Faye Williams.

The "Trysting Place," a one-act comedy by Booth Tarkington, kept the audience in an exhilarating suspense. Everyone waited breathlessly to see what the outcome would be. The acting of Helen Myers, Jayne Fonda, Charlotte Troxell, Joseph Lawrence, Edward Brown, and Joseph O'Hanlon bordered on the professional.

The "Vanities of 1926" ranked high among the acts. Jean Ellington and Louis Armstrong sang the "Indian Love Call." Then Edward Brown and William Ure, singing to the accompaniment of ukuleles, were called back again and again. A chorus, which sang several popular numbers, added a finishing touch to the act.

The "Philharmonic Four," composed of Louise Schnauber, Phyllis Reiff, Jessie Stirling, and Bettie Zabriskie, played several delightful classical pieces.

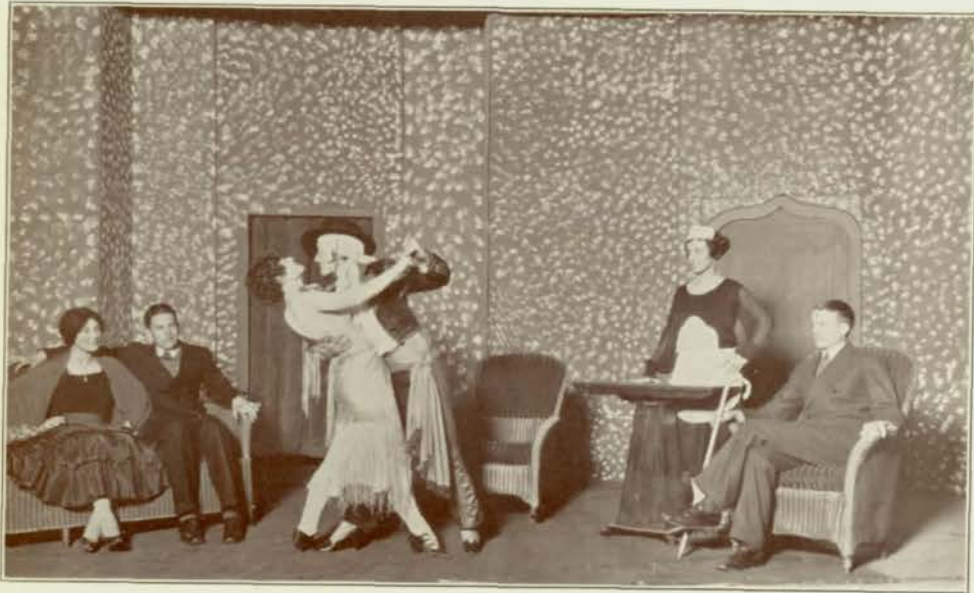

The Cadet Officers' club presented the main attraction of the show, "The Drums of Oude," a drama dealing with one of the numerous native uprisings in India. Tense were those moments when Captain McGregor was about to blow up himself and his followers with forty tons of gunpowder in case the natives captured the walls. The two casts that presented the act did so well that it would be impossible to choose which was the better.

George Mickel next played several popular selections upon the xylophone. George surely knows how to "knock on wood." Merwin Tilton then won the applause of the audience with his harmonious whistling.

Then James Hamilton, William Reed, and John Staley performed and excelled in the most difficult of acrobatic stunts.

"Nothing New" was the concluding number of the program. It included soft shoe dancing by Blaine Wahl, a minuet, the Tango, a barn dance, a dance from "The Merry Widow," and the Charleston. It was, in truth, the evolution of dancing.

Crushed

IT IS the west hall of Central high school, on a Friday morning, any Friday morning. The air is filled with the buzz of talk, and above the din rises Paul Prentiss' voice: "Register! Wee-kee Register!" The long queue before the lunch check stand moves slowly forward but never grows shorter. Students go by anxiously looking for Mr. Brown to open their lockers. The buzz rises and falls.

Not much of a setting for tragedy, is it? Everything seems bright, the air re-sounds with the clatter of slamming locker doors, rattling keys, and the hum of cheerful voices, tho' now and then comes a moan to the gods concerning a history outline, or a physics writeup, or an English assignment, or—or—well, all the various things there are to moan about. But, in the main, the voices are cheerful. *Everything* is cheerful.

And our Hero, is he down-hearted?

He is not.

He is anything but.

It's a nice morning; spring is here, and vacation is coming; tomorrow is Saturday; he has his lessons, and all is well. Or else it is *not* a nice morning, but he is wearing his yellow slicker; he doesn't have his lessons, but that doesn't worry him. And all is well.

He goes up the steps to the building, walks around the lunch line, gets a Register from Paul, goes to his locker, hangs up his hat, takes out his notebook, and looks at the clock.

8:20.

His eyes light up; he closes his locker and wends his way to the second floor, to locker 23XX.

He walks down the hall. In the center is a jostling mass of hurrying people, but on the sides there is a long even row of open lockers, a long line of fluffy, marcelled, up-turned heads, and beside each one a smooth, stacomber, down-turned head. The line alternates regularly, a fluffy head and a smooth head, a fluffy head and another smooth head. He hastens along to 23XX. In his mind's eye he pictures the gap in the line. There is a smooth head at 23XW, and a smooth head at 23XY, but there is a blank at 23XX, and that blank is for him.

He comes to 23XX, steps up and—

The world reels—

There is no blank at 23XX.

A perfectly smooth and stacombed head fills the gap, and the fluffy head is turned up, eyes shining, face smiling—

Shuddering horrors—

So fair—so false.

And so his life is utterly ruined.

—Warren Creel '27.

 Whispering

 Supposedly of school

 About the newest rule.
 Hurrying
 Scurrying
 Running through a book
 Glancing
 Skimming
 Not a second look.

 Fearing
 That the bell will ring
 Ticking
 Tocking
 Minutes on the wing.
 Shuffling

LOST SKILL

Oh sad the day
 When trembling fingers
 Search the dusty keys
 And find the sweet refrain
 Gone—slipped from their power
 As quickly as a sunset drawn
 Into the night.
 —Virginia Wilcox.

