HAVE A GOOD TIME, TEACHERS.

To the teachers of Central High School, we wish to extend to you our most heartfelt wishes for a happy and most joyous summer vacation. Perhaps the school term has been a bit trying, but a summer vacation in the Ozarks, the mountains, abroad, at some secluded lake, or even in the fashionable city of New York will surely lend a helping hand in the process of recuperation. Even Omaha, without the daily routine of trying to drill something into nothing will be a sort of recreation—a change, at least. Therefore, we again desire to express our feelings and wish the teachers of Central High School "a good time."

MEMORIAL DAY—A HOLIDAY.

On May 5, 1868, General John A. Logan, commander in chief of the Grand Army of the Republic, issued an order appointing May 30 of that year for grand army service in decorating the graves of those brave, loyal souls who gave their lives for an honest cause, in the Civil War.

Year by year, on May 30, more states accepted this day as a memorial day, until it became national.

To some of us, May 30 might mean only a day of vacation and a time for freedom from work, but on that day just remember to think of those who have suffered so by losing their sons or their husbands in those terrible battles, and of those who, in such misery, gave their very lives that this nation might live and prosper as it has.

WHITHER BOUND?

The Big Question nowadays, "Are you going away this summer?"

"Nope, not this year. I'll honor this old burg with my presence, and believe me, I'm going to slam a little old golf ball around the course every day."

A Junior—"No, I'm afraid not. I'll be so excited after Visitor's Day at Valley that it'll take me all summer to get my breath. Imagine all the Junior boys being big important officers! I can't wait!"

"Sure, we always do. I guess it will be Minnesota again this year. Boy, it's the life."

"Oh, I gotta go to summer school. I just couldn't stand a life without school every day. I'll probably go to school all my life. I've been in this school five years now; nothing like it."

"Do you know what? We're driving east this summer. Keen? I'm going up in Washington's monument and ride in subways and everything in between."

With all the variety of answers go promises to write, either to or from Omaha, depending on your good fortune. Enjoy yourselves, everybody. We'll see you again August 30, only 84 days away, back in Central.

PARENT-TICKETS.

In order that the parents may have the same advantage of attending the athletic games the coming year as the students do, the Parent-Teachers' Association is planning to issue Parent-Tickets. These tickets will be sold in groups of six to eight for five dollars and will entitle the holders to go to any game in which Central participates. There will be six to eight coupons on one ticket and can be used all at one time, or in what ever manner is desired.

This plan has been presented to other high schools for the principals' signature, and if all agree, the tickets will be published the first part of September, which will enable the holders to attend the first games of the season. The purpose of this system is to encourage the parents to attend the various athletic games and support Central and its students.

THANKS TO OUR PRINTERS.

The Weekly Register owes a great deal of its success to our printers, Mr. F. M. Barnes, Mr. T. C. Thystrup, and their helpers of the Douglas Printing Company, for their co-operation, patience, and good will which they have always shown while working with the Register staff and putting out our weekly paper.

We therefore wish to extend our heartiest thanks to these men, and sincerely hope that our future business with them will be as pleasant as the past has been.

Central Classics

I have seven hours of school every day, and naturally, a different teacher for every hour. After an entire term of association with these teachers, I have come to the place where I just about know what certain people will say under certain circumstances. First hour my teacher is very fond of two expressions: "Pretty good!" with a queer queer little lilt in the middle of the word; "Pretty good!" with a queer queer little lilt in the middle of the word; "Pretty good!" with a queer queer little lilt in the middle of the word; "Pretty good!" with a queer queer little lilt in the middle of the word.

But second hour, my teacher is a brick, nothing less! No matter what occurs, she beams on us and says, "Young scalawags!" Third hour my teacher, a very refrained sort of person, stamps her ample foot and shouts, "People, I shall become chagrined!" She has a distinct advantage; most of us don't know the meaning of "chagrined." Fourth hour my teacher is always "going to be frank with you." She tells us every thing from personal feelings to deep, dark facts about Lord Byron. The class has acquired

a decided taste for Lord Byron! Alas! the rest of the hours are study halls, but I feel I do know the teachers of my first four hours. Note: These are not present teachers; I still wish to graduate. —Virginia Seabrooke '29.

I hear so many quaint remarks that I don't know how to state 'em. The only thing that I can do is write them down, verbatim.

"Just a big, happy family."
"No matter how hungry a horse may be He can never eat a bit."
"Ain't it the truth, kid?"
(On answering the phone)—"Well, it's your nickel, start the conversation."
"I never like to talk about people Behind their backs, but—"
"I've seen somebody as dumb as you But I can't remember where."
"Do you really think he likes me?"

