

Meet the  
**GENERATION "C" CHAIR**  
Leslie Gotch, CHS 1964

With 27 years of consecutive giving, Leslie Gotch has never wavered in his support of Central High School.

Born in San Diego to two WWII Navy veterans, Leslie, the eldest of five children and his family moved to Omaha in 1952. He attended Pickard, Belle Ryan, and Jackson Elementary Schools. "I

could not wait to get to Central High School in 1960. My grandmother had just retired as the pastry cook in the cafeteria, so when I went through the lines, the ladies would sometimes put a brownie or piece of cake on my tray and not charge me the 7 cents!"

Leslie has fond memories of his time at CHS. "I loved being a student at Central - the opportunity to be able to study several courses with different teachers was exciting. My teachers taught me to be a critical thinker which was integral in my future career as a computer security engineer."

His talents were in high demand by not only the private sector, but also the U.S. military. "My company produced a specialty product that would scan every email and file passing through the network. This product was incorporated into the military's new messaging systems used on bases from Qatar to Pearl Harbor. Eventually my customers included NATO, The Department of State, and other intelligence agencies."

While at Central, Leslie participated in activities outside the classroom. "I was very involved in the JROTC program. I was on the crack squad rifle drill team for two years and the Hussars my senior year. The Hussars were a precision drill team that performed at the Aksarben coronations."

Now enjoying his retirement, Leslie continues to value the importance of education and giving back to his community - core values he learned, in part, during his time at Central High School - he volunteers at the information desk at a local library and went back to school to study five international languages.