ELFIN

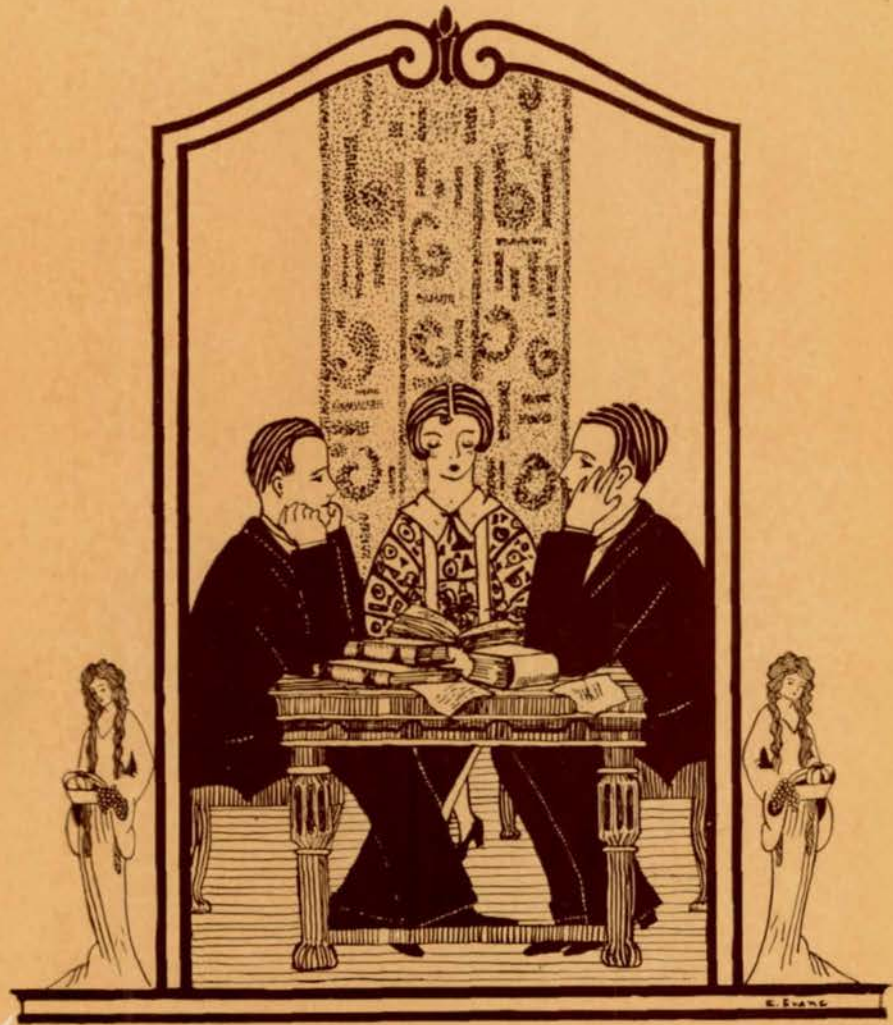

Snow in the moonlight!
 And shadows creeping out
 In weirdest patterns
 Over earth's effulgence. Laughing
 In their childish play, the trees
 Wave crooked fingers through
 The chilly night, and loosen
 Clinging husks from off
 Their stiffened grasp.
 —Virginia Wilcox.

SONG

The rain is over.
 Pearl ear-rings
 Hang from the green
 Listening ears of the leaves.
 Flowers hold diamond drops
 From the sun's mirror.
 The forest path
 Is clean and shining.
 The world waits,
 Scarce breathing,
 For the coming of someone.
 Hush!
 He comes!
 The birds rustle wings in joy.
 The Master comes
 To give his tiny singing pupils
 Another music lesson!
 —Margaret Dailey.

A WILD FLOWER

You flaunt your little banner to the breeze
 A few short hours; then wither, seed, and
 die.
 One day, and gone: but buried treasures
 lie
 Around you, and when spring returns, the
 bees
 Shall see another banner waving here
 And next day find it not.

Debate

Second Row: Creel, Dashiell, Dunham.
First Row: Coach Nelson, Mary C. Johnson.

The State Debate Team

ALTHOUGH no championship adorns Central's 1925-26 record, the season was exciting and far from unsuccessful. The team was considered among Central's strongest and always gave its most earnest efforts toward attaining success.

After winning a unanimous decision from South, a very close 2-to-1 verdict was lost to Tech, but the Central speakers fought hard every inch of the way.

Warren Creel, with his keen insight for the fundamental issues of a debate, and Fairfax Dashiell, with his quick thinking both at the rostrum and at the table, were the first and second speakers, respectively. Byron Dunham, Central's 1926 captain, was the only member of last year's champion team to return to Central this season. His quick mastery of all situations arising on the platform, his sound thinking and persuasive delivery earned him the undisputed title of the best debater in the state.

Mary Claire Johnson, the alternate, was of invaluable assistance to the team, and ably captained it in an important debate with Hartington, a district champion and tournament entry.

If their contributions to the school and to themselves, rather than the victory itself, are held in mind as the foremost objects of debate, the debaters had a complete success during this season.

—Fairfax Dashiell '26.

Second Row: Coach Nelson, Brodkey, Dashiell, Creel, Dunham.
 First Row: A. Fellman, Mary C. Johnson, J. Wolf.

Missouri Valley League Debates

PREVIOUS to the state debates, Central entered a dual team in the Missouri Valley High School Debate league, which was formed last year. Although seriously handicapped by a lack of experienced material and a poor start, Central won ten out of fourteen debates and tied for second place in the Missouri Valley league. The question was the same as that of the state league. After losing the first contests to Thomas Jefferson, who won the championship, Central tied a record by winning three successive dual debates, the victims being South, Lincoln, and Abraham Lincoln. In the final clash with Tech, each team won unanimously in its home auditorium. Practice duals with Blair and an independent team from Creighton university resulted in three Central victories and one defeat. This succession of victories can be attributed in large degree to the efforts of the coach, F. D. Nelson, and the co-operation and determination of the members of the team.