I have no way of knowing Where to stop this bunch of junk, But I think I'd better stop right here, Or I'm afraid that I will flunk. —Edward Evans '29

Brilliant Discovery Saves Many Steps

Warning! Notice! and all other expressions of information. This is for the benefit of the students that come and go through the Dodge street entrance. The steps leading to the street branch off into two walks. Never walk down the east walk for the steps are divided into groups of fours while the west steps are divided into groups of threes. There are five groups of steps in each walk so therefore there are twenty steps in the east walk while there are only fifteen steps in the west walk. Therefore, you save five steps. There are 38 school weeks in a year, making a total of 190 days in a year. A person uses the steps to come and go which equals 10 steps daily and 1900 steps for a year. By using the west side of the Dodge street entrance walk, you can save 7600 steps in a regular four-year course at Central, or 300 miles.

Here and There

The semi-annual art exhibit was held in room 249, Friday, May 17, to show the pupils and teachers of the school and the parents of the students what has been done in the different classes this year.

The exhibit represented the work of all the classes. The Art I class showed lettering and flower panels. Butterfly designs, book plates, and simple leather work comprised the work of the Art II class, while the Art III class did figure and advanced leather work and batiks.

Hangings, block prints and batiks, and water colors and masks, were exhibited by the advanced art classes. The costume design class designed period dresses and dressed dolls in the costumes of 1830 to 1850.

The senior art class exhibited heads done in charcoal and the members of the Art IV class showed casts done in charcoal and block prints in color.

She has been invited to the conference for the deans of girls of high schools at Lindenwood college, St. Charles, Missouri. All the advisors for girls of large high schools in the country surrounding St. Louis are invited to attend.

"It is felt that such a conference will benefit both the college and the high schools if the advisors of girls and deans of women can talk over problems of common interest," stated Miss Towne.

THE STRANGE COMPANIONS

By John Cranstoun Nevill

The Strange Companions concerns a boy brought up to be the worthy inheritor of a family tradition, his rebellion against a life not of his own making, and his ultimate surrender and his return to this career planned for him.

Hughie, dreamy, likeable, is the youngest of the Randalls, inheritors and masters of the greatest shipyards in England. For five generations they have sent their ships across the sea to Australia, and along the coasts of the Mediterranean, until the Randall name has become a tradition.

There are other Randalls, Hughie's father and uncles, but the real head of the house is the grandmother. She, to whom the welfare of the Randall ships is the guiding passion of existence, directs and dominates her sons, almost without their realizing it. She has selected Hughie's father, and eventually Hughie himself, to succeed her as the head of the business, but Hughie has other ideas. From his mother he has inherited a love and talent for painting. With so many older Randalls, the inheritance of the business seems comfortably remote. But the World War comes, and in it all the older Randalls are lost, leaving the succession to the next generation, represented by Hughie and his cousin, the Half-French Raymond. Hughie, determined to paint, is ready to defy his grandmother and all the world but finds her oddly acquiescent in his plans. He goes to Paris to study. After his first success as a painter, events happen with astonishing rapidity. It is hard to follow the few pages that explain the transition from Hughie, launched as an artist and accompanied by the charming and sophisticated Vanessa, to the Hughie, speeding home to his dying grandmother, throwing himself whole-heartedly into the ship business, and in a very short time, getting himself engaged to the demure Angela.

For a good half of the book, the Randalls and their doings are pictured as they appear to the mind of the child, Hughie, together with his reflections on the world and life in general. It might be suggested that Hughie was a remarkably precocious child, and most astonishingly observant. If most children notice so much, grownups would do well to mend their ways.

While the idea of the book is hardly new, the story has a good deal of charm. There are vivid bits of description, and some of the characters are deftly drawn. The grandmother, dominating the lives of her family, and beneath her gentleness, an undaunted and indomitable spirit, is perhaps the most vivid.

The leisurely English life, the crowded hours of the war, and the colorful incidents in the studios of Montparnasse are well told. The Strange Companions is a pleasant, entertaining, and, except for the suddenness of the ending, is a convincing story.

Final preparations for the annual cadet encampment, to be held in Valley, Nebr., May 29 to June 8, inclusive, are being made by the military department. The last regular drill at school, held Monday, May 20, was a regimental, in which Company B placed first, Company A, second, and Company D, third. A non-commissioned officers drill was held on Wednesday, but there was no drill Thursday, and there will be none until the cadets assemble in order to march to the depot next Wednesday.

