Explained by
O-Book 1973

BUT WERE TOO BUSY TO NOTICE

Everything you already know about CENTRAL—

"Central to me is three years of climbing wooden steps, meeting new people, football games in 20° weather, basketball games and being number one, growing up, learning new ideas, and a lot of fun and good memories." Terry Harmsen

"Central is a cement pigeon nest with a good basketball team." Neal Stembart

"Central High is a school to remember. It's only as great as we make it and that's why I like it!" Francine Kelly

"To me Central is a lot of work, a lot of stairs, and a lot of good friends who can't be forgotten." Peggy Dalgas

"Central is far-out." Mike Matejka

"It is a place for learning. The teachers have a pleasant attitude toward the students. I think Central's great!" Carol Sorensen

"Central is ecstatic, strong going, friendly, fastmoving, educational, athletic, industrial, informative, opportunities are high, and it's a great way to meet people." Carolyn Cotton

"When I first came to Central I didn't like it, but now that I am here it is the GREATEST school around." Bob Yechout

"Central is a very nice place to visit, but I wouldn't like to live here." Debbie Hummel

"Central is a place where everybody has a chance to learn. Whether you try or not, it is YOUR life!" Mark Carnevalo

"Going to Central is like banging your head against the wall—it feels so good when you stop!" Carl Cornelius

"There is absolutely no other school like Central. We have it all together." Terri Jo Cox

"I think Central is a great school. It isn't antiseptically clean like some schools, but that's what makes it neat. I like the vines in the courtyard, and the structure of the whole thing." Shirley Peters

"It's like a day without sunshine." Justin Cooper

"I think Central is the musical of peace, people of the colors come to learn harmony." Robert Reams

"I think the kids here at Central are really great. Central gives you a chance to meet kids of every different race and religion and I think this is important. It helps you understand other peoples problems and helps you get along better in the world after you get out of school." Donna O'Brien

"Central is a lot better than any other school in Nebraska. Have pride!" Janice Powers.

"The fun and good experience that a person receives here at Central High is very abundant. This school and its atmosphere has produced the best years of my life. I will be proud to say that I have attended and graduated from Central High School." Tom Mathews

"The school is okay except it is too big. I am used to a smaller one. The kids are much friendlier here than the other school I went to." F.Reboloso

"Maybe the other schools have fancy equipment and carpet in the halls, but Central has class!" L.A.

"Central is where we have communicated . . . we have begun to understand . . . we have begun to listen . . . we have begun to see . . . it is only the beginning." Just Us

"Central High School needs a lot of work done to it, but it's my high school and I'll stick through it thick and thin." Kris Wagner

"It's the place to go when the going gets rough." Bob Hekl

"The author leads an extremely active life."

The author was born almost everywhere, in numerous different years. His background is varied. He is tall, short; dedicated, apathetic; diligent, lazy; plain and beautiful. His fields of interest encompass almost every aspect of human endeavor. He has written works of great value and comments on bathroom walls. He has loved school when he received A's, and he has hated it during finals. He has crammed for tests, and he has skipped during lunch. He has succeeded and he has failed. The author is probably best known for his continuing series entitled **THEME FOLDER**.