Byron Dunham, the only veteran, and a member of last year's state championship team, was a vital factor in the success of the season. His analysis and clear, forceful delivery established his reputation as one of Central's greatest debaters.

Fairfax Dashiell, although this was his first year on the team, proved himself to be a debater of real merit. The ability to think quickly and correctly on his feet made him invaluable to this year's success.

Warren Creel, by his fiery delivery along with occasional banter and bits of humor, also proved himself one of Central's brightest forensic stars. Mary Claire Johnson, the heroine of many an interclass contest, was a mainstay on the school team. Figuring prominently in the most important victories, she stands out as Central's greatest girl debater. Abe Fellman, with his keen eye for fallacies and rapid-fire style of delivery, was one of the best rebuttal speakers in the league. Edward Brodkey's ability to speak smoothly and logically won him a place in most of the debates. Justin Wolf, a sophomore, made an excellent impression with his magnetic personality and diverse assortment of humor, sarcasm, and oratory.

Interclass Debate

ONCE more the interclass debate championship honors have passed into the hands of the Senior class. Eager to avenge last year's surprising defeat, the upperclassmen defeated the strong sophomore team by a unanimous decision in the titular clash of the 1925-26 series. Debating on the question, "Resolved, That members of the President's Cabinet should have the right to the floor of Congress," the seniors proved themselves one of the strongest interclass teams in Central's history. The members of the championship team were George Blaetus and Mary Claire Johnson, with Oscar Hallquist, alternate. Byron Dunham coached the victors.

In the first debate the seniors defeated the juniors by a 2-to-1 decision. The junior class speakers, coached by Warren Creel, were Sam Fregger and Abe Fellman, with Elizabeth Halsey, alternate. In the second debate the inexperienced but spirited, freshman team was eliminated by the sophomores, who were represented by one of the best teams the class ever had. The names of the winners are Harold Pollack and Justin Wolf, with Joe West as alternate, while the frosh debaters were Donald White and Paul Prentiss, with Louis Mosher as alternate. Edward Brodkey coached the sophomores, and Fairfax Dashiell the freshmen.

In the final debate the sophomores made a strong bid for victory, but the seniors displayed the remarkable ability that spells championship.

—Fairfax Dashiell '26.

Third Row: MacDonald, Rosenblatt, P. Prentiss, Hallquist, Mosher, Redfield, Bosking, West.
 Second Row: Glennon, Blaetus, Brodkey, A. Fellman, Birge, Woodman, Nelson, Reuben, Fregger.
 First Row: Tenenbaum, Haykin, Dunham, Dashiell, Halsey, L. Rosenblatt, Mary C. Johnson.

The Debate Club

U NDAUNTED by the graduation of most of the debate squad members, the Debate club set out valiantly at the first of the year to put itself and debate at the top notch of Central's activities.

The purpose of the club, as it was planned last year by Verne E. Chatelain, former coach, is to boost debate and to make a real organization with its own duties and activities. It has ushered debate through an unusually successful season and has carried forward all its projects.

The club year started off with an encouraging banquet which was so successful that the members decided to make it an annual affair. This yearly banquet will be held before a critical debate to arouse winning enthusiasm for the event.

Much of the club's success is due to the outstanding leadership of its officers. Byron Dunham, captain of this year's state team, presided over the club's activities during the first semester. Edward Brodkey, vice-president, Elizabeth Halsey, secretary, and Warren Creel, treasurer, were his assistants. Second semester officers were Fairfax Dashiell, president; George Blaetus, vice-president; Justin Wolf, secretary; Paul Prentiss, treasurer; and Fred Gordon, sergeant-at-arms.

With its membership doubled during the year and with a corresponding increase in the interest of the school, the 1926 club has laid a strong foundation for next year's activities.

Kall of Central High

KOCH, the "Kall of Central High," was established and operated in 1923 by C. H. Thompson, radio instructor. At this time, the station was operated with a power of 50 watts and was considered the best in the vicinity. During 1924, a remote control line over which Rialto music and organ recitals were broadcast, was established between the Rialto theater and Central. At the present time, however, the station is of the class A type, operating on a wave length of 258 meters with a power of 250 watts.

The programs have been of the highest type of entertainment available. To provide the radio public with such entertainment, a remote control line was constructed between Central and the Schmoller & Mueller Piano Company. The Central Radio club has sponsored the Monday evening programs which have been presented entirely by Central students. Orchestras, recitals, readings, plays, and lectures have been broadcast, and reports of these programs have been received from both coasts, Mexico, and Canada.

The staff, under the supervision of Mr. Thompson, is composed of the chief announcer, Norwood K. Woerner; operator, Kenneth Shirk; engineer, Bert Fox, and assistant engineer, Houston Brown.

The Crystal Palace Studio

“SAY, this is really good music, Joe.”

“I’ll say so.”

“What station is this anyhow, Pittsburgh?”

“This is the announcer. He will tell us.”

“Station KOCH. Know Omaha Central High, broadcasting by remote control from the Crystal Palace Studio. Programs from this studio are under the auspices of the Schmoller & Mueller Piano company, and are played in this auditorium Tuesday nights and Sunday afternoons. These performances, which are held to reveal undiscovered talent and genius, present programs offering the best amateur talent in the city.

“The Crystal Palace Studio, the crystalline hum of KOCH, the nook with the cut-glass lights, and programs that radio fans long for. Our next number will be Beethoven’s *Minuet* rendered on the Steinway by Miss Jean Borglum.”

“Wow, Joe, that makes a fellow feel proud of Central.”

“Whenever the program is from the Crystal Palace Studio, you can just lean back and prepare for an evening of real enjoyment.”

Joe was right. The Crystal Palace Studio is one of Central’s greatest means of service to the outside world for with it the school can contribute pleasure to the people who enjoy music of quality. It gives Central a favorable recognition all over the country as well as an enviable reputation in high school radio circles. The Crystal Palace Studio, thanks to the efforts of C. H. Thompson, is a possession of which Central can truly be proud.

Monday evening programs over KOCH are sponsored by the entertainment committee of the club.