A dress parade will be held every evening at 4:30 o'clock, while the cadets are at camp. At 7:30 each evening during company drill the band will give a concert at the edge of camp. Visitors will not be allowed to enter the grounds, but they may view the activities from outside the fence on every day but Visitor's Day, when they will be allowed into the camp.

The gates will be open at nine o'clock on the morning of June 7, and visitors will be allowed to stay until eight o'clock in the evening. The first performance for the visitors will be an exhibition guard mount at one o'clock. The cadets will be free to visit with their guests until three o'clock, at which time the annual competitive drill will be held, including battalion drill, individual competition among the three best drillers from each company, and company drill, both close order and extended order.

Masters Speaks to English Pupils on American Epic

To make clear the "Song of Hugh Glass," an epic concerned with the American fur trade, which is to be studied by the English VI students, J. G. Masters gave a talk on its background, Tuesday, May 14, in room 439.

He talked first about the geography of the middle western part of the country, naming the chief rivers and locating forts and trading posts. Mr. Masters declared that the Platte river is a beautiful mountain stream as it flows northward in Wyoming, although the river, as it flows through Nebraska is a yellow, sluggish stream. He also stated that the Missouri river was the main highway for the trappers and traders during the first five decades of the nineteenth century.

Mr. Masters then told of the Ashley-Henry expedition, of which Hugh Glass was a member. He told how the men went up the river with two keel boats, which were "cordelled," that is were pulled by a tow-line by men on the banks of the river.

The supplies of the trappers, according to Mr. Masters, were their traps and ammunition, and beads, mirrors, and other things to trade with the Indians for furs. They did not take much food with them, aside from coffee and salt, as they killed animals as they went. They took very little clothing with them, but used buckskin to make their clothes.

The lecture was given each hour Tuesday except first and fifth, and is given every semester for the benefit of the English students.

Harriette Acer '29 will return to New York City the week after graduation. She has been spending the winter with her sister, Mrs. Sidney Cullingham while attending Central.

Track Meet Opens Competition In Mid-Missouri Valley Conference

First Annual Mid-Missouri Meet May 25

Omaha Central, Tech, Lincoln, Abe Lincoln, St. Joe Meet at Tech
Lincoln High Favorite

Five schools, representing the best track teams in Missouri, Nebraska, and Iowa will clash tomorrow in the first annual Mid-Missouri valley track and field meet at the Tech high oval. These five schools are Omaha Central, St. Joseph Central, Abraham Lincoln (of Council Bluffs), Omaha Tech, and Lincoln high. St. Joe Central is the Missouri champ, while Lincoln is the track king in Nebraska. Tech is the city titleholder and Abe Lincoln has one of the strongest teams in Iowa.

The meet, therefore, promises to be featured by some very outstanding performances. The fans will not have the opportunity to see the best of the Bluffs stars in action as they are entered in the Iowa state track meet at Iowa City.

Central Should Score

In the individual events the Central squad should fare well, as it has several performers who have made good marks in previous meets. Wilhelm should show up well in the 440 and broad jump if his injured leg responds to treatment. Coach Schmidt has decided not to enter the Captain in any other events, fearing that if he does "Wilb" will not make a very creditable performance because of the strain on his leg. The Purple has no outstanding entrants in the hurdles. These are coached to Wahlstrom or Lanyon of Tech as "Babe" Moulton of A. L. will be in Iowa City. The high jumpers will probably divide the points unless the St. Joe outfit has several outstanding leapers.

Poff Good in Shot

In the weight events, the Omahans should find easy going with Poff the top heavy favorite in the shot, Wilkes in the discus, and Jones in the javelin. Peterson of Tech, Gloe of Central, and Rapp of Tech should garner points in these events. Gordon should place in the pole vault, and Pulos may soar high enough to get a place.

In the 880, Bledsoe of Central and Dixon of Tech will renew their rivalry which started last Saturday. Price is the outstanding miler in the Eagle's camp and should win points for Schmidt's aggregation. Nelson should also place. The Purple, therefore, should make a creditable showing. The Purple relay teams are among the strongest entered, and they should place near the top. Lincoln and St. Joe are favored to cop the team title.

When Patsy Young, 13 years old and a freshman of Central, defeated Marjorie DeWald, a sophomore, on Wednesday, May 15, at Elmwood park, she won for herself the first high school girls' golf tournament and the silver loving cup, presented by Mrs. Mark B. Levings.

At the mass meeting last Thursday, May 16, Mrs. Levings gave the cup to Patsy, who is the daughter of Blaine Young, former state golf champion. The cup will be kept by Patsy until next year when the winner of the second tournament will receive it.

