THE REASON WHY

The last stragglers wander in and the bell rings.

"Attention to the circular," says the teacher, and after wading through a maze of club notices, arrives at the real meat of the matter:

Beginning next Monday, Central will have closed halls from the centuries, because it deals only three to three-thirty and from three-thirty to four."

Twenty groans arise from as many throats, whose owners are well-versed in eighth hours.

It is now about five years since Central has had closed halls. During this time Centralites have wandered at will through the halls, held locker-seances, yelled to friends on the next landing, thrown paper-wads, practiced the Charleston, and jazzed on the study hall pianos.

Now Central authorities have decided to go back to the closed halls system. The new order provides that Centralites must be either in some room by three o'clock or out of the building. At three-thirty a bell will ring and students who have stayed at school will be given four minutes to leave the building or go to another room.

Evidently Centralites have been abusing their privileges, and now some of these privileges are being taken away from them. Honor the closed hall rules, Centralites, and prove yourselves are: worthy of open halls again.

"Being too blind to have desire to see" might be applied to those Centralites who nonchalantly pass over all "Do Not Leave Glasses in the Sink" signs.

DEBATES, ARGUMENTS, AND FIGHTS

- "You did!" "I did not!"
- "You DID!"
- "I did NOT!"

That is an argument, or more properly speaking, a fight. Characters: Something like it, with variations, can be heard almost any day one five spot. in Central's halls.

An argument, however, is not a debate. An argument is only a conversation between two equally stubborn persons, both of whom are probably wrong. A debate is a sort of verbal football.

Centralites, judging from the way in which they shy away from a debate, must consider it something like that quoted above. no dinner, no five spot. A debate is the result of much study and thought, presented in an entertaining and clear manner. It is an exciting battle of wits

Central Team Meets Lincoln Crew at Tech

Coach Browne's Five Has a Record of Ten Victories

Who-Central vs. Lincoln, basket ball.

When-Tomorrow at 3:00 o'clock. Where-Tech gym. Will Coach W. H. Browne's string of ten victories be broken? Well, Central's cagers will decide that to-

morrow at the game. The Red and Black combination is one of the strongest in the state, having won victories over Tech, Creighton Prep, Beatrice, St. Joe,-Mo., Fort Dodge, Ia., Crete, Benedict, Clay Center, and University Place. The Capital City athletes have won every game on the hard-

wood floor this season. Although Knapple's cagers have had an off-season, they are expected to give the invading basketeers a hard battle. This is one of the biggest contests of the season, and a victory will do much to wipe out past defeats. Keen rivalry exists between Omaha and Lincoln teams, and Central has not forgotten Coach Browne's 21-to-0 victory on the grid iron last fall.

Knapple, Central mentor, has not decided with what combination to start the fray. Jones, who was out of the South fracas because of sickness, is not expected to be in shape for the Lincoln tussle. He will occupy the pivot position if he is able to play.

The Purple will be represented by Hamilton and Lepicier, guards, Cheek, center, and Chadwell, Glade. and Thompson, forwards. If Jones starts at center. Cheek will be shifted to a forward berth.

Captain Witte and Fisher, two of last year's lettermen, are pillars of strength in the Lincolnites offense. and the Purple guards will have a lively time watching the pair. **REMEMBER!** TOMORROW AT

Sport to Curriculum Wrestling, Omaha high schools' newest sport, may yet be added to

Central's athletic curriculum. Because of a lack of equipment and of a proper coach, Central at first decided to stay out of the mat contests. Howard Culver, however, has aroused enough enthusiasm among the boys and the coaches to get up a team.