At the first meeting of the club, Kenneth Shirk was elected president; Waldo Eaton, vice-president; Houston Brown, secretary-treasurer; and Earl Stultz, sergeant-at-arms. At this meeting those members who founded the club were given the opportunity of becoming life members. They are Houston Brown, Ernest Doll, Ray Dowling, Waldo Eaton, Bert Fox, Ralph Gross, Sherman Morgan, Kenneth Shirk, Earl Stultz, and Norwood Woerner. Bert Badgerow, last year's engineer of KOCH, was made an honorary member. There is also a member of honor, Joyce Hackett, the only girl who has taken radio in Central.

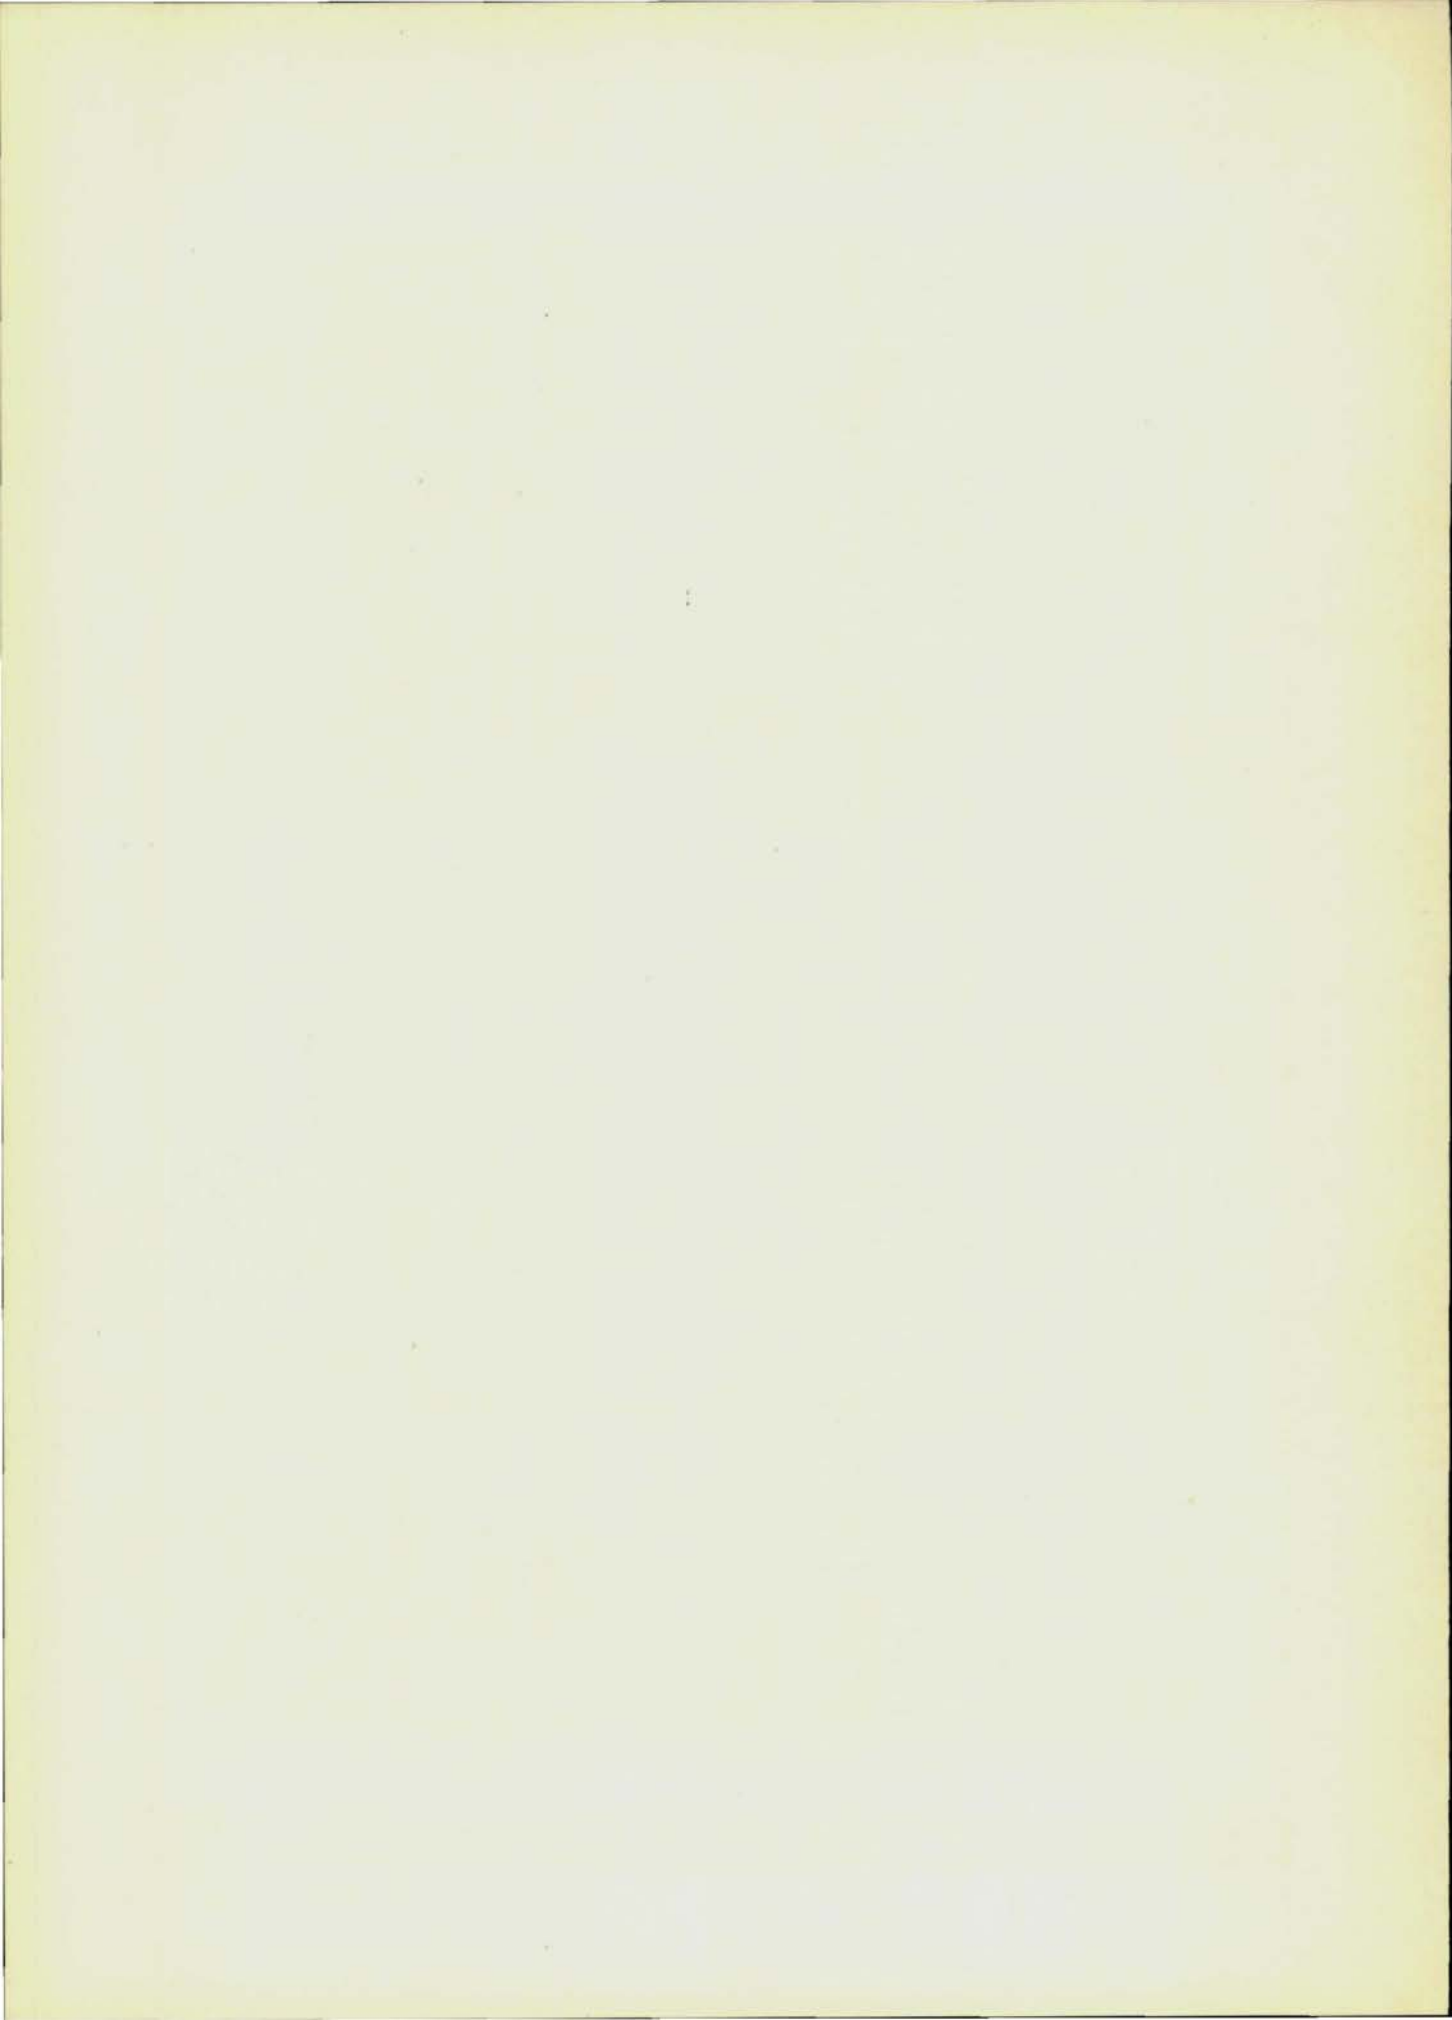

In all drives during the year the Central Radio club has gone 100 per cent and otherwise demonstrated its loyalty to the school.

Watch radio grow!

The Purple and White Handbook

THE Purple and White Handbook, a guide and help to both incoming freshmen and upperclassmen, is a small, compact volume, easily carried in one's pocket and intensely interesting throughout. Its pages are well set up and full of valuable material.

The purpose of the Purple and White Handbook is to form a bond of union among those who desire great things for Central and to furnish an incentive for a greater spirit. The book is very similar to the little information books that are put out by colleges. Every possible question that one might ask on entering Central is anticipated and the answer set down in a clear, concise manner.

Prominent among its features are the sections devoted to Organizations, Athletics, Awards, Activity Points System, and School Songs. Many other sides of school life are also presented.

The handbook was first edited in November, 1924, by the editorial staff of The Weekly Register. The second edition was compiled during the second semester, 1925-1926, with additions and improvements to the first issue.

This year's staff consists of Billie N. Mathews, editor; Miriam Wells, copy reader; Frank Ackerman, Virginia Chamberlin, Helen McChesney, writeup committee; and Achilles Mazzeri, typist.

No one now questions the value of such a book. As a means of information about all sides of school life, it is unexcelled. It now seems firmly established, along with The Weekly Register and the O-Book, as one of Central's publications.

Publications

THE WEEKLY REGISTER, edited by journalism II pupils, ranks among the best high school papers in the United States.

In the All-American Newspaper contest, conducted by C. I. P. A. at the University of Wisconsin, the paper received first class honor rating for newspapers published in schools of 2,000 or more pupils.