Captain and Coach of Purple Nine

Meet "Ronnie" Bruner, left, and F. Y. Knapple, right, captain and coach of the 1929 Central High school baseball team. These two are mainly responsible for the successful baseball season that the Purple has had this year. Captain Bruner is one of the leading pitchers in the league. "Ronnie" has won five games and lost two. He has recorded victories over Creighton, Tech, North, and South, while his two defeats were to North and Creighton. Mr. Knapple is also head football and basketball coach.

Central to Enter Team in American Legion Ball Meet

"We should have a Class A-1 team in the tournament this year." Such is the statement of Coach "Skipper" Bexten after the first tryouts had been held for places on the American Legion baseball team at the Central cage last Saturday morning. Over 18 candidates appeared for the initial tryout and Mr. Bexten was elated over the prospects.

With Jorgenson, Johnson, Binkley, Giagrasso, and Ferber from last year's team returning again and several other promising candidates turning out, the team should go far toward winning the city championship. Several very promising candidates from grade schools are trying out for the teams, and should develop into fine players.

The team is practicing every night after school in the cage and every Saturday morning at the same place. The team is not picked by a long way, and the "Skipper" is hoping that many more men will turn out. Entries do not have to be in until June 1, so all baseball aspirants come out to the Central cage and try out for the Legion team.

Plans for a summer school program should be made by Friday of this week at which time a vote will be taken to determine the subjects to be given this summer at Central.

Rodney Bliss Wins First in Top Flight

After playing his way through several rounds of tough competition, Rodney Bliss, captain of the Central golf team, has crashed through to the championship of the first flight of the school golf tourney, and now he has only to defeat the undecided winner of the second flight to be crowned champion of the school.

In winning his title in the first flight Bliss accomplished what no other golfer in the high school league has been able to accomplish. He downed Perry Garver in the semi-finals of the flight, 3 up and 2 to go. "Rod" has been one of the mainstays of the squad since his entrance in Central. This year he was chosen to captain the Purple team. He has been a consistent point winner and has a very low average score in his matches to date.

In the finals of the flight, Bliss defeated Bob Clarke, his teammate on the school team. Clarke had also played through some tough competition but found Mr. Bliss a little too good. In the second flight, Howard Wilcox, a sophomore, has advanced to the finals and will play the winner of the Chaldwell-Ellis match to decide the championship of the flight.

The winner of this flight should prove an able man to take the place of Marvin Rexford, the only member of the Eagles squad who is graduated this June.

Tech Track Team Takes Inter-City Track, Field Meet

North Trackmen Upset Dope by Placing Second; Eagle Squad Finishes Third.

A well balanced and powerful track team wearing the Maroon of Tech had no trouble in annexing the intercity track and field meet which was held last Saturday, May 17, at Tech field. The Maroons swept through the field scoring an imposing 73 1-12 points.

The North High trackman pulled the biggest upset of the day by nosing Central out of second place in the history of the city classic that a Central team has finished lower than second place. The Vikings scored 38, 7-12 points to the Purple cinder-path artists, 36 3-4; thus giving the Eskimos more than a two point margin over the Eagles.

The 100, 220, and 440 yard dashes were all won by Northmen. The Vikings showed unexpected speed in taking these events. Wallace of Central placed third in the century, while Captain Wilhelm, despite an injured leg, finished third in the quarter mile.

The hurdles were swept by Tech. The Maroon timber toppers finished first and second in both the high and low hurdles events. The Eagles showed up better in the long runs. Bledsoe took second in the 880 yard dash, and Niemann placed fourth. Price won second place in the mile run.

In the field events the Eagles performed very creditably. Poff won the shotput and took third in the discus. Willard won first place in the broad jump and tied for fourth in the high jump; Gloe captured third place in the javelin throw. Booker Gordon, freshman, vaulted to second place in the pole vault. Captain Wilhelm, state broad jump champion, was able to win only third in his favorite event. This was due to his leg injury. The 880 yard relay team finished behind North and Tech, but the Purple mile relay quartet turned the tables on the field by winning first place. The Eagle trackmen will close the season tomorrow with the Mid-Missouri Valley track meet at Tech field.

Three brave, bold, bad men will journey to Valley, Nebraska, on Sunday afternoon, to bathe in the refreshing waters of the famous Brass Lake.

The only reason that these three brave, bold Phantoms have not previously betook themselves to this beauty spot of the middle west is that on such occasions when they had planned an early season dip into the depths of this swimmin' hole they had received the inspiration too late, and had not had time to thumb their way to Valley.