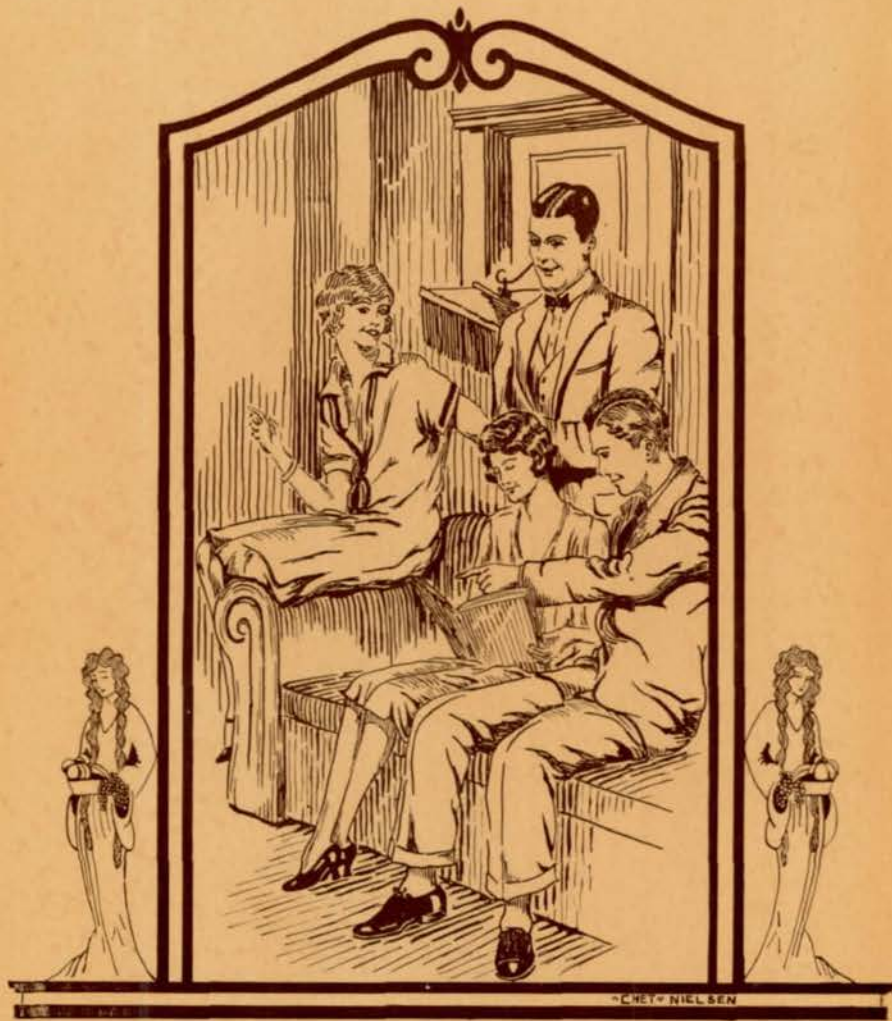

Double honors were won at the Fifth Annual High School Editors' Conference held at the University of Colorado. The awards, given by Sigma Delta Chi, professional journalistic fraternity, were fourth place in the West and fourth place in Division IV.

The Press club, organized by Miss Elizabeth White, journalism instructor, made up of the past and present members of The Weekly Register staff, is for the purpose of bringing interesting speakers to the monthly meetings. Through these talks, Central's journalists have gained valuable knowledge in all phases of the newspaper game.

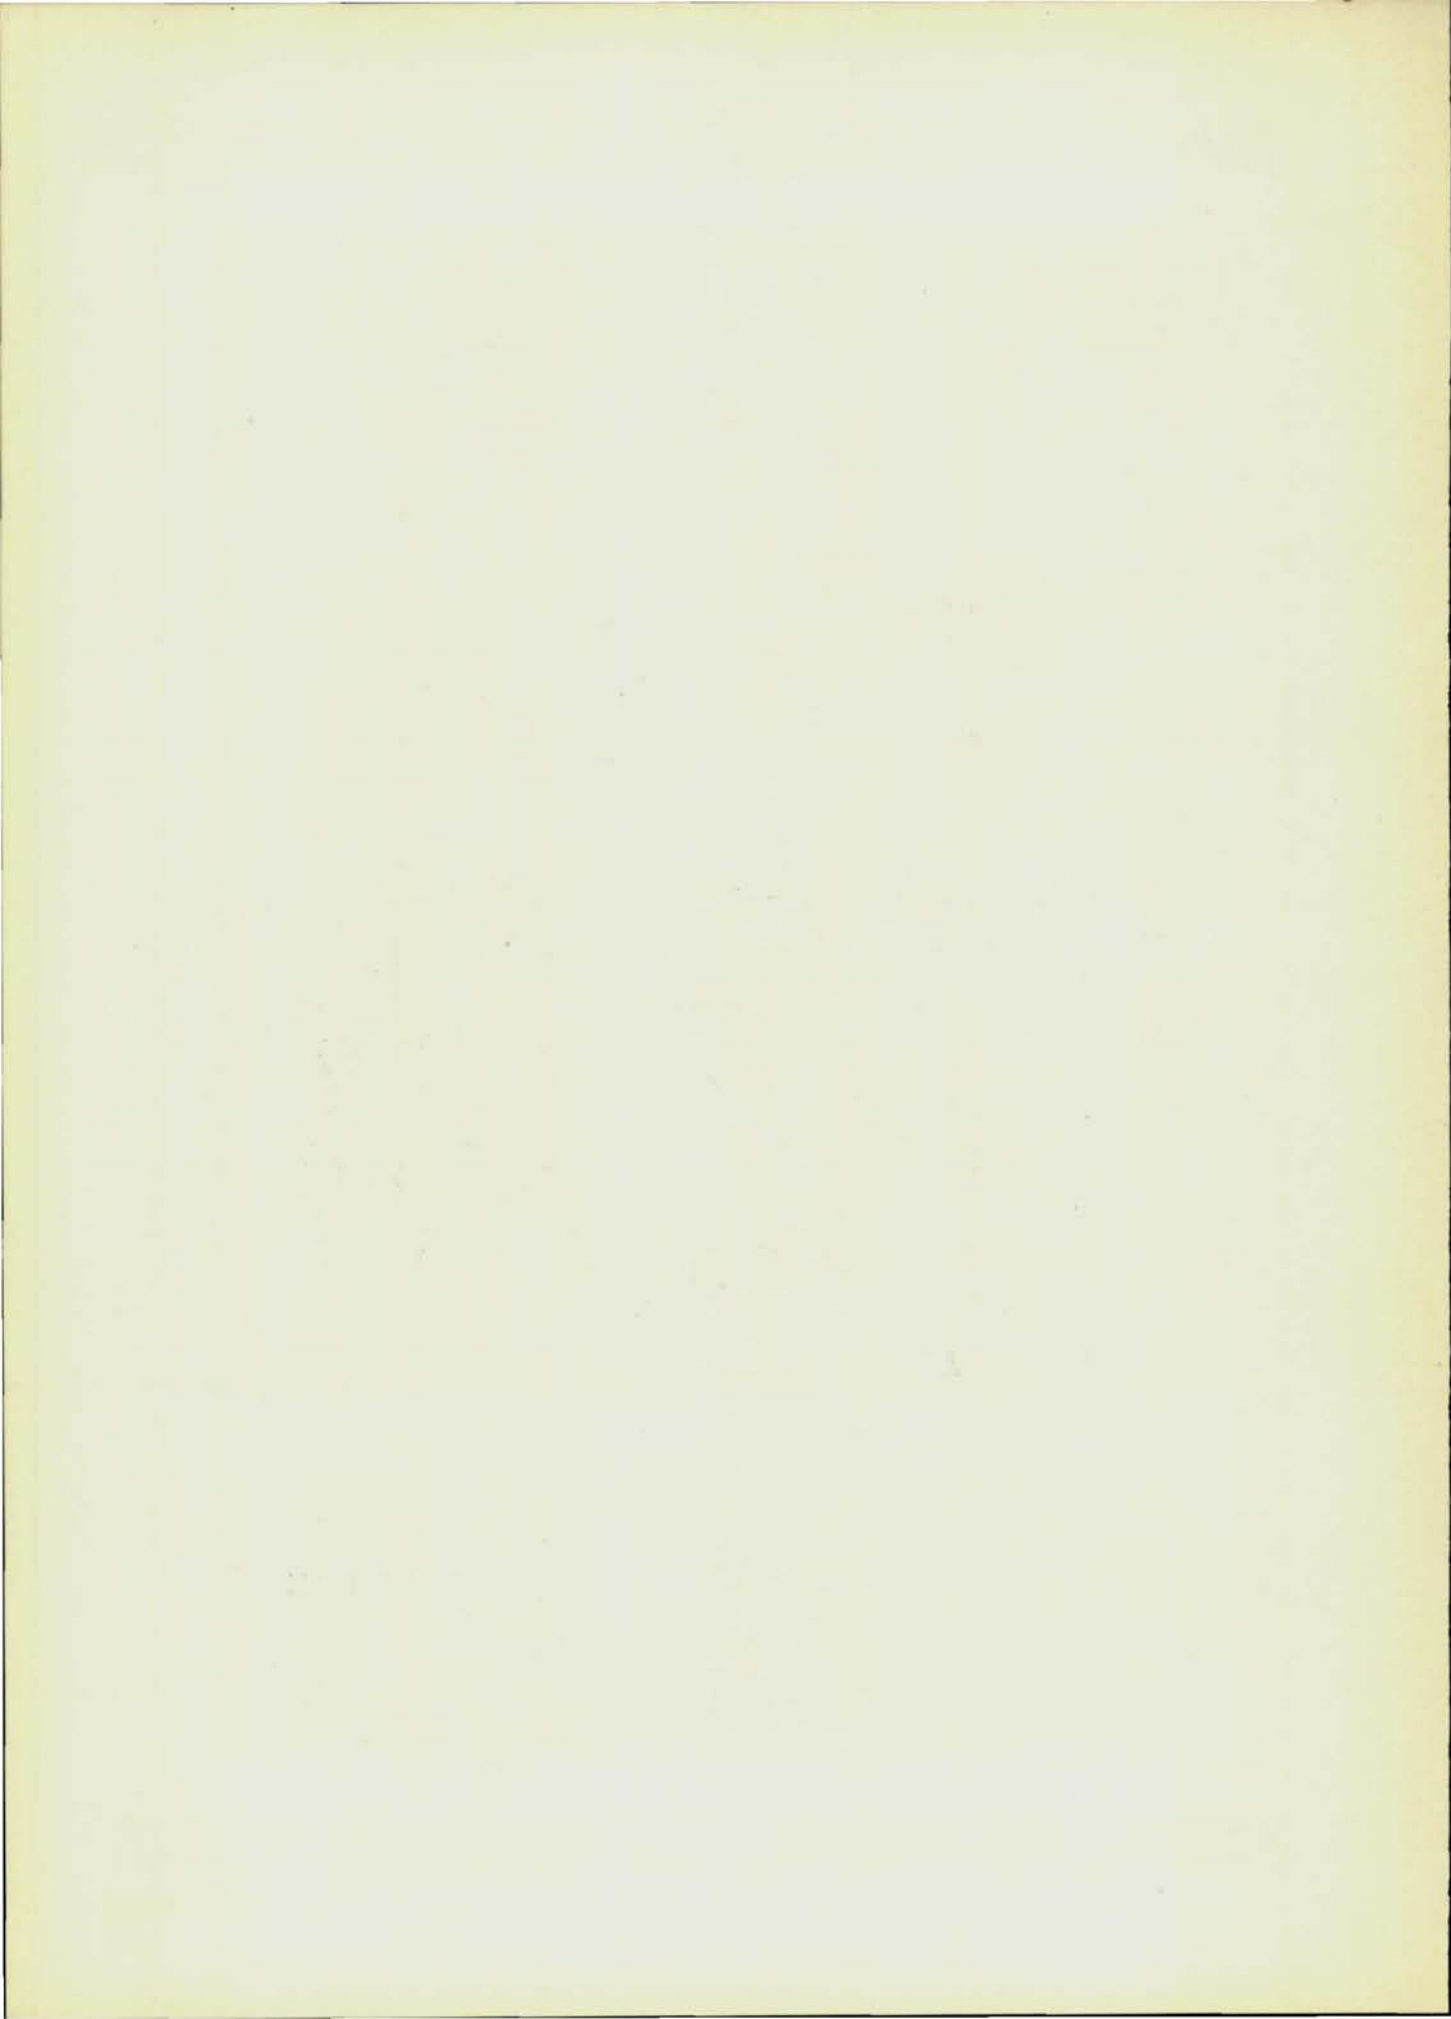

The Weekly Register is represented in the City Press club, also organized by Miss White in 1924, and composed of representatives of all the high school papers. Its aims are service, friendship, and co-operation.