As the end of the school year approaches, the spring athletic teams bring their seasons to a close. This year the Central tennis and golf teams have had unusually successful years. The Purple niblick artists ended in second place in the city league, suffering only one defeat in four matches. This loss was to the champion Benson team which swept through the season undefeated. The Purple golfers scored 30 points while holding their opponents to 8.

The Eagle racquetters ended the season in a tie for first place with Tech. The team lost only one match. This was to North with the regulars out of the lineup for taking part in the "sneak day" festivities. Thomson, Goldner, and Zoesch were the mainstays of the racket team, while Bliss and Garver were the outstanding performers for the Eagles in golf.

Margaret Gloe Wins Girls' Tennis Tourney

Margaret Gloe '30 won the Central High school girls' tennis tournament Saturday, May 18, by a victory of 6-4; 9-7 over Esther Weber '30, runner-up.

Both girls are placed in the city tennis tournament played in the court on 39 and Cumings Street at 7 A. M. the last four days of this week. Margaret Gloe's opponent whom she defeated 6-1; 6-1 on Wednesday, May 22, was Ruth Ratliff from North High school. Through the result of this game, Margaret gained the position opposite Natalie Bartlett from Tech in the second round, played Friday, May 24.

On Thursday, May 23, Esther Weber opposed Audrey Bartholomew, the former city champion from Tech. The finals of the tournament will be played on Saturday morning, May 25.

Central Ball Team Overwhelms South Nine by Large Score

Bruner, Giagrasso Pitchers for Central; Rhoades Fooled by Hidden Ball Play.

With the blood of Tech still dripping off their beaks, the Eagles swooped down on the South stronghold at Athletic park Thursday, May 16, and completely demolished the Packer team by the score of 7 to 2. While the Knapplemen were drubbing South, Creighton with Henningson pitching dropped an 11 inning contest to North by a 3 to 2 score. Creighton's loss and Central's victory puts the Purple in first place in the standings with a half game lead over Creighton.

Giagrasso started the hurling for the Eagles, but after the first inning Bruner relieved him on account of a slight injury. Bruner finished the game nicely, allowing 8 hits, two runs, and no walks, most of the hits coming in the sixth and seventh innings. Bruner by winning this game has one of the best pitching averages in the city.

Central started a four run scoring spree in the fourth inning when "Rookee" Condon, who was substituted for Carlsen, singled, bringing in Lungren when there were two outs. Gloe walked and Haynie hit to left field scoring Condon. Rhoades doubled bringing in Gloe but was caught in a hidden ball play off second. The Eagles garnered two more runs in the fifth and one more in the sixth.

The fielding honors of the day went to Means who accepted 12 chances with only one error which was an overthrow on first. The Purple infield worked like a machine making only two errors and completing two double plays which were both started by Bruner. Batting laurels went to Condon who registered two hits in as many times up. Giagrasso and Bruner each got two hits out of four times up to bat.

Central 0 0 0 4 2 1 0-7
South 0 0 0 0 0 1 1-2
Runs—Levinson, Bruner, Lungren (2), Condon, Gloe, Haynie, Zeiger, Hemple. Home run—Zeiger. Two-base hits—Hemple, Rhoades. Stolen bases—Levinson (2), McGuire. Blankship. Prep Ball Nine Beats Central in Title Game

Eagle Ball Team Loses Chance to Win Championship in City League

Henningsten Stars

After winning five consecutive games, the Purple baseball machine suddenly developed engine trouble and dropped a game to Creighton Prep by the score of 7 to 3 at 32 and Dewey, Tuesday, May 21. By losing this game, Central dropped a half game behind the Pepsters, and to tie Creighton for the championship, the Eagles must defeat Tech, Thursday, May 23. If Central beats Tech, Thursday, a playoff for the city championship between the Knapplemen and the Hickeymen will take place sometime next week.

Central Errors Costly

Ronnie Bruner, although hit frequently, pitched a good game considering the poor support he received. The poor support was mostly due to the bad condition of the field which was very rough and bumpy, plus all the bad breaks Central got. Most of the 11 hits Bruner allowed were in reality, errors, but, because of the condition of the field, they were counted as hits.

Fail in Pitches

The Eagles were not idle with the bat for they pounded Henningsten for seven hits. Central threatened to score continually, but failed to hit when hits were most needed. "Dusty" Rhoades featured in Central's offense by getting two hits out of four times at bat and scoring two runs which were mostly due to his flashy base running. Giagrasso, watching Rhoades, followed his method of base running and thereby scored the other run. Giagrasso hit Henningsten two times out of three times at bat while "Big" John Gloe did likewise. Both Giagrasso and Gloe played a bang up game.