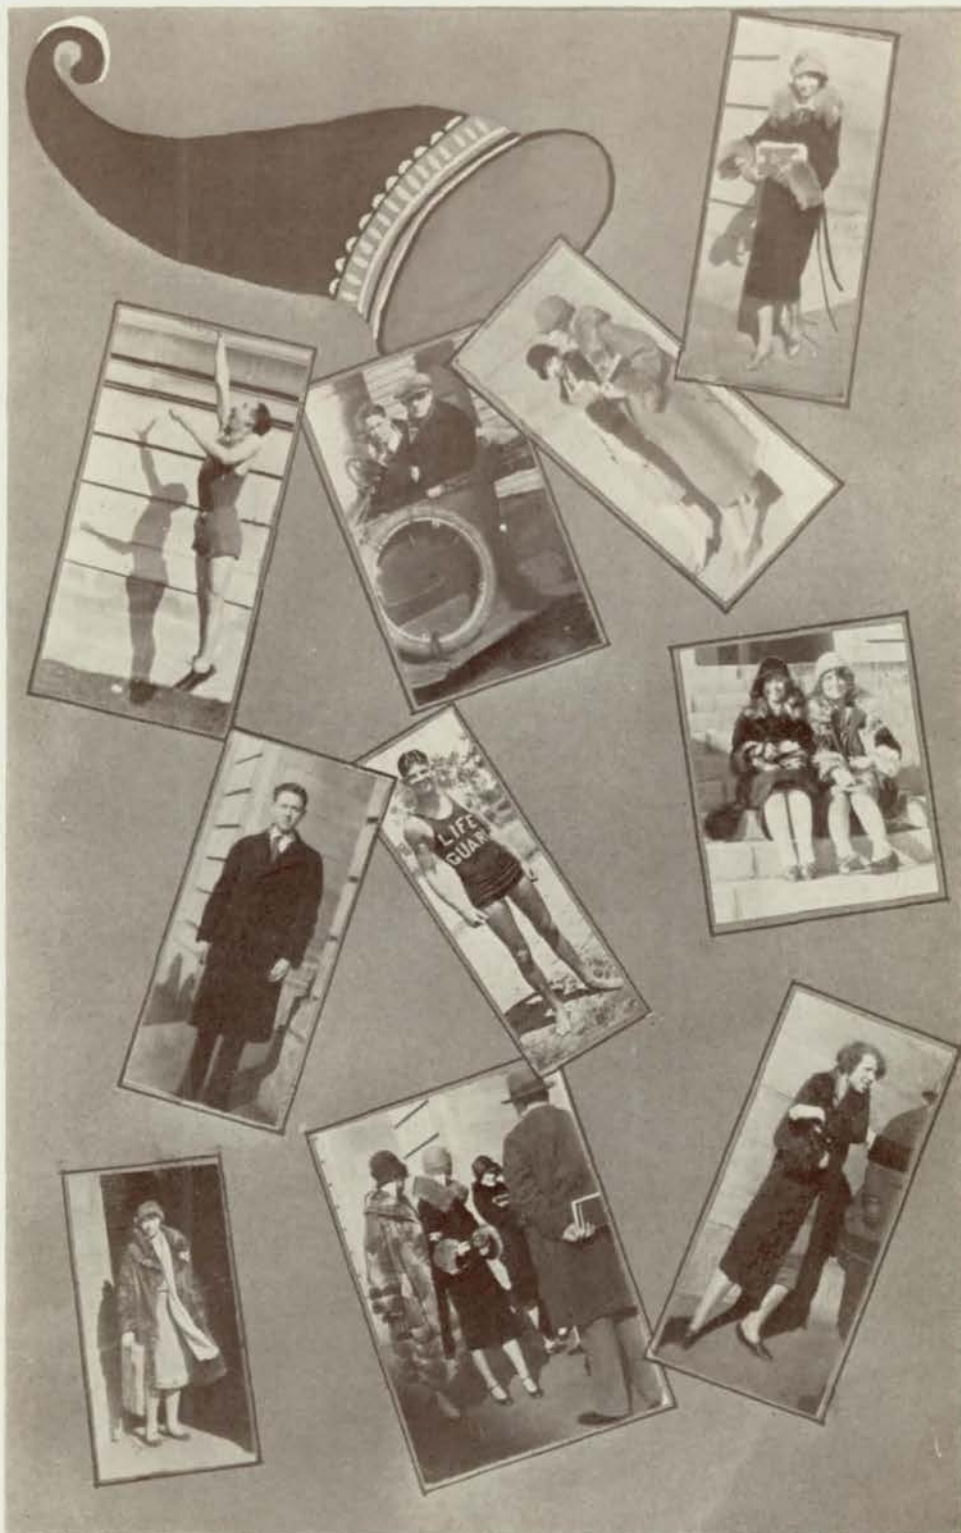

All school publications, including the O-Book and the Purple and White Handbook, come under the control of the Board of Publications, whose members are J. G. Masters, J. F. Woolery, the Misses Jessie M. Towne, Elizabeth White, Sara Vore Taylor, and Bertha Neale.

Street Car Service is The Hub of Prosperity

Of all means of local transportation, the street car has demonstrated the capacity to move the largest number of persons with the greatest speed, at the lowest cost. It not only performs this fundamental service to the community, but it gives back most of what it earns, for no other industry pays out as much in wages, in proportion to its total earnings.

Directly, your street car company supports commercial prosperity. Indirectly it develops business for other industries. It improves the life of the community, it permits quick, comfortable and economical movement of large masses of the population.

It deserves your patronage and support.
